Course Introduction

Intermediate Photojournalism prepares you for future work in the professional world of photojournalism (newspapers, magazines, online and other publications).

This course addresses the three foundations of photojournalism: quality of content, command of technical elements and the ability to meet deadlines. You will learn about “photo” with an emphasis on “journalism.” You will also develop your creative eye and your vision while learning to make creative decisions with your camera.

Assignments are fast-paced and deadline driven. Assignments include features, sports, portraits, news, stories and a multimedia project.

This course offers challenges that ultimately provide you with basic fundamentals and creative story telling skills that will serve you in the professional field.

The work in this class will help build your portfolio and prepare you for internship opportunities.

One of the goals of this class is to get some of your work published. You will have at least three to four assignments that will be published this semester.

Course Objectives/Outcomes

- To improve your visual story-telling skills
- To understand and cover diversity in your community
- To produce assignment work on deadline
- To shoot, shoot and shoot some more. This is a shooting class
- To produce images/stories that will enhance your portfolio
- To develop your research, reporting and writing skills
- To develop your understanding of ethics and fairness in photojournalism
- To develop multimedia skills
- To publish your work

Class Time

This class will feature lectures, presentations, editing sessions and critiques. The majority of the learning in this class will come from shooting and critiques. See weekly schedule for assignments and respective due dates. Any changes to the schedule will be announced in class and posted to Moodle

Students will be expected to participate in class discussions and critiques. If you are absent, you will be expected to learn the material that you missed from a fellow student. Arrive to class on time and be prepared for the day's agenda. Attendance will be taken and points are deducted from the final grade for unexcused absences and repeated tardiness.

LAB

There is not lab for this class. However, there will be a mandatory 3-hour Final Cut Pro workshop during the middle of the semester. Date TBA.

Suggested Texts

Kobre, Kenneth. *Photojournalism: The Professional's Approach*, 6th ed. Boston: Focal Press, 2008.
Kobre, Kenneth. *Videojournalism: Multimedia Storytelling*, Boston: Focal Press, 2012.

Equipment

You are *required* to shoot your assignments with a professional digital camera (DSLR) that has manual exposure control. We strongly recommend that you purchase a Canon or a Nikon.

You may want to also purchase a *dedicated strobe flash unit* for your digital camera. (Canon 320 EXII, 430EXII, 580EXII, 600 EX-Rt Nikon SB-600, SB 700, SB-800, SB-900, SB910) We'll review specific cameras and flash units in class.

Academic Honesty

IMPORTANT: Nothing that was shot before this semester may be turned in for this class. It is expected that you will turn in new work for each assignment in this class.

It is also expected that all work done in this class on photographic exercises, captions, quizzes, etc. will be your own.

Any act of academic dishonesty will result in referral to the proper university authorities or disciplinary action. Students must be familiar with the conduct code. The code is online at <http://www.umt.edu/SA/vpsa/index.cfm/page/2585>.

You may not submit for this course any assignment that has previously, or will be concurrently, submitted for another class, unless you receive prior approval from the professor for this course. To do so without permission will result in an F for the assignment and could result in an F for the course.

After Hours Access

Graduate Professional Program students:

You will NOT need to submit this form for Fall 2014 if you are a JRNL graduate student OR undergraduate student, already admitted to the JRNL Professional Program. Your security code has already been generated for the semester and your GrizCard has already been activated to enter the front doors of DAH. You will have continual access (during the semester) to DAH, until you graduate or drop from the Professional Program. If you have forgotten or misplaced your six-digit code, please see Andrew in DAH201 or call him at 243-4001 to attain it.

Drop Deadlines

<http://www.umt.edu/uac/adddrop.php>

Beginning the sixteenth (16) instructional day of the semester through the forty-fifth (45) instructional day, students use paper forms to drop, add and make changes of section, grading option, or credit. The drop/add form must be signed by the instructor of the course and the student's advisor. The signed drop/add form must be returned to the Registration Counter (or the Registrar's Office at Missoula College) no later than the **forty-fifth** instructional day. A \$10.00 processing fee is charged for each drop/add form. Added courses and credits may result in additional fees. There are no refunds or reductions of fees for courses dropped and grades of W (withdrew) are recorded.

Beginning the forty-sixth (46) instructional day of the semester through the last day of instruction before scheduled final examinations, students must petition to drop. The petition form must be signed by the instructor of the course and the student's advisor and, the dean of the student's major. A \$10.00

processing fee is charged for each petition. There are no refunds or reductions of fees for courses dropped, and the instructor assigns a grade of WP (withdrew/passing) if the student's course work has been passing or a WF (withdrew/failing) if the course work has been failing. These grades do not affect grade averages but they are recorded on students' transcripts.

