MISSOULA--

Names of 1,417 students at the University of Montana, Missoula, are listed on the 1976 winter quarter honor roll, released recently by the office of Dr. Philip T. Bain, director of admissions and records at UM.

The total number of students at UM on the honor roll represents 16.3 percent of the winter quarter net enrollment of 8,693 students. A total of 369 students who gained honor roll status during winter quarter received straight A's. Straight A students made up 26 percent of the 1,417 students on the honor roll.

The UM honor roll is computed on a 4.0 or straight-A basis. To be eligible for honor roll status, a student must have either a minimum of 54 grade points with an index of 3.0 or B average, or a minimum of 42 grade points with an index of 3.5 or B-plus. No student is eligible for the honor roll if he receives a grade of F for the quarter.

The list of honor roll students at UM was prepared by the UM Computer Center and Bain's office.
