President Jack Cuthbert called the meeting to order and the minutes of the February 29 meeting were read and approved.

The distribution of tickets for Community Concert programs was discussed. Badgley moved that tickets be issued in advance for the next Community Concert program. Hansen seconded, and the motion carried.

Pearson suggested the possibility of a post-war planning program in which students may participate, and upon his request, Briggs explained the function and plans of the Faculty Curriculum Committee, of which he is a member. He stated that that Committee is soliciting student opinion and will be asking for more suggestions from the students in the future.
