Big Plans Brewing

The big four in MSU's campus government hash over plans for the coming year. Left to right are Jackie Perry, Butte, ASMSU secretary; Bob Anderson, Missoula, president; Jim Murphy, Missoula, business manager; and Yvonne Kind, Missoula, vice president.

South Koreans Penetrate Deep Into Communist Zone

Tokyo, Oct. 2.—(U)—South Koreans troops are driving deeper into Communist territory.

The Republicans have moved at least 35 miles beyond the 38th parallel. A spotter plane pilot reported fighting near a town that distance from the border.

Two South Korean divisions took the town of Yangyang, eight miles north of the parallel, without opposition. United Press Correspondent Robert Bennyhoff reported that they are driving north.

Communist prisoners said the Red plan is to make the big defense stand at Wonsan, a key industrial and communications center 100 miles into North Korea, and 156 miles below the Manchurian border.

Official sources are denying all knowledge of the South Korean penetration. The American eighth army eliminated its usual Monday evening communique, saying there is nothing new to report.

BRAZILIANS ELECT TODAY

Rio de Janeiro, Oct. 2.—(U)—Some eight million Brazilians go

Show Didn't Show But Patrons Did

"It Happened One Night" didn't happen at all in Simpkins Little theater Sunday evening. A record crowd arrived at the theater at 7 p.m. to find a situation that happens once in a lifetime and about which the MSU drama department is most embarrassed, LeRoy W. Hinze, MSU drama director, said.

The film, which stars Clark Gable and Claudette Colbert, and which won them the 1934 Academy awards, was lost somewhere between Chicago and Missoula. At the date of publication, the missing film had not yet found its way to the MSU campus.

LeRoy W. Hinze, MSU's drama director, said he wishes to thank those who attended the theater on the fateful night for bearing with him and his staff in their difficulty. Mr. Hinze said that there will be no recurrence of this unfortunate incident in the future and he hopes that those disappointed Sunday will return to the theater next week when "Counselor-at-Law," with John Barrymore, will be presented.

Fall Enrollment Reaches 2,802

A total of 2,802 students have registered at Montana State University for fall quarter. Registrar Leo Smith reported yesterday. Late registrations are expected to raise the total.

At the end of the first week of school last autumn a total of 3,331 students had registered. The largest graduating class in University history, 984 students, received degrees last spring.

A lower registration figure for this fall was seen in advance, Smith said. The lower birth rate of the 30's, the draft, and the recall to active duty of veteran students dropped the autumn quarter total to some extent.

Non-veteran enrollment is up 52 students from last fall, but veteran enrollment dropped 594. The first official figures show that 558 freshmen are registered.

Mr. Smith predicts that enrollment will rise over the period of the next few years.

Nursery School, Kindergarten Open in Simpkins

The Nursery school and Kindergarten in Simpkins hall are open now under the direction of Mrs. Jessie Perkins and a well-trained staff, including a registered nurse and a cook.

The Nursery school, which was established in 1937, holds all-day sessions for 30 3- and 4-year-old children, and lasts from 9 a.m. until 3:30 p.m. It serves as a laboratory course for Home Economics majors taking Child Care and Development.

The Kindergarten consists of two units, held in the morning and afternoon, with 20 5-year-old children enrolled in each unit. It was begun in 1942 and is used as part of the field work for Education, Speech, Psychology, and Sociology majors.

Enrollment in both schools is down this year, as transportation is not available and several private schools have just been started in this area.

Health, sleep, routine, play, and meals are stressed for the children, and life habits in group living are established. Menus are sent home to the parents, and co-operation with the parents is obtained through meetings with the staff each week.

EVACUATION PLANS READY

Great Falls, Oct. 2.—(U)—The air traffic squadron at the Great Falls air force base is set up to handle any sudden evacuation of civilians from possible combat areas in Alaska and other far north areas.

A public information officer at the base says processing of civilians through this aerial port of embarkation would run smoothly in case of an emergency. Should the necessity arise, evacuees would be flown to Great Falls by giant transport planes. Plans have been completed to speed them from Great Falls homeward within 12 hours after their arrival.

CDO LISTS CRITICAL AREAS

Washington, Oct. 2.—(U)—The Civil Defense office has sent state executives a special map showing 250 to 260 areas considered the most likely target for enemy atomic bomb attacks. And it carries a warning that these "critical target areas" must be prepared to withstand attacks which may be more severe than those directed against Hamburg, Hiroshima, and Nagasaki.

