## For Better Government

Last week Central board released the names of students who filed for class and ASMSU offices in contest in the Aber day primaries. Look as hard as one might, there was only one independent candidate to be found on that list. The fraternities and sororities can now sit on their hands and watch almost every office the student body has to offer fall right into their laps—by default.

See it how you will, more than 2,000 students at this University are thus divorced from a real interest in their government—the government that spends their money.

**Exaggeration? Not at all. The only activities on this campus that are truly significant, center around a handful of powerful committees. What these committees do decides every matter of interest to all the students. It is proper for persons interested in fair play to ask why it is that a practically solid Greek slate necessarily means lopsided representation for a minority.**

It is proper, and it is naive. It is naive because, to mention just the workings of publications committee, successful independent candidates for Sentinel and Kaimin editor and business manager positions have been as rare as drinking fountains in the Student Union auditorium. Does one really have to elaborate on this?

**The Kaimin makes no attempt to fix the blame for this threatened lopsided representation. There is no blame to be laid. If the Independents do not care to operate as a political unit they cannot be blamed for that. Indeed, as already pointed out, their non-partisan approach can be considered laudable, but under the existing circumstances it deprives them of an opportunity to share in a healthfully-organized university government.**

The Greeks nominated candidates this year without the knowledge that they would be almost totally unopposed. Anticipating a tough tussle with the Organized Independents, they passed over many competent persons to put on the slate better known candidates who could get the vote. They cannot be blamed for adhering to the fundamental pattern of American political life.

**But, since the Greeks are now almost unopposed these passed-over persons of real merit can no longer be kept off the slate—not if Panhel and Interfraternity council persist in the fiction that they serve the University first, the fraternities and sororities second.**

There are very few Independents up for office; therefore, any candidate from any sorority or fraternity has every right to run independent of Panhel or Interfraternity rulings.

Such persons not only have a right, they have a duty to run, if they feel they are superior to regularly filed candidates.

Independents of high quality should also run, and, if they are superior to their opponents, should be supported and elected.

**The time for candidates to file has elapsed. The only way a new candidate can possibly be nominated in the Aber primaries is for him to rout out all his friends and gain support for a write-in campaign. The two candidates receiving the most votes in the primary will fight it out in the general elections.**

What we need is a fair and competent representation of students as students without the political ties. The University must come first, so for better government support a candidate that merits consideration, one with ability, and do it without affiliation distinction.—J.W.S.

Miss Carol Chaffin, we see, is the new "president emeritus" of the Billings MSU alums. May we comment that she is the best-preserved president emeritus we have ever seen. Miss Montana yesterday, president emeritus today! What a decline! WOW!

## MSU Social Whirl

Saturday saw the beginning of a 10 day vacation for 18 Alpha Chi Omegas. The apparent beauty of the whole affair is destroyed, however, by a big, red card on their front porch which reads—"Quarantine — Scarlet Fever." We're all pulling for your speedy recovery.

On the brighter side we find many pledges ascending the fraternal ladder of achievement to that shining reward, "an active pin."

# Track Prospects Brighten

## Weather Again Delays Trials; Pfeffer New Weight Hope

By JIM DILLON

After a slow start, the Grizzly track team is beginning to shape up. Due to the "Montana spring" weather, trials in all events have been put off from day to day.

The morale factor hit a new low last week when Warren Crosby left school. With the departure of Crosby, Harry Adams saw eight points for each track meet go into thin air. Five points for first place in the shot put event and three points for second place in the discus.

### Pfeffer Reports

But things brightened up a bit when Roman Pfeffer reported to Adams shortly after Crosby's departure, as a candidate for the shot put. Pfeffer has been throwing the shot put 42 feet regularly from his standing position. He is unable to take his follow through due to a recent leg injury.

Scott Cunningham and Leon Cohen are working with Pfeffer. Both of these boys have been hitting 40 feet with the shot.

The javelin field is wide open at present. Lou Rocheleau, Bill Reynolds, Bert Replogle, Bob Hawkins, and Arnie Scott are all possible candidates. No work has been done with the javelin to date because Coach Adams doesn't want to risk a possible arm injury in such unpredictable weather.

