This Syllabus is brought to you for free and open access by the Course Syllabi at ScholarWorks at University of Montana. It has been accepted for inclusion in Syllabi by an authorized administrator of ScholarWorks at University of Montana. For more information, please contact scholarworks@mso.umt.edu.

Opening the Black Box – What can Founding Papers in Ecology Teach Us about Soil Microbial Interactions?

Time: Thur 3.40 – 5.00pm. Stone 113
Instructor: Dr. Ylva Lekberg (ylekberg@mpgranch.com)

- 28 Aug. Introduction to Soil Ecology
- 4 Sept. The Ecological Niche
Founding paper: Connell JH. 1961. Influence of interspecific competition and other factors on the distribution of the barnacle *Chtamalus stellatus*. Ecology 42:710-723
- 11 Sept. The Neutral model for species distributions
Founding paper: Rosindell et al. 2012. The case for ecological neutral theory. TRENDS 27: 203-208
- 18 Sept. Life-history strategies
Founding paper: Pianka 1970. On r and K selection. The American Naturalist 104:592-597
- 25 Sept. Succession
Founding paper:
Connell and Slatyer 1977. Mechanisms of succession in natural communities and their role in community stability and organization. The American Naturalist 111:1119-1144
- 2 Oct. Drivers of Diversity
Founding paper: Hutchinson. 1959. Homage to Santa Rosalia or Why are there so many kinds of animals? The American Naturalist 93:145-159.
- 9 Oct. Island Biogeography
Founding paper: Simberloff and Wilson. 1969. Experimental zoogeography of islands: The colonization of empty islands. Ecology 50: 278-296
- 16 Oct. Food webs – energy transfer, complexity and stability
Founding paper: Lindeman . 1942. The trophic-dynamic aspect of ecology. Ecology 23: 399-417.
- 23 Oct. Trophic cascades

Founding paper: Hairston et al. 1960. Community structure, population control, and competition. *The American Naturalist* 94: 421-425

- 30 Oct. Climate change: What do we know about responses by soil biota?
- 6 Nov. Methodological advances: What tools are available in soil ecology?
- 13 Nov. Statistical issues and experimental design
- 20 Nov. Invasion: Are there invasive soil microbes and are they behaving like invasive plants and animals?
- 4 Dec. Micro to Macro: How is soil ecology reshaping ecological theory?