University Students Unhurt In Car Crash Near Missoula

Six university students escaped injury Sunday evening in an automobile accident which heavily damaged the automobile of the driver, Jack Lawson, Poplar. The accident occurred at Nine Mile house, 22 miles west of Missoula on Highway 10, as the students were returning from the Idaho-Montana game.

A westbound automobile driven by Sam A. Franklin, Mullan, came over a rise, skidded, and crashed into the Lawson car where it sat, parked 10 feet off the road, its doors open and parking lights on. Lawson and his passengers, Warren Little, Paul Hanson, Bruce MacLay, all of Missoula; Jack

Walker, Great Falls; and Bob Abbot, Kalispell, had stopped for a stretch in their drive toward Missoula.

One of the three passengers in the Franklin automobile, Dorothy Johnson, Hamilton, was injured and was hospitalized in Missoula with possible rib fractures. Mr. and Mrs. Sam Franklin, the other passengers, escaped serious injury.

Franklin was given a ticket for reckless driving by the highway patrolman investigating the accident.

All the University students were members of Sigma Nu fraternity.

Lucas Discusses AKP Convention

Jim Lucas, Miles City, reported on the Alpha Kappa Psi, business fraternity, national convention at the group's first meeting of the year last week.

The convention was in Minneapolis, Minn., this year. A side-light on convention activities was the choosing of Gayle Davidson, Polson, as the most beautiful girl at the formal ball.

Lucas told the group that Alpha Kappa Psi had been named to spearhead MSU Homecoming activities for the business administration school. Committee chairmen were also appointed at the meeting.

The date for the Founder's day banquet was set for Oct. 5. Lucas asked that all fraternity members who want to attend the banquet sign the bulletin in the business administration building.

Library Issues Info Pamphlet

"Hints on How to Use the Library," an informative bulletin issued by the library, will be distributed to those students wishing information on how books and other materials are checked out, Kathleen Campbell, head librarian, said.

These bulletins, prepared primarily for the freshmen's use, contain the rules and regulations of the library, and how to use the card catalog and periodical indexes. Many diagrams are included to help the student orient himself to the library plan.

This is the first time such information has been available. Miss Campbell said that a library manual for the student and one of a different type for the faculty is being planned, which possibly will be ready for distribution next fall.

PEACE BID IS REJECTED

Lake Success, Oct. 2.—(U)—American and British spokesmen have rejected a Russian peace proposal for Korea. They say it would put the northern aggressors on the same footing as the South Korean government, which is recognized by the U.N. They also oppose withdrawal of U.N. troops before the North Korean Reds accept the surrender of General MacArthur.

The Russian proposal, made by Foreign Minister Andrei Vishinsky, calls for an immediate cease-fire order. That would be followed by withdrawal of U.N. troops. Then North and South Korea jointly would hold national elections under observation of a U.N. commission which would include Russia and Communist China.

In Tokyo, an army headquarters source said Russia's U.N. peace proposal will have no effect on the current military campaign in Korea.

STRATEGIC BOMBING ENDS

Tokyo, Oct. 2.—(U)—Lt. Gen. George Stratemyer says allied strategic bombing has ended in North Korea, and that future air attacks will be limited to military targets.

EXPERT URGES CONFERENCE

Chicago, Oct. 2.—(U)—Owen Lattimore, expert on Far Eastern affairs, said tonight President Truman could help win the people of Asia by making a trip to India to confer with Premier Nehru.

Positions Open On Kaimin, Sentinel Staffs

Three Kaimin and three Sentinel positions will be open on the block when Publications board meets next Wednesday at 5 p.m. Shirley McKown, Seattle, board chairman, called for applications for the posts following yesterday's board meeting at which the Sentinel and Kaimin editors reported the vacancies on their respective staffs.

Kaimin vacancies are three associate editorships. Former associates, Bill Hugh, Missoula, and Cyrus Noe, Bozeman, did not register fall quarter, thus opening two positions. An additional Kaimin associate editor is always chosen during fall quarter.

Applicants must have served on the Kaimin staff or have had one year's practical newspaper experience. They must have attended Montana State University for at least two quarters including the one in which they are selected. Kaimin associate editors are paid \$10 per month for an eight-month period starting Oct. 1.

