1971 UM SUMMER SESSION WILL BE JUNE 21-AUG. 20

MISSOULA --

Dates for the 1971 University of Montana Summer Session, including the annual UM summer recreation program, have been announced by Dr. Walter C. Schwank, summer session director. The first 4¹/₂-week session is scheduled for June 21-July 21 and a second 4¹/₂-week session for July 22-Aug. 20. A nine-week session will run from June 21-Aug. 20.

Regular summer classes are conducted at UM during each year, with academic offerings in the College of Arts and Sciences, Schools of Education, Fine Arts, Business Administration, Journalism and Pharmacy. A number of clinics, workshops and seminars supplement the regular class offerings.

More than 30 visiting faculty members will supplement the regular UM faculty in the presentation of summer session curricula.

The summer session recreation program at UM includes academic and non-academic offerings, with college credit available for a number of the classes.

Offerings include backpacking, river floating, family camping, ghost town visitations, lake, park and mine tours, horseback pack trips and backpack hikes.

The programs are open to faculty, staff, students and the general public with no limit on the number of classes that can be attended.

The recreation program is cosponsored by the UM Department of Health, Physical Education and Recreation, the U.S. Forest Service, Montana State Forestry Department and Montana State Fish and Game Department.

Joel Meier, a UM HPER recreation specialist, assisted Dr. Schwank summer recreation program planning and he will codirect the recreation program.

Further summer session information may be obtained from Dr. Walter C. Schwank, Director of Summer Session, University of Montana, Field House 219-A, Missoula, Mont. 59801.
