FRIDAY, JANUARY 27, 1939. VOLUME XXXVIII. No. 35

## Sigs Trounce SAE's; PSK Wallops ATO

Phi Sigma Kappa submerged Alpha Tau Omega, 54 to 22, and Sigma Chi trounced Sigma Alpha Epsilon, 35 to 18, in last night's Interfraternity basketball to advance into a two-way tie for second place. Mavericks, not playing, remained in first place.

Phi Sig-ATO game started with the Phi Sigs going into a lead they held throughout the game. Half-time score was 30 to 10. Stoebe, Phi Sig, was high-point man, scoring 13 points, followed by Smith and Clarkin with 10 each. Hagen, with 11 points, was high for the ATO's.

Clarkin, Robins, Stoebe, Smith and Sharfe played good ball both defensively and offensively for the Phi Sig quintet. Rolston and Christenson held up the ATO defense, Hagen, Morrow and Rolston scoring on the offense.

SAE's started with the lead in their game, but the Sig five led, 13-9, at the half. Sigma Chi piled up its margin in the last half.

Warren led Sig scoring with six baskets, Dorich and Emigh in second place, scoring eight points each. Nelson, with seven points, led the SAE's. Dorich, Warren, Emigh, Dolan and Duncan led the Sigma Chi's to victory. Nelson, Peterson, E. and P. Roberts headed SAE offensively, Sparks aiding on defense.

McCulloch and Miller officiated both games.

Standings:

Team—	W.	L.	Pct.
Mavericks	3	0	1.000
Phi Sigma Kappa	3	1	.750
Sigma Chi	3	1	.750
Phi Delta Theta	2	1	.666
Sigma Nu	2	1	.666
Theta Chi	1	2	.333
Alpha Tau Omega	1	3	.250
Sigma Alpha Epsilon	1	3	.250
Sigma Phi Epsilon	0	4	.000

## Church Council Is Contemplating Game Exchange

Learning folk dances of other countries and the making and exchanging of indoor games by church groups was discussed last night at the Inter-Church council meeting on recreation leadership at the home of Rev. Harvey F. Baty, Inter-Church pastor.

Sixteen student representatives from the Baptist, Congregational, Lutheran, Methodist and Presbyterian churches were present to give suggestions for better recreational programs in the individual organizations.

Each group will make an indoor game such as darts, Chinese checkers, ten pins, peg game and indoor horseshoes and exchange them. Shuffle board, paddle tennis and ping-pong games will be borrowed from the Missoula Recreation department for use in the churches.

The council, working in conjunction with the field laboratory in social work, is directed by Alleyne Jensen, Sidney. The next meeting will be February 23.

Druids, senior forestry honorary, met Wednesday night at the home of Professor J. H. Ramskill.

## Shannon Leads Women's Team In Rifle Victory

Led by co-Captain Peggy Shannon, who fired a sparkling 281, University women defeated Fort Missoula No. 2, 2398 to 2391, in a close match shot on the ROTC range last night.

Shannon scored 98 prone, 94 sitting and 89 kneeling to be high scorer of the match. Mary Catherine Fickes was runnerup with a score of 280. Wynn was high for the soldiers with a 279 score.

University women and scores were: Peggy Shannon, 281; Audrey Darrow, 268; Dorothy Murphy, 266; Carlobelle Button, 254; Grace Jean Wheeler, 277; Mary Katherine Fickes, 280; Doris Gaewin, 252; Shirley Timm, 248, and Corrine Seguin, 272.

Scores for Fort Missoula No. 2 were: Wynn, 279; Henry, 273; Fay, 246; Gibbs, 270; Chandler, 256; Douglas, 275 Gates, 269; Garner, 268, and Proudfoot, 275.

## Paper Chemistry Will Be Subject Of Picture Talk

Dean Harry F. Lewis of the Institute of Paper Chemistry, Appleton, Wisconsin, and world authority on cellulose and paper chemistry, will give an illustrated lecture on "Pulp and Paper Chemistry" at 1 o'clock this afternoon in the Journalism auditorium.

Dr. Lewis' lecture will be of general interest and especially recommended for forestry, botany and chemistry students. The Alchemist club made arrangements for the talk. All who are interested are invited to attend.

Lewis gave several lectures when he was a visitor on the campus two years ago.

