DR. BORROR WILL STUDY
FLATHEAD LAKE BENDS

Professor Donald J. Borror of Ohio State University will spend part of the summer at the University of Montana Biological Station at Yellow Bay on Flathead Lake doing ornithological research.

Dr. Richard A. Solberg, director of the UM station, announced Thursday that the well-known entomologist will study birdsongs and bioacoustics in the area.

Dr. Borror is senior author of the widely studied text entitled, "An Introduction to the Study of Insects," by Borror and DeLong. He is also senior author of the new text entitled "Field Guide to North American Insects".

Mrs. Borror will be at the Biological Station with her husband during his stay in Montana.
