December 9, 1940

BE IT RESOLVED:

THAT, in the matter of the request that this Board direct the State University administration to enforce employment by the students of Union musicians for certain activities, the Board, while retaining supervision of general student activities on and about the campus, believes that it should not at this time interfere with the students' management and expenditures of their own funds involved in such activities.

THAT, the State Board of Education recognizes that there is an educational value in the presentation of dramatic and musical performances by the students and that they should be maintained and continued on a strictly amateur basis for the educational benefits to be derived by the students.

Approved unanimously by the State Board of Education.