## Council Picks New Officials

Josephine Maury, Butte, was chosen secretary to succeed Ellen Mountain, Shelby, at Student-Faculty council's election last night in the Law building. Walter P. Coombs, Missoula, and Bill Scott, Great Falls, replaced Helen Hyder, Philipsburg, and Creswell Pigot, Roundup, on the steering committee.

Leroy Purvis, Great Falls, was re-elected president. Other officers re-elected were Faith Embrey, Great Falls, vice-president, and Eileen McHugh, Townsend, steering committee member.

Student-Faculty's delegates to Campus Congress will be chosen at the next meeting, February 9.

## That's All There Is; No Room for More

"We just can't put them in the gym," said Chief Push Joe Pomajevich yesterday, explaining that the foresters have sold all their tickets and cannot take any more reservations.

"We have about 40 reservations now," Pomajevich said, "and we can't possibly fill more than seven of them. No more tickets, no more reservations and no tickets sold at the door!"

## Juvenile-Magazine Editors Favor Educational Fiction

"Action stories and industrial stories covering children's participation in adult activities is a form of fiction much in demand among publishers," said Mrs. Agnes S. Flint, former fine arts student, who recently returned from a trip east. "Good junior literature material is highly desired but difficult to obtain."

"Pre-school age stories are good, and one of the editors of Houghton, Mifflin Publishing company said that a good pre-school age story offers the greatest challenge of all," Mrs. Flint added.

Mrs. Flint spent two weeks visiting various publishing companies in Boston, and some time in New York visiting friends. In New York she attended a number of plays and in Washington

she interviewed Department of the Interior officials.

"I was pleasantly surprised," said Mrs. Flint, "to find myself sitting across the aisle from President Roosevelt and his family at Christmas services. I think the President's face in relaxation reflected serious concentration."

From Missoula Mrs. Flint will go to her home in Browning for a few days and then return east.

## Here Is Music For Everyone

"Music, Maestro, please!"

Anyone who got a complete answer to this request from Professor Stanley M. Teel would have to sit through 16,000 minutes of recorded music from the Maestro's collection.

Montana's School of Music has collected and received from the Carnegie Foundation more than two thousand records ranging from modern swing numbers to grand opera, from symphony orchestras to Congo pygmies.

Anyone who wants to take in all the records at one hearing must be prepared to spend more than eleven days in the music room in Main hall. Bring your own lunch.

## Skitters Develop Member System; To Issue Cards

Organization Will Give Workers Points for All Activities In Productions

Skitters meeting Wednesday developed a point system by which members will qualify as actives and pledges. Membership cards will be issued to any interested person.

The point system accepted was directing and writing, three; acting, two; production, costume and property managers, one each. Two points will be given for serving on two committees. A total of 10 points is necessary for active standing. Membership cards entitle a person to be a pledge.

Cards may be purchased from either Adele Hemingway, Butte, or Emma Lou Mason, Helena.

New officers of Skitters this quarter are Adele Hemingway, secretary, and Katherine Sire, Belt, script chairman.

Miss Mason, student manager, explained the organization of Skitters to the group.

"Skitters is a Student Union project for those interested in dramatic work," Miss Mason said. "Anyone may be a member. Our purpose and objective is to act as a service organization to clubs on the campus and to give skits whenever asked."

"Boys are particularly needed," Miss Mason concluded.

## SX, PDT Take Debate Contests In League Race

Phi Delta Theta and Sigma Chi debaters, arguing the negative side of the question "Should Roosevelt Be Elected for a Third Term," defeated Maverick and Sigma Alpha Epsilon teams respectively in the second round of the Interfraternity Debate league last night. Phi Sigma Kappa and Theta Chi won by forfeit from Sigma Nu and Sigma Phi Epsilon.

George Luenning and Warren Vaughan were Phi Delt debaters while Glen Nelson and Ed Jewett upheld the Maverick side. Dick Wilkinson judged and John Pierce was chairman of the debate.

Sigma Chi debaters were Garvin Shallenberger and Bob Felt. Dick Engstrom and Clarence Hirling represented Sigma Alpha Epsilon. Louise Jarrusi judged the debate while Dick Wilkinson acted as chairman.

Four debates are scheduled for Saturday. Theta Chi will debate Sigma Nu, with Carter Williams judging, at 10 o'clock in Library 102. In Library 103 at 10 o'clock, Phi Delta Theta will oppose Sigma Phi Epsilon, with Mary Templeton judging.

