MISSOULA--

CUTLINE - Marie Brooks, Bozeman, and William Melton, Missoula, stand beside a display case dedicated in memory of Brooks' husband, Bernie. The case contains Brooks' stamp and fossil collections, which were donated to the University by Brooks' wife. Melton, UM professor of geology, accepted a gift on Oct. 5 to the UM Geology Department of a number of display cases from the State Council of Rock and Mineral Clubs. The cases were built by the Missoula Hellgate Mineral Society and will be used to display the University's extensive fossil and geology collections.
