February 9, 2003

There are two paintings
one on top of the other.
There is the life told to you
and the one you understand
know. There is memory
and you now now
now as always an exile
or emigrant within the borders
of your skin. Tell me again
how you fear people
only get so smart how the future
will be the same as the past
how the cage of the brain
was locked upon us.