Alpha Tau Omega will debate Mavericks at 2 o'clock in Library 102 and Fred Dugan will judge. Phi Sigma Kappa and Sigma Alpha Epsilon will debate at 2 o'clock in Library 103 with Leroy Purvis judging.

John Pierce, debate manager, says all debates are open to students and urges that they attend.

## PICTURE APPOINTMENTS MUST BE ARRANGED SOON

Senior pictures for Independents will be taken starting February 1. Beginning today at 1 o'clock, seniors may make appointments for pictures at the Sentinel office. The final deadline for pictures will be February 15.

## Pharmacy Chairmen Are Picchioni, Hoppe

Ann Picchioni was appointed chairman of the entertainment committee and James Hoppe was chosen chairman of the location committee for the annual pharmacy banquet at the Pharmacy club meeting Wednesday in Science hall.

The banquet will be given February 10 at a location chosen by the committee.

## Gopher Five Adds Names To Conclave

Five delegates from the University of Minnesota Forestry club will attend next week's forestry club conclave, it was learned by Chairman Bob Stoebe today. Minnesota raises the total of clubs to 10, including Montana.

Early correspondence with Minnesota indicated there would be no representation from that club.

Word is expected soon from both the University of California and Colorado State college as to the possibility of delegates from these schools.

## Three More Students Confined With Colds

Bob Thornally, Chicago, and Bill Holt, Helena, were confined to the Thornton hospital yesterday with colds. Melba Mitchell, Roundup, was admitted to St. Patrick's hospital.

Barbara Conway, Chinook; Helen Brumwell, Whitefish, and Jack Brazelton, Helena, were released from St. Patrick's hospital yesterday after recovering from colds.

## Cubs Overcome Hamilton, 61-29

University Cubs swamped Hamilton Lions independent quint last night at the valley city, 61 to 29. Led by Bill Jones and Willy DeGroot with 18 and 14 points, respectively, the Cubs checked closely, passed smoothly, and never were led by the Lions.

Cubs used two separate teams, as did Hamilton. Potter led the Cubs seconds with eight points. It was the freshmen's second victory of the year from independent clubs.

The lineups:	
<b>Cubs (61)</b>	<b>Lions (29)</b>
Swarthout (4)	Strate (4)
Nummerdor	H. Marx (5)
Forwards.	
Fairbanks (4)	Moore (2)
Center.	
Croswell (2)	LeSeur (1)
Potter (8)	B. Marx (3)
Guards.	

Substitutions — Cubs: DeGroot (14), Jones (18), Jens (7), Bryan (1), Buettner (3). Lions: Hughes (2), Rohecrans (7), Van Blaricom (3), Wylie (2).

## ROTC Unit Is Inspected

Lieutenant-Colonel H. P. Kayser, instructor with the organized reserves stationed at Helena, made an unofficial visit to ROTC headquarters Wednesday afternoon.

Colonel Kayser sat in on ROTC classes and made an informal inspection of facilities. Members of the senior advanced course class were presented to Colonel Kayser and asked him questions in relation to the organized reserves.

Colonel Kayser expressed himself as being pleased with the methods of ROTC instruction and complimented Colonel Eley P. Denison, professor of military science and tactics, on the fine appearance of the senior class.

# The MONTANA KAIMIN

Established 1898

The name Kaimin (pronounced Ki-meen) is derived from the original Selish Indian word, and means "something written" or "a message."

## Move England to Canada? — They're Thinking About It

In October when Britisher T. R. Ybarra printed an article, "England Moves West," it appeared to be the dream of a visionary. The idea was to move Great Britain's vital manufacturing plants, banking system, commercial trade, navy and governmental branches to Canada for safety from continental bombs—but it appeared too revolutionary to be practical in England.

Yet now R. A. Piddington, a master at Westminster City school, London, comes forth with another article, "How England Could Move West," after writing a book, "The Next British Empire." England, conservative England, evidently is considering a step so revolutionary that Americans find it hard to comprehend.

"Even those who admit the cogency of these arguments (for moving the centers of the empire) usually play the well-known last card of the procrastinator with the words: 'Yes, it's all very fine on paper, but how's it going to be done?'" Piddington said.

Piddington explains that first of all it must be realized there will be "no wholesale transfer of civilized peoples" from England to Canada.

Unlike the pioneers who settled North America, the new English emigrants will need an environment created for them, Piddington says. They must have work.

The Englishman holds that industry can "be transported to a new location as freely as a chessman." All that is necessary is to move the industry and the population will follow and will have work when it comes.