Sentinel vacancies are also three associate editorships. The only requirement for applicants is that they must be a junior or senior during the year in which they serve as associate editors. However, Miss McKown said that grade standing of applicants will also be taken into consideration by Publications board.

Sentinel associates are paid at the rate of \$10 per month during a six-month period.

Applications for both Sentinel and Kaimin positions must be turned in to the Student Union business office by no later than noon Wednesday, Oct. 11, in order to be considered by Publications board, Miss McKown said.

Anderson Becomes Spur President

Mary Anderson, Livingston, was elected president of the Tanan-of-Spur pledges last night. She will take over duties as president of the Spur chapter after initiation some time this month, according to Annemarie Beatty, retiring Spur president.

Chosen as vice-president was Jamie Brennan, Missoula. Helen Lewis, Boulder, was selected as secretary; Gloria Johnson, Milltown, as treasurer; Ethel Goyette, Cascade, as editor; and Beryl Handford, Kalispell, historian.

Spurs and Spur pledges also heard a report of the national Spur convention held at Laramie, Wyoming, this summer. The convention was attended by Audrey Olson, Billings, local chapter delegate.

Social Calendar Deadline Today

All social chairmen of living groups and other campus organizations must have their tentative dates for fall functions in Dean Maurine Clow's office no later than 2 p.m. today.

The general social calendar meeting will be at 7:30 p.m. Thursday in the Eloise Knowles room in the Student Union. A final social calendar will then be approved and voted upon by the committee.

EDITORIAL

A New Chance
For the Truth

A crusade is in the making. Sometime in the near future, there will be organized on the Montana State University campus a committee which will be one element in the nation-wide Crusade for Freedom. The Crusade was launched by General Eisenhower in a Labor day broadcast. Its sponsors believe that the Crusade will be our big weapon in the psychological war against Communism.

The Crusade program includes a Freedom Scroll to answer the Communist-spawned Stockholm petition and a drive for funds to expand Radio Free Europe. Crusade sponsors hope in this way to give America a powerful voice in the war of ideas.

We hope that this can be accomplished. We hope that the Crusade for Freedom will be a success and that it will give free people a powerful voice for peace, not just a loud voice mouthing the same propaganda to which the Communists have subjected the peoples of the world for the past few years.

There is another point of the Crusade for Freedom which is stressed in literature sent to our office. Crusade sponsors say the program will offer American students an opportunity to publicize their stand in this battle of beliefs.

"As students of history, literature, political, physical, and social sciences, you know that what men believe to be true has been as important as the truth itself in determining human events. If we are ever to achieve a secure and lasting peace, the other peoples of the world must know the truth." These are the words of Gen. Lucius D. Clay, Crusade chairman.

If the crusade does give effective voice to the beliefs of American students, it will be of incalculable value. For too long, one "student" voice has attempted to speak for America, the voice of those mentally twisted young people who took part in such gatherings as the "world student congress" in Prague during the summer.

Witnesses to that meeting describe it as a strange and frightening experience. Youths screamed for peace, yet followed a line that can lead only to destruction. "American" delegates denounced the principles and ideals for which their country stands.

If the Crusade for Freedom accomplishes nothing more than a counterweight to such congresses, it will be worthwhile.

General Eisenhower has termed the Crusade "a campaign sponsored by private American citizens to fight the big lie with the big truth."

We fervently hope so. We hope that America will be given a big

Letters to Editor

STUDENT UNION CAFETERIA:
SERVICE OR EXPLOITATION

Dear Editor:

I am wondering if the Student Union cafeteria is set up for the purpose of serving the students or exploiting them. I am thinking particularly of the price of a glass of milk. Milk sells for 20 cents a quart at stores downtown. The student store buys it in large cans so I am sure that it does not cost them more than that amount.

Yet they charge 10 cents per glass for it. Figuring four glasses per quart, they get 40 cents per quart, a profit of at least 100 per cent.

I know one of the farmers who supplies milk to the dairy that supplies the Student Store. He receives nine cents per quart for the milk he sells. That amounts to only 22.5 per cent of the final sale price.

This goes to show that farmers are not to blame for high prices. The blame falls on companies and organizations set up to exploit the farmers as well as the general public.

Yours truly
David Whitesitt

ROTC Enrollment
Hits New High

In spite of a possible University population decrease, army and air force ROTC officials have noted a record number of students enrolling for military courses this year, with the total swelled particularly by enrollees in the advanced courses.