Documented justification is required for dropping courses by petition. Some examples of documented circumstances that may merit approval are: accident or illness, family emergency, or other circumstances beyond the student's control.

Students With Disabilities

If you have a disability that you feel affects your performance in this class, please come see me and we'll create the right work environment for you. See www.umt.edu/dss for details.

Cell Phones and Text Messaging

If you bring your cell phone to class it must be in the off position. No text messaging allowed in class. If you are discovered text messaging you will receive a zero for that day – that includes any assignment that may be due that day. The same is true if you are on any electronic contact device.

Assignments

Your photographic assignments receive the most weight toward your final grade. Assignments will be discussed in class.

SINGLE ASSIGNMENTS – Classmate Portrait, Feature, Sports, Bounce Flash/Fill Flash
Slow Shutter at Night, Day of the Dead, Election News, Veterans Day, General and Spot News

STORIES - - Event Story and Final Portrait project

GROUP PROJECT ???

STORY IDEAS – proposals for each of your stories

You need to wait until we discuss each assignment in class *before* you photograph that assignment. You must shoot a different subject for each assignment. You may not select photos from a prior assignment for a current assignment.

Submission of Assignments

All photo assignments will be turned in electronically to the J-School Server.

For the single-picture assignments

1. Always shoot in RAW format.

2. For every assignment you will submit two files – one file will be in the Raw format, the other file will be saved as a TIFF file after you make corrections in Photoshop. The TIFF file will be 10 inches wide if a horizontal, 10 inches deep if a vertical, at 200 dpi.

Submit each image with the following slug.

Example: First image - Lurgio_portrait.NEF (for Nikon) or Lurgio_portrait.CR2 (for Canon). This means you need to make a copy of the original RAW file and rename that copy.

Second image - Lurgio _portrait.tif

3. Make a Photoshop Contact sheet in PDF format with all of your images from your shoot.

4. You will put the PDF and your final files in a folder slugged with the same name (Lurgio_portrait) Then you will place those in the Professors folder:

>Jeremy Lurgio, >J328 >Assignment Drop Boxes > Portrait.

*** Always back up your work!!! (either on DVDs or an external hard drive or both.) You are required to keep backups – and not on the server.

*** *Story and town project submissions will be addressed later in the semester.*

Deadlines

Assignments must be submitted on the **server** no later than one hour before class on the due date. A late assignment is one that is turned in after the deadline.

All late assignments must be turned in on time or you will receive a zero.

Grading

Assignment Grades: Points will be earned for each assignment based on photographic quality, versatility, consistency, human interest, news value, originality, captions, deadline and submission requirements. As with anything in life there are always a number of solutions to each assignment, there is no one right answer.

Points

		GRADING SCALE	
45	Class attendance and participation	A	93 to 100%
20	Classmate portrait and Slow shutter(10 pts. each)	A –	90 to 92%
160	Eight photo assignments (20 pts. each)	B+	88 to 89%
10	Event proposals	B	83 to 88%
40	Event Story	B –	80 to 82%
20	Final Project proposal	C +	78 to 79%
20	Final Project Audio Interview	C	73 to 77%
50	Final Project Picture update	C –	70 to 72%
20	Portfolio images	D+	68 to 69%
100	Portrait/Personality Story Resume	D	63 to 67%
		D –	60 to 62%
		F	59% and below

485 Possible Total

Possible Bonus Points

Resubmissions

There are no resubmissions for this class. This class simulates a newsroom environment and many of the assignments are time sensitive.

Supply List

MANDATORY

Compact Flash cards (we recommend several 8GB or 16GB or 32 GB cards)

A portable external hard drive for backing up and storing your work. We recommend at least a one terabyte drive with USB 2.0 and Fire Wire 400 and Fire Wire 800. If you can afford it look into the newer and super fast Thunderbolt.

HIGHLY RECOMMENDED

35mm digital SLR camera, with a manual mode or a choice of manual and automatic modes, and a 50mm lens. More lenses are better (a wide angle and a telephoto.)

Dedicated flash unit for your camera

Nikon - SB-900, SB-800 or SB-600

Canon - 580EXII, or 580 EX and 430EX or 430 EXII

Off camera shoe cord: check compatibility of sync cord connections from flash to camera.

Batteries for your flash unit. We recommend NIMH AA rechargeable batteries.

CF or SD card reader

Tripod