He proposes to do this through the creation of a new Empire Defense Force based in Canada for protection while the work is going on, the floating of new companies to develop Canada's latent resources and to obtain raw materials which are now imported by Great Britain and the modernization of English industry, transferring as much as possible of it to Canada.

Such a step is not so drastic. It would change nothing in the empire except the center of authority and activity. Government and industry would be the same. The stumbling block, of course, is the tremendous expense involved and the breaking of ties dear to the heart of every Englishman.

Should the plan be carried out, we can but wonder what influence it will have upon the world. In the meantime, English are dwelling on the thought of what an almost united Canadian, British and American front could mean.

## JANESTORMS

Dwayne Bowler was in one of those all-wound-up moods—feet perched on the journalism libe desk, puffing on an odious pipe, gesturing handsomely, and speaking loudly. Fil Pease was listening breathlessly to Doc's tales of childhood in the wildwood. Time after time Dean Stone cast annoyed glares in their direction. Bowler went on unconcernedly relating incidents of his past. The Dean rose, having been pushed beyond the endurance point, and bitingly remarked, "You must have been a beautiful baby." Glibly Doc shot back, "But, baby, look at me now."

A notice came to the Kaimin yesterday reading like this: "Lawyers: Please return our tuxedos. Co-ed is coming. Foresters." If Bud Vladimiroff had kept strictly to his business of advertising Foresters and stayed home to study the night

of Barristers his tuxedo would probably be right on hand.

Speaking of Co-ed, if we were Eso Naranche we would hold Pooch Aserlind to that date she stoogingly asked him for at convocations a while back. At that it took a lot of intestinal fortitude any way you look at it.

Doc Hesdorffer should be ashamed to limp through the halls after announcing that the health service would treat no students injured while skiing.

As long as Gullibill Davidson blew up over our banana coke crack we'll tell some more. Every week Bill writes a long sweet letter to his girl and every week the postman brings it back because Willie forgets she's in Milwaukee and addresses it to Missoula.

We know more. For further dirtails see next issue.

Alpha Phi announces the pledging of Marjorie McNamer, Shelby.

## Montana Will Seek Revenge Against Idaho Southern Five

**Grizzlies Hope to Even Score With Speedy Squad  
Which Triumphed at Home Last Month;  
Cubs, Bisons Also Tangle**

Montana Grizzlies, triumphant in three of their last four battles, snarl for revenge when they meet Coach Guy Wick's Idaho Southern Branch team at the university gym tomorrow night. Cubs and Great Falls Bisons, Montana high school conference aces, will clash in a preliminary game starting at 7 o'clock.

Idaho Southern comes here with four veterans and a fast group of first-year men. The Pocatello team defeated a tired Grizzly outfit at the end of their Rocky Mountain vacation tour, 30-29, last month.

Coach Wicks has a small but exceptionally speedy and clever squad of tossers, who screen their plays well, and depend on sharp breaking to score. Southern Branch has dropped two games to the Bobcats this year, one by a last-second basket. It will be the final home game for Coach Dahlberg's rejuvenated Grizzlies prior to their two-game melee with the State College Cats at Bozeman February 3-4.

With the sudden arrival of Don Sundquist as a hustling, rustling, scoring threat, Jiggs can put a well balanced aggregation on the floor Saturday night.

Sundquist tallied 18 points in the WSC double-bill to lead Grizzly scorers in the series. Lazetich regained total high-scoring honors with 169 points. A victory over ISB will hoist Montana to a .500 per cent average. They have now won 10 and lost 11.

## February 22 Will Be Date For Tourney

M club will present its annual boxing, wrestling and fencing tournament February 22 this year, President Jim Spelman has announced.

The bouts, sponsored by Grizzly lettermen each year in order to raise money for athletic scholarships, bring together the school's prime sluggers and grapplers.

Eliminations will start about a week before the tourney.

Last year Kenny Lewis won the M club trophy for the best exhibition, out-slugging Blaine Norman-deau in the 165-pound division. Other winners in the fist events were Pat Connolly, Frank Popiel, Al Thomas, Ernie Reed and Joe McLaughlin. Winning bone-wringers were Joe Crisafulli, Horace Leithead, Dutch Mussbacher and George Ryffel.

A list indicating the elimination brackets will be posted in the men's gymnasium soon.

