225 HIGH SCHOOL STUDENTS TO ATTEND
MUN SESSION AT UM THIS WEEK

MISSOULA--

About 225 Montana high school students will participate in the eighth annual Montana Model
United Nations (MUN) General Session at the University of Montana, Missoula, Thursday through
Saturday (March 29-31). The 1973 MUN will be held on the third floor of the University Center.

According to Kathleen Sullivan, UM journalism student from Missoula, who is secretary
general for MUN, the session was organized by 20 UM student volunteers, who will also perform
administrative functions during the three-day program.

MUN registration will begin at 1 p.m. Thursday (March 29) in the University Center
Ballroom. The public is invited to participate in the three-day program. Copies of the
schedule of events are available at the University Center Information Desk.

Sullivan said this year's meeting will feature a simulated world crisis involving four
or five countries.

"The high school students participating in the MUN also will submit proposals to the
General Assembly as solutions to the problems faced by various nations," she said.

Also included in the MUN meeting will be a world press exhibit made by University
students and UM faculty members from the Department of Foreign Languages and School of
Journalism.

The MUN General Assembly was established primarily as an educational project to inform
high school students about the United Nations and to give them experience in public speaking
and diplomacy.