One event that is sure to produce points consistently is the pole vault. Capt. Jim Mayes stands all alone in this event but he is reliable. Adams is trying desperately to find candidates for the pole vault to take some of the pressure off of Mayes' shoulders.

Dick Doyle, Scott Cunningham, and possibly Frank Briney will compete with the discus. Doyle, a veteran from last season has shown marked improvement and has been working very hard. Adams believes Doyle will be at his best this season. In a recent meet with Washington State, Doyle was the only Grizzly to take a first place.

### High Jump

For the boys who like to get up in the world, Lou Rocheleau, Bob Cope, Jim Graham, Bob Hagenston, and Joe Stell will compete in the high jump. Of this group, Rocheleau is the only veteran from last year. Cope will compete in the Idaho meet for sure but his availability for other meets is uncertain as he is a member of the baseball team.

Howard Heintz, the "work horse" of the squad, is the number one quarter miler at present. In a trial Saturday afternoon Heintz tossed out Howard Domke by three-eighths of a second. Heintz's time was 51:6 and Domke's 51:9.

Ray Gray, Joe Stell, Ralph O'Quinn, Larry McLatchy, Paul Thornfeldt, and Bill Brandt are competitors for the 440- and 880-yard runs.

In the sprints Bob Hawkins, Arnie Scott, Warren Koberlin, Ralph O'Quinn, and Larry McLatchy have been working hard under the watchful eye of Coach Adams. Proper positions and starts were emphasized last week instead of trials. Adams believes fundamentals are just as important if not more so than the trials.

In the hurdles Montana has three competitors, Dan Yovetich, Lou Rocheleau, and Wyman Antrus. Yovetich is still bothered with a sore leg and therefore hasn't

## WAA Competitors In Tennis Tourney Must Sign Up

Girls interested in competing in the WAA tennis tournament are urged to sign up with their living group sports manager or on the list posted in the Women's gym. Deadline is Wednesday, April 14. Tennis Manager Marguerite Brandt, Spokane, announced that a cup or medal will be awarded to singles and doubles winners.

### SKIING AT MARSHALL BOWL REPORTED GOOD

Members of the Ski club reported 12 inches of fresh snow at the top of Marshall bowl and said the prospects for skiing this week end are good.

The group made the five-mile trip to the bowl in three hours Sunday, trudging through the heavy snow on skis for most of the distance.

Marshall bowl is a good location for a major ski run near Missoula and needs only a short road to make it accessible to the public, the Ski club reports.

## Golf Season Opens Friday

Golf season opens Friday as Coach George Sarsfield and his MSU divot diggers tee off against the State college Bobcats at the Missoula Country club.

Sarsfield has not yet chosen his six-man squad for the match. He has urged all his prospects to play several rounds this week so he can determine the team. Men who have looked good in practice are Capt. Dave Larsen, Mike Dudik, Dan Radakovich, Archie Dawes, Bill Anderson, Walter Frank, Morty Boyd, and Royal Johnson.

Larsen will not be able to play in the match Friday, however. He will be in Walla Walla on business for the Sentinel.

been able to take any trials so far this season.

### Broad Jump

Jim Mayes, Warren Koberlin, and Wyman Andrus are the broad jump candidates. Mayes competed in this event last season.

The mile is the weakest event. At present there are no candidates ready for a meet. Dale Peterson, Paul Thornfeldt, Keith Johnson, and Jim Delano are all possibilities but none are ready as yet.

Trying to get candidates for the two-mile run is like looking for the sun in Montana. Adams has one man for this marathon event, Dick Reagen. Reagen is a veteran from last year's squad.

With the Cheney meet less than two weeks away, Adams plans to have the boys busy every minute this week.

### WAA ELECTS NEW SLATE OF OFFICERS TODAY

Members of WAA go to the polls today to elect new officers. Also to be voted on is the new constitution and bylaws.

Candidates for the offices are: president, Lorraine Demko, Nashua, and Kathy Lloyd, Winnetka, Ill.; secretary, Joanna Midtlying, Deer Lodge, and Virginia Messelt, Billings; treasurer, Peggy McDonald, Phillipsburg, and Helen Crissey, Livingston.

The polls will be open in the Student Union from 9 to 4.

Since 1943 there have been 121 fires in the United States causing a million dollars or more property damage each. There were 78 similar fires in the fifty years preceding 1943.
