The meeting was called to order by Esther Swanson, acting as president. The minutes of the meetings of December 8 and December 13 were read and corrected.

Bill Shallenberger presented to the Board a plan for an All-University show in the form of an amateur night to be given under the supervision of A.S.M.S.U. and the Student Union building. Managers of the show to be a group of eight students whom Shallenberger represented.

Mark Perrault presented a plan for an All-University musical-dramatic show.

The two plans were discussed, and the opinion of the Board was that since the Amateur show could be organized in less time than the more elaborate production suggested by Perrault, that the Amateur show be given preference to be presented this quarter, the musical show to go on early in the Spring quarter if the plans for it are accepted.

Dr. Shallenberger made the motion that Central Board favor the idea of putting on the suggested type of an amateur hour and that the Budget and Finance committee adjust details of finance and management with the managers. Vadheim seconded the motion. It was carried.

Perrault was instructed to make a more detailed report on this proposal at the next meeting of Central Board. However, the Board expressed itself as being in favor of Perrault's suggestion.

If Bill Shallenberger's group does not want to accept the arrangements made, a special meeting will be called.

Vadheim presented the suggestion of Professor Teel that Harrison Hellum be appointed manager of the band trip for next Spring. Kirk Badgley made the recommendation that the manager work through Student Union office in this. Vadheim, business manager, is to bring in a report at the next meeting as to what the glee clubs, orchestra and band decide about the distribution of the travel fund.

Briggs made the motion that A.S.M.S.U. underwrite the output for band uniforms. Warden made the second. The motion carried.

Discussion of the request for Central Board to contribute funds to send a man to Washington to push campus building

projects. Briggs made the motion that Central Board approve the allocation of $100 to be applied on expenses of a representative in Washington for the purpose of securing allocation of Federal funds for the Chemistry-Pharmacy building, the Budget and Finance committee to determine the source from which the money is to come. Warden made the second. The motion was carried.

There being no further business, there was a motion for adjournment. The motion was carried.
