CENTRAL BOARD MINUTES
Jan. 9, 1945

The meeting was called to order and the minutes of the previous meeting, Dec. 12, 1944, were read and approved.

There were no committee reports but the By-Law Committee is to report on their progress soon.

Burdick explained that the reason for no work being done on the proposed skating rink was due to the fact the machinery could not be obtained from the city during the holidays also the weather was too warm. Various other suggestions such as improving the tennis courts were made but no action was taken.

Irene Caras and Anne Frasier asked on behalf of Betterments Committee if it was alright for this group to ask Cyril Van Duser to be their advisor. She will merely sit in at the meetings and will not be an actually member of the committee. Since there is no objection in their by-laws, it is permissible for them ot ask anyone to be a councilor.

Burdick read a letter from the student body president of the University of Washington asking if we were interested in sending representatives to the Pacific Student Presidents' Association meeting, April 20 and 21, in Seattle. Further information will be obtained and the matter will be discussed then.

Burdick brought up the plan for a Heidelberg Party in the spring but no action was taken because this does not seem the proper time to plan such a party.

Mr. Badgley made two suggestions, first, that some sort of entertainment be planned for between the halves at the basketball games and second, that we have a baseball team this spring.

Burdick was given permission to ask some organization such as the Spurs to take care of the entertainment. It will cost about $1,500 to equip a baseball team and it is possible to fix up a schedule for this spring but no action was taken on this measure because the question of the expenses was not settled.

Meeting was adjourned.
