SUMMER QUARTER CATALOGUE NOW
READY AT UNIVERSITY OF MONTANA

The University of Montana summer quarter catalogue is now available, Thomas J. Collins, director of UM's statewide services, reported today.

A total of 240 graduate and undergraduate courses will be offered. Many courses are offered in sequence allowing students to take, for example, 201, principles of economics during the first half of the summer session and 202, principles of economics during the second half.

Since the University of Montana summer session will operate as a complete quarter of the scholastic year for the first time this summer, it will be possible for a student to register for a full quarter load.

Copies of the summer quarter catalogue are available from Collins, at the University in Missoula.
