Meeting of the A.S.U.M. Executive Committee was called to order by President Shepard.

A motion was made and seconded that the manager of Idaho Glee Club be notified of the following recommendation:

"That the A.S.U.M. agree to have the Idaho Glee Club on the following basis. First—that the cost of the hall be paid from the proceeds. Second—that the balance be split on a 70-30 basis until Idaho's $70\%$ totals $210$. The balance to go to the A.S.U.M. In other words Idaho is in no case to get more than $210$.

Motion carried.
