April 10, 1935

The regular meeting of Central Board was called to order by the President, Kenneth Duff.

Dick Ormsbee reported that the Down Town Committee for outside entertainment has planned to offer 3 musical programs and 1 lecture for next year. For such entertainment $800 would be contributed toward this Concert Association. It was also reported that the townspeople would be allowed a seating capacity for 750 if they could sell that many tickets.

It was suggested that Dick Ormsbee reply favorably to the above set-up of 3 musicals and 1 concert at $800, open to further discussion by the two committees if they feel that such a discussion is necessary.

A discussion was held concerning the remaining fund from the Outside Entertainment for this year. It was reported that the budget committee determines such matters.

Jean Gordon was asked to send a floral wreath to Mrs. Scheuch, as sent from A.S.U.M.

A short discussion was held which did not favor the Carnival idea, already planned for Aber Day.

There being no other business, the meeting was adjourned.

Virginia Bode,
Secretary
