COLORADO PROFESSOR
TO ADDRESS UM COLLOQUIUM

A University of Colorado professor will tell of "Belief Systems and Human Behavior" at a University of Montana Psychology Colloquium Friday.

Dr. Harold Babb, chairman of the UM psychology department, said Professor O. J. Harvey's address will explain people's attitudes and values in relation to their overt actions.

Dr. Babb said Professor Harvey has made important contributions to the field of social psychology and is probably best known for his work in conceptual structure and functioning.

The audience may question the speaker after his address which will be at 4 p.m. in Psychology 202.

Anyone may attend the lectures.