Col. E. D. Porter and Maj. Newton E. James, professors of military science and air science respectively, have announced registration figures for their departments. Total count for both units of the ROTC program show that there were 577 military students last spring and that 723 have signed for fall quarter.

Colonel Porter and Major James have advised veterans and qualified junior and senior students that they may still register for either army or air ROTC, under certain conditions, and receive commissions after abbreviated training.

Grad School
Sets Record

The graduate enrollment of 304 students for the summer session was the largest in the history of the University, Wesley P. Clark, dean of the graduate school, said yesterday.

Of the 304 students, 60 received degrees. Master of education degrees totaled 37, master of music in music education degrees numbered 3, and master of art degrees totaled 20.

Five students completed their requirements for degrees, but have not yet received them, Dean Clark said. However, these degrees will be awarded fall quarter, he added.

The heaviest graduate enrollment during the summer session was in education, Dean Clark pointed out. The reason for this, he explained, is that principals and teachers from all over the state attended this session to augment their education.

To date, the total graduate enrollment for fall quarter is 109. This, too, is the largest number of graduate applications received for the first quarter of the year, Dean Clark said. He added that more graduates are still enrolling.

LAW SCHOOL INTERIOR
GETS CALCIMINED

The law school has forsaken its dust and cobwebs for newly calcimined walls this fall. Miss Charlotte Russell, law librarian, said, "All the classrooms and the reading room have been calcimined for the first time in 27 years, adding a new touch to an old atmosphere."

The enrollment this year has dropped to 168 as compared to over 200 at this time last fall. Starting with this fall new law students will be allowed to register only during fall quarter.

POISON BY MISTAKE

Detroit, Oct. 2—(P)—McKesson and Robbins, Inc., warned today that it has distributed poisonous carbon tetrachloride in bottles labeled castor oil.

Officials said the error was discovered when a Michigan woman became ill after taking the poison-out cleaning compound. The company was unable to determine how many of the mis-labeled bottles were on the market.

Woods' Years in Poland
Difficult but Successful

"Doing something to strengthen a sense of fellowship against international lines is probably the best means of understanding the peoples of Europe and the best means of attacking the anti-American propaganda," so said the Rev. Clara Wood, codirector of the School of Religion.

The Revs. Mr. Wood and Mrs. Wood returned to this campus last May after nearly three years of relief and rehabilitation work in Poland under the Brethren Service commission.

"When we arrived in Poland in 1946, we were faced with extremely difficult physical conditions," Mrs. Wood said. "As the year progressed, the physical conditions became better, but the once warm and friendly attitude of the people began to change to one of fear and uncertainty."

People Grateful
Mrs. Wood said that although the people were grateful for, and willing to accept the help being offered by the Christians in America, it was extremely dangerous for them to show their interest. Even correspondents were strictly checked by the secret police.

Their first winter in Poland was devoted chiefly to bringing food and clothing to the people.

Mr. Wood was in charge of the heifer project which, started by the Brethren Service, later became an interdenominational project. The young heifers were raised in America and shipped to Poland when they were able to produce milk for the Polish children.

"Later in 1947, we were able to expand our work to include community rehabilitation," Mrs. Wood said. "While in old East Prussia, my husband and I directed a number of projects to strengthen community agencies. We began sewing classes, organized a class to train expectant mothers, and directed child care."

Exchange Students Selected

At the University of Warsaw, the Woods directed classes in home economics and agriculture. Ten students were selected to come to

the United States in 1947 to continue their studies on an exchange fellowship.

"Such fellowships are the mainstay in removing the existing barriers between our countries," Mrs. Wood stated. "We must continue to sponsor such organizations as the World Student Service if we hope to re-establish any form of international harmony."

The Woods were forced to leave Poland last May by the Communist secret police. Mrs. Wood, who speaks German, Spanish, Polish, French, and some Russian, said that she is eager to organize a foreign study group on this campus in an attempt to further interest and understanding of the people in Europe.

WASHINGTON TAXPAYERS SUPPORT REFERENDUMS

Seattle, Oct. 2.—(P)—The State Taxpayers association announces it is supporting three bond measures which call for a total of \$80 million for common schools, institutions of higher learning, and state institutions.

