The meeting was called to order by President Jack Cuthbert and the minutes of the February 1 meeting were read and approved.

Cuthbert announced that President Leaphart has granted permission to conduct a survey of student opinion regarding the soldier vote bill at nine and ten o'clock classes on Wednesday, February 9. Hansen, Plumb, Dillavou and Phillips will distribute and count the ballots.

Phillips reported that the committee on service certificate awards had decided that there is no universal campus need for, or basis for conferring such awards, and that it would be more satisfactory for individual departments to make the awards with the consent of Central Board.

Badgley suggested that the Football Scoreboard Fund of $100, which was established by the Bear Paws two years ago, be invested in War Bonds until it becomes possible to use it as originally planned. Hansen moved that Central Board donate $112.00 to the Football Scoreboard Fund and that the total fund of $112.00 be invested in a $100 War Bond. Dillavou seconded the motion and it carried.

Meeting adjourned.
