Prof. Patrick C. Williams, Ext. 4471, MU106, advising hours posted on office door.

Prerequisite: MUSI 105 and MUSI 140
Corequisite: MUSI 141

MUSI 106, Theory II, is a continuation of MUSI 105, Theory I. The course is designed as an introductory study of 18th-century contrapuntal and harmonic materials, along with an overview of structures of music as defined by and expressed in the Western European historical traditions of the common practice period.

The course is designed to guide students toward an understanding and application of the common elements and organizational patterns of music and their interaction, an ability to employ this understanding in verbal and visual analyses, and to aid in the development of aural skills.

Central to theoretical understanding is application of writing principles in two-, three-, and four-part composition, supplemented with introductory experiences in piano.

TEXT: MUSIC IN THEORY AND PRACTICE, Vol. 1, Ed. 8, by Benward and Saker

GRADING SYSTEM: All tests are graded with numbers, not letter grades. If a test is worth 50 points and one scores 45 points, the grade is 45/50 (90%). Final grade is figured on a straight 10% system; if the total possible point count for the semester is 500: 500-450=A, 449-399=B…

Keep a record of your scores AND use each returned test as a study guide. Participation in class is expected and noted for final grade consideration. Attendance will be taken regularly and will have an impact on the final grade.

NOTE: Chapter readings and Text Assignments are due at the beginning of each week, or the first date assigned for class discussion. Stay ahead in your reading and TA assignments.