The measures are referendums 7, 8, and 9. They would provide \$40 million for common schools, and \$20 million each for institutions of higher learning and other institutions.

The association reached the decision after months of study.

COACHES PICK IRISH

New York, Oct. 2.—(P)—The United Press board of football coaches for the second straight week voted Notre Dame the No. 1 team. The Irish received 291 out of a possible 350 points to head the nation's football teams. The coaches named Army No. 2 and Michigan State No. 3.

Thoughts While Rolling

BY BILL WALKER

The Vandal welcome mat, supposed to repose on the front step of the new Student Union at Moscow, was misplaced Saturday afternoon. It was finally found about 4 p.m. in the end zone by Grizzly quarterback Tommy Kingsford, who collected the reward.

...Naseby Rhinehart, Grizzly trainer, throws a mean "old lady" in a game of hearts.

...The Greyhound bus driver, No. 3 water boy on the Grizzly bench, was a rabid booster and conscientious warm-up jacket tender.

...Mullins and Le Duc, Idaho ends, must have missed their pregame meal judging from the way they tried to eat up Tommy Kingsford on every Montana play.

...Grizzly end Dick Moomaw led the singing at the postgame meal at the Moscow hotel. Shipkey, Erdhaus, and Publicity Man Cunningham made a hummingbird good trio.

...Mrs. Nelson, who served the meal, said the Grizzly squad was the best-mannered group she had seen there in over 25 years of serving athletes.

...The squad countered with, "For she's a jolly good fellow," which brought tears to the good lady's eyes.

... "Up With Montana" never sounded better.

...In the Vandal dressing room after the game, you could have heard a mouse talking — if there'd been a mouse.

...The best mouse the Grizzlies had was Hal Maus, Hamilton, who played a terrific defensive end against Idaho.

...Sunday's sad sight — Watching Ken Campbell, Great Falls, who had five teeth smashed and his lower lip badly cut, trying to eat ham and eggs at the Missoula hotel.

...Coach Shipkey's wife, Gertrude, contributed a homey atmosphere to the early breakfast.

...The squad was visibly impressed by the presence of rooters and a band at the Northern Pacific depot — especially at 7 a.m.

...As far as the game went, the Grizzlies forgot their moleskins, so consequently couldn't get under the Vandals' low-charging line. But Grizzly courage parlayed with a fine passing game, and brainy playing took the Vandal crew into camp.

...It's going to be difficult to convince some of the faculty that T.D.'s sometimes mean more than G.P.'s, but for the remainder of the week, the Grizzly battle cry will be "On to Oregon."

The long-suffering Phillies have finally won a league pennant — the first one in 35 years.

Grizzlies Capture Stein From Vandals in Upset

The Grizzlies played heads-up football Saturday and scored a 28 to 27 win over the Idaho Vandals at Moscow. The victory was the second straight for the Silvertips.

The Vandals drew first blood in the game, scoring midway through the first period. Fullback Jim Chadband tallied for the Moscow eleven on a running play after the Idaho ground attack had brought it within scoring territory. A try for the extra point failed.

Failure to make the extra point later cost the Vandals the game, as Don Gerlinger, MSU end, kicked four conversions after touchdowns, one more than the Moscow team.

Quarterback Tom Kingsford pitched to Bob Byrne for the first MSU touchdown after the Grizzlies had recovered an Idaho fumble. The extra point was made by Gerlinger just as the first quarter ended and the score was 7 to 6 in favor of Montana.

Idaho scored another touchdown when they recovered a fumble in Montana territory. Chadband carried the pigskin across the Grizzly goal line and the extra point was made by the Vandals as they moved out in front by a 13 to 7 score. MSU came back to tally six points on a quarterback sneak by Kingsford. The touchdown was set up on a long pass from Kingsford to Byrne. Gerlinger booted the conversion and the Grizzlies led at the half, 14 to 13.

The Silvertips scored first in the third period from the 3-yard line with Wold carrying the ball. Gerlinger split the uprights to give the Grizzlies an 8-point lead. After receiving the kick-off, the Vandals marched the length of the field with Chadband scoring his third touchdown of the day. The conversion attempt was good and the third period ended, 21 to 20.

King Block scored for Idaho in the fourth period to move the Van-

dals ahead of the MSU eleven. The Idaho conversion was good and the Moscow team led, 27 to 21. Lloyd Thomas, Grizzly halfback, recovered an Idaho fumble on the Vandal 21-yard line. Kingsford scored from the 6-yard line after he set up the play with a pass to George Vucurovich. Gerlinger converted and Montana won the game, 28 to 27.

