Applied Trombone - Music 102A

Credits: 1-2

Trombone 102A is for non-major private lessons. Materials and course of study depend upon the performer and his or her skill level. Since there is only one registration number for the non-major, the 100 designation is available to all undergraduates regardless of the class level.

The purpose of Trombone 100 is to provide individual instruction for the motivated non-major who wants to improve his or her level of competency. It is also available to music majors for private study on their secondary instrument. After the initial assessment, a course of study is developed to help that individual attain further development. Materials and concepts are introduced to focus on those areas of study.

Exams: no jury required
