MONTANA ARCHAEOLOGICAL SOCIETY TO MEET IN MISSOULA

MISSOULA--

The Montana Archaeological Society will hold its 23rd annual meeting in Missoula April 11 and 12 at the Village Motor Inn.

Most of the society's 80 professional and 50 amateur members are expected for the meeting, according to Dr. Carling Malouf, society member and professor of anthropology at the University of Montana.

The meeting in Missoula is a "coming home" for the society, Malouf says, because it was founded in April 1958 on the UM campus. Founders of the society were Malouf and Dr. Dee C. Taylor, a UM professor of anthropology, who served as the society's first president.

Short presentations concerning archaeological digs around Montana and surrounding states will be given on Saturday, April 12, in the Blackfoot Room of the Village Motor Inn. The public is invited to the free presentations, most of which will include slide illustrations and open discussion.

Topics and speakers for April 12 include:

8:30-8:50 a.m.--"Prehistory of the Glendive Area; New Perspectives," by David Fraley, Bureau of Land Management, Miles City.