### The University and the CHURCH

**Presbyterian:** The University class meets at 10 o'clock to continue the investigation into the educational systems of other countries. Glenn Mueller, Mary Quinn and Dorothy Hamilton will lead the discussion on Norway, Sweden and Denmark. Mary Templeton will be devotional chairman.

**Roger Williams Club:** "Question night" is planned with Rev. Harvey F. Baty answering any questions or problems of student interest. Questions may be turned in to Rev. Baty or brought to the meeting, which starts at 5:59 o'clock.

**Wesley Foundation:** Social hour

COACH JOHN SULLIVAN

Coach Johnny Sullivan and eight freshman hoopers left by bus this morning for Livingston, where the Cubs will tangle with Livingston high school tonight. Cubs move over to Billings Saturday night for a game with the Bronchos. The other half of the yearling roster, piloted by Monk Gedgoud, remains home for a clash tomorrow night against Great Falls high school.

### CORRECTION

Several of the statements appearing in the yesterday's story concerning the lecture of Louis Ornitz, returned veteran of the Abraham Lincoln brigade in Spain and former reporter for the New York World, were in error, according to International Relations club members.

The meeting at which Mr. Ornitz spoke was sponsored by the Missoula chapter of the American League for Peace and Democracy and was not sponsored by the International Relations club.

Mr. Ornitz pointed out that most of the stories concerning the murder and torture of religious leaders in Spain have been exaggerated. He said that the official estimate of the number of Catholic priests who had been killed on both sides did not exceed 350. This estimate was released to all newspapers from the Vatican in Rome and did not represent Mr. Ornitz's own opinion.

Previous to the evening meeting, Mr. Ornitz was the guest of the International Relations club at a banquet. Under its program the club has attempted to present to its members and to interested persons all sides of all questions regarding foreign affairs. The club, which is sponsored by the Carnegie Endowment for International Peace, has already brought to the campus Dr. Paul Dengler of Austria, Sir Herbert Ames of the League of Nations, Miss Julia Matouskova of Czechoslovakia, and Commander C. J. Doherty of the American Legion.

with refreshments at 5:30 will feature Wesley musical memories with Hugh Herbert, Louie Forgey, Howard Doyle and Margaret Miller. Dalene Willig will preside at the 6:30 o'clock meeting, "Journalistic Retrospect on Japan" by Dr. R. L. Housman, guest speaker.

## Whadja Say, John?

By JOHN CAMPBELL

For the first time in all time, a San Francisco university football team will play on Dornblaser field when the dashing Dons meet the Grizzlies this fall in the fourth annual struggle. If the SFU backfield men are exceptionally fast getting away and the linemen snappy in pulling out, then the reason will be the new deal which took place in California a little while ago. Dick Templeton, famed Stanford track coach, was hired as assistant grid coach by SFU officials who hope he will be able to lend a little technique to the Dons on how to develop that extra fast start and leg power. Oh well, Doug has got Hurry-up Harry Adams with him yet, so he should worry.

Foresters' ball has a big rival this year when it comes to popularity. Something which falls on the same night and which will attract not a handful of students, but scores, is the Grizzly-Bobcat hoop series in Aggieville. Informed sources have it that a large crew of M clubbers and other loyal Dahlberg well-wishers are traveling over the hill a week from today to watch the opening rounds of a shift in the state championship. They should see the Grizzlies get a little revenge for the indignities suffered on the Cat court last season. Playing the brand of ball they're capable of, the Bruin basketballers can win three of four games from Montana State, which miraculously beat Butte Mines by a point. Loss of Exum and Ogle makes a world of difference, but the Cats cannot be sold short.

Statistics show that Washington State made 34 baskets in 109 attempts against Montana for a commendable average of 31 per cent. The Huskies of Washington scored on 28 out of 121 tries for 23 per cent. Washington State, the better shooting team, will nevertheless lose to Washington. Head Man Dahlberg thinks Hec Edmundson's boys can get by WSC. "Washington State looked better against us, but I'm picking Washington to beat them."

### UNIVERSITY UTTERANCES...

Two fellows who rate high on the average co-ed's mythical date list are none other than Bill Lazetich and Bob Thornally—lucky idols. . . ## New Aviation Training Plans Get College Student Approval

By JOE BELDEN, Editor  
Student Opinion Surveys of America

College youth stands ready to do its part in the half-billion dollar rearmament program that President Roosevelt proposes for the United States. Specifically, seven-tenths of American college students today approve of the plan to train 20,000 civilian pilots a year in colleges and universities of the nation, a country-wide poll of the Student Opinion Surveys of America shows.