Dick Johnson, MSU end coach, scouted the Oregon eleven in their game with California at Portland. The Grizzlies will tackle the Oregon ducks at Eugene on Saturday. Cal won over the Oregon team by a 28 to 7 score.

Johnson said that Oregon is a better team than the Idaho Vandals and is one of the best teams the Grizzlies will face this season. He said they have an excellent quarterback and some fine ends.

Van Duser Announces S.U. Schedule

"The Student Union is for the student," said Cyril Van Duser, director of the Student Union, this week as she announced plans, rules, and improvements.

The fountain, managed by Jack Cuthbert, is improved for faster service. A new self-service one-gallon milk dispenser has been installed.

Sandwiches may now be purchased at any time during the day or evening.

Fountain hours are Monday through Friday, 7:20 a.m. to 10 p.m.; Friday and Saturday, 7:20 a.m. to 7 p.m.

Meal hours are breakfast, 7:20 to 10:30; lunch, 11:30 to 1; and dinner, 5:30 to 6:30.

Pool, Snooker Tables

In the Silver room, pool and snooker tables have been added to the other games there.

Clubs wishing to rent rooms for club meetings should see Miss Van Duser at an early date. Rooms are rented to first applicants.

The bookstore, managed by Morris A. McCollum, is now open without appointments. During registration the store handled 100 students an hour and average from 800 to 1,000 students per day.

Cub Backs Needed On Frosh Eleven For Idaho Tussle

"Tell 'em we need backs. Tell anyone that's ever played in the backfield that we'd like to have them out." These were the words of freshman football coach Eddie Chinske as he tried to work his green gridsters into shape for their scheduled game with Idaho this Friday.

Only 5 of the 35 frosh that reported for football have had previous backfield experience, making the Cubs weak on reserves, Chinske said.

"We had some contact work last Friday, but we'll need a lot more before we leave for Coeur d'Alene," Chinske said. Ray Erpenbach and Ed Anderson have been working well on the line, and Dick Heath is also looking good in the quarterback slot, he said.

Following is the tentative starting line-up for Friday's game:

In the backfield, Heath, Miles City, will be at quarter; Jake Beason, Milwaukee, will be at full and Larry Ruffato, Corvallis, Ore., and Pete Hammond, Los Altos, Calif., will occupy the halfback posts. In the line, Morris Knudsen, Missoula,

dents about leaving cups, coke glasses, and spoons strewn on the steps after they have finished. With so much congestion accidents could occur from these objects on the steps.

CZECH UNEMPLOYMENT UP
Pague, Czechoslovakia, Oct. 2—(UP)—The Czech government has approved a new system of court procedure, the official news agency reports, which "eliminates the need for lawyers."

The agency quotes the Communist Czech justice minister as explaining that anyone who wishes to be represented by a lawyer. But the minister says, "In the interest of the working class, representation by the Unified Trade unions also is possible."

The article says the experience of the Soviet Union in court procedure was utilized in drafting the new law.

HILLEL MEMBERSHIP OPEN

Students of the Jewish faith attending MSU may now join the Hillel foundation, Jewish fraternal organization, by submitting their names to George Friedman, 25 Carbon street, Missoula.

will be at left end; Erpenbach, Glendive, will be at left tackle; Loren Southers, Butte, will play left guard and Marshall Murray, Kalispell, will be at center. Jim Burke, Livingston, will probably take over the right guard duties; Robert Schwandt, Missoula, will be at right tackle and Anderson, Missoula, will play at right end.

The Cubs will have only two games left after the Idaho tussle. On Oct. 27, they will play the Bob-kittens and on Nov. 11, they will clash with the same squad on Dornblaser field.

SIoux INDIANS FIND PINK IS BECOMING

Miles City, Oct. 2—(UP)—Crazy Horse, Sitting Bull, and Rain-in-the-Face have probably turned over in their graves.

A bunch of Sioux Indians passed through Miles City today on their way from the Standing Rock reser-

vation to Billings where they will help in the sugar beet harvest.

The way they were dressed is what the old-time chiefs would not have liked. The young Braves were in new western hats; the old bucks were wearing old clothing; but the babies were wearing pink bonnets.
