CENTRAL BOARD MINUTES
Feb. 13, 1945

Meeting was called to order by the President and the minutes of the Feb. 6 meeting were read and corrected. Correction concerns the third paragraph which is to read: Badgley said that he had talked with Dalberg and Miller and they agreed that it would be better not to plan on a baseball team this spring. This sport requires more men for a team and at present, Dalberg is finding it difficult to get enough men to report to make up a complete basketball squad.

Sackett reported that all the by-laws and amendments passed since 1941 up to the present have been gathered and will be compiled in a separate book.

Colleen McCool and Jean Milograd asked Central Board’s approval and support of a Coffee Hour to be held once a week for the purpose of improving student-faculty relations. A program of this nature should be handled by the Betterments Committee which has not been active this year. The general opinion of the group is that this committee should be revived so Castle suggested the girls get in touch with Jean Richards, head of the committee and get her to start work on this measure during the week. This suggestion was accepted and a report will be made at the next meeting.

Meeting adjourned.

Sue Smartt,
Secretary