When the president asked congress to appropriate \$10,000,000 for training aviators in cooperation with educational institutions he was in reality allotting college men their part in the task of making the United States safe from the possibility of an invasion. The Surveys have conducted this scientific sampling exclusively for the Montana Kaimin and the seventy-six other sponsoring student newspapers throughout the nation.

Collegians everywhere have been asked, "Do you approve of President Roosevelt's plan to train an air reserve corps of 20,000 men now in college?"; 71.8 per cent have answered "yes" and 28.2 per cent have answered "no."

The figures represent the only barometer of public opinion on this question in the particular section of the population—college students—that will be affected by the proposal. Before the idea is tried the second semester with 300 volun-

teers in seven schools, authorities there and officials in Washington will know that it has the approval of the majority of the student bodies. Only three out of seven are against the program, the Survey indicates.

The preliminary courses will be offered at the Universities of Washington, Alabama and Minnesota, and at Purdue, Texas A. & M., Georgia Tech, and M.I.T.

Defense measures costing \$552,000,000 will call for an increase in the air force as one of the paramount points. More planes will mean more aviators. College men are always preferred; so campuses have been assigned as elementary training bases until a reserve of

## Droppers Need Dean's "RHJ"

You can't beat the system. In other words you can't drop a course just because you're flunking.

That pronouncement came yesterday from the registrar's office along with the further announcement that beginning Tuesday, January 31, all changes of enrollment cards must be signed by Dean R. H. Jesse. Instructors are required to indicate a grade for each course dropped.

The "joker" in the announcement lies in the fact that instruc-

100,000 pilots has been created. The six months' training will include fifty hours of dual and solo flying. Many of the students are expected to continue at the advanced army and navy schools, possibly entering the regular service or becoming reserve officers.

Wherever you see this sign—you will know that the man behind the counter owns his own store, pays taxes to support your school and is worthy of your patronage.

tors must indicate a grade for each course dropped. If the grade is below par it will take some fast talking to acquire Dean Jesse's okay.

# LET UP—LIGHT UP A CAMEL

SMOKERS FIND THAT CAMEL'S COSTLIER TOBACCOS ARE *SOOTHING TO THE NERVES*

**101 STORIES UP** on the world's tallest building, Sidney Evert swings in the wind with only a frail scaffold between him and—well, it's 1100 feet to the street. His work is to repair windows in the tower of the Empire State Building. Sid Evert says: "A fellow with jumpy nerves wouldn't last long on my

job. So I ease the tension on my nerves whenever I can. I let up—light up a Camel. I find Camels are soothing to the nerves." Smokers in a wide variety of nerve-nagging occupations, nerve-straining sports turn to Camels—they find it pays to ease nerve tension often. So they let up—light up a Camel!

**TRAPPED ON A BLAZING WRECK**, Captain Hans Milton displayed courage and nerve-power that won him head-lines from coast to coast. He says: "On the schooner *Pioneer*, afire 400 miles out of Halifax, we had a little food and water and some Camels. Those Camels were a great comfort through the nerve strain of worry and danger. It's a rule with me, whenever I feel my nerves getting tense, keyed-up, to let up—light up a Camel."

**EARNING HIS WAY** through college, James L. Dixon, Jr. (above) says: "It's no cinch for my nerves, working as usher, waiting on table, and in between preparing for stiff exams. I can't take chances with nerve strain. Whenever my nerves begin to feel the tension, I rest them. I ease off and have a Camel—I 'let up—light up a Camel,' just as the slogan says. Believe me, that's a good tip. Camels are really mild and definitely soothing to my nerves."

(above) **GORDON SETTER**—a handsome, muscular dog. Watch his flashing action. And observe that after strenuous activities, this dog halts... *relaxes!* Though his nervous system is high-strung like our own, the dog responds quickly to the *instinctive* urge to rest. We don't usually look after our nerves that well. Perhaps you have often willed yourself on...hour after hour at a task...ignoring nerve strain. Break that nerve strain—pause now and then—LET UP—LIGHT UP A CAMEL! Camels are a matchless blend of finer, MORE EXPENSIVE TOBACCOS...Turkish and Domestic.

### COSTLIER TOBACCOS

Smoke 6 packs of Camels and find out why they are the **LARGEST-SELLING CIGARETTE IN AMERICA**
