buy five navy surplus stop watches. Dave Cole, intramural director, informed the board that the cost of the watches was only one-third of what it would normally be, and that only one of the health and physical education department's stop watches, which the intramural program uses, was in good working order.

An a cappella choir request for \$20 to be used for senior awards for a cappella members was referred to Budget and Finance committee.

Discussion of possible ASMSU affiliation with the National Students' association was postponed, as was discussion of ways to improve the freshman orientation convocation.

The board decided that ASMSU president Bill Reynolds, Missoula, needed no special authorization to appoint members to an ASMSU constitution study and revision committee, but asked that the slate be presented to it for approval.

Eleven campus groups were represented in the song contest at the Student Union auditorium. Floyd Agostinelli, Anaconda, Newman club president, was master of ceremonies.

The Delta Delta Delta's took first prize in the women's division with their version of "You'll Never Walk Alone." Dona Skates, Billings, directed the group.

Things Look Up...

Central board showed signs last night of taking steps to effect some much-needed legislation.

ASMSU President "Doc" Reynolds left word, before his departure for a track trip, that he wished to set up a committee to study the constitution and recommend improvements.

Then, not more than 15 minutes after the meeting opened, there popped up a situation that pointed up the need for improvements and for a definite Central board policy.

A request was tossed on the floor of Central board for an allocation from the general fund to pay for a number of honor pins to award the graduating seniors who participated in a cappella choir. The request was referred to Budget and Finance committee.

Immediately there arises the question of whether music groups have the same claim to awards as varsity or freshman athletes. Or are there certain points that clearly distinguish between the two? Would the Bearpaws or the Spurs be justified in asking Central board to pay for their sweaters? Do department honorary organizations have any claim to awards from student funds?

Setting up a basis upon which awards from student funds may be made should be considered by the suggested committee. —D.W.

HELDING GETS ANSWERED; MOORE CRITICIZES STORE

Dear Editor:

The "Helding of Store Board says" . . . statement of Tuesday's Kaimin raised two questions in my mind.

In explaining that the surplus from the operation of the student store is ". . . turned over to the general fund, and from there on it's Central board's responsibility," Helding said, "We have not in the past earmarked any such money for specific expenditures."

An examination of Central board minutes for spring quarter, 1948, might reveal that Store board allocated a major share of the student book store surplus, for that year, to a university golf course committee to finance drilling a well on the golf course. After the allocation was accomplished, Store board asked Central board's approval of the action. If these are the true facts in the case, could this be classified as "earmarking?"

In explaining the pricing policies of the student store, Helding said, "We have many articles which are 'fair traded.' For all other commodities the store gets the lowest prices possible."

Students have found that they can often buy their text books from local merchants and book stores in Great Falls, Butte, and Spokane for the same prices asked in their students store. Feeling that the student store prices are not always "the lowest possible," some students have ordered books (in class lots) from publishers and have saved, with an instructors'

discount, as much as 20 per cent under what was being charged by the students' book store. It is my understanding that the student book store also enjoys such discounts, but, as is evident, the savings are not extended to the students.

It may be another case of a student's "gross misunderstanding of prices at the store," but it appears, from an examination of prices paid and prices asked, that the mark-up on used books resold to students runs from 15 to 17 per cent. The mark-up, it would seem, should be near 5 or 7 per cent in order to be the "lowest price possible."

Judson Moore.

Grizzly Tennis Team Ends First Skyline Eight Play

Grizzly tennismen wound up their first year of Skyline conference play with a minor flourish Monday as they dropped the last two-thirds of their Utah U meet, 4 to 2.

The meet, which began last Friday, was finished Monday in Salt Lake City. The total match score was 7 to 2.

Ted Crawford and Park Densmore journeyed to Salt Lake City with the baseball and golf teams and played their two singles and one doubles match, then returned here. The remainder of the team traveled Sunday and competed the match Monday.

In the Montana-Utah U tennis title here, May 27, the Redskins edged the Grizzlies 9 to 0.

The complete tennis season saw the men from Utah take a 3 to 1 edge over the Grizzlies. Of the six

ISU Thinclads Preparing for Skyline Meet

BY RAY SORUM

Three Montana trackmen will have the advantage of having spent the past week working out on the senior Utah State track when they enter the Skyline all-conference track meet Friday and Saturday at Salt Lake City.

John Badgley, Joe Luckman, and Rife remained behind when the rest of the Grizzly squad returned home after the western division meet in Logan last week.

Badgley has placed second only to Utah's Clayne Jensen in this season's meets, and unless Jensen's ailed ankle heals for the conference meet, he will have clear sailing in the highs and lows.

Trackman Training

Luckman, undefeated Grizzly center, will be training for return races in the 100 and 220 with Utah's Dale Newbold who he beat in the Montana-Utah dual meet and tied in both events in the western division meet. Luckman is at his best time in the division meet as he and Newbold hit the 9.9 seconds in the 100-yard dash and 21.5 seconds in the 220.

Rife Holds Top Spot

Rife, also undefeated, will be leading the USAC track this week in his position and to assure Montana points in the mile run. Rife has consistently improved his time throughout the season running his mile in the division meet in 5.7.

Also undefeated in four meets, Mike Fleming and Bob Ripke will arrive in Salt Lake City Monday. Fleming has twice broken the MSU record in half mile, the fastest time in the dual meet with the University of Utah when he edged one-tenth second off the mark, and again during the division meet when he ran it in 7.4 to smash the 1949 mark, set by Ole Veland, by half a second. Ripke tossed his best discus in division meet as he sailed the utter 144 feet 8 inches.

Sigma Nu, Jumbo To Battle Today

Sigma Nu and Jumbo hall will face each other for the first time this season today by virtue of winning their games in the second round of the intramural softball tourney yesterday. The chips are down because it will be the semi-final game in the championship race.

The Sigma Nu-SAE score, although the same score as in Tuesday's Kaimin, is a replay from the bottom half of the seventh because Tuesday's game was protested and reverted back to two out and two down for the Sigma Nus. The protest was granted because of a rule misunderstanding.

The game was taken up from there and the Nus scored in the ninth on an SAE error to win.

The Phi Delta-Independent game is also a replay because of a protest.

Here are yesterday's tourney scores:

Sigma Nu 7, Sigma Alpha Epsilon 6.

Jumbo hall 8, South hall 5.

Sigma Chi 10, Phi Sigma Kappa 9.

Phi Delta Theta 16, Independents 4.
