Dear Dick:

Knowing you, I know that you are interested in running a first class newspaper in the form of the Kaimin. This means the information, articles, and editorials would be completely accurate, of course.

In the editorial in your Tuesday, Dec. 4, issue, "Exam Ruling Questioned," Burton Warren stated flatly that "despite the fact that the new ruling was passed last spring, the registrar's office had no knowledge of it earlier this quarter." This, of course, is not a fact and Mr. Warren did not get his information from myself or Mrs. Lommasson, I am sure. We have known about this new ruling ever since it was passed at a faculty meeting last spring since we take the minutes at faculty meetings, write them up, and put them in the minutes. Mr. Warren's statement, that he did not read mimeographed information, is flatly that "despite the fact that the new ruling was almost incredibly tangled, it is, we think, inexcusable that most graduating seniors were not informed that they would have to take finals until last week, though those who had arranged to take jobs during final week, are now in a rather uncomfortable position, and at least one graduate will have to show up in the classroom a few hours after he speaks his wedding vows.

The mixup in the publicizing of the ruling is, however, a minor point. Much more important is the manifest injustice of the ruling itself.

Why the 10 per cent or so of the graduating class that completed its work in December or March should be singled out for taking the final exams has not been adequately explained by the faculty. The inconsistency of the present situation can be resolved only by the repeal of the rule passed last spring, or by making finals mandatory for all seniors in every quarter.—T. A.

Sincerely yours,
Leo Smith,
Registrar.

**SENIOR EXAM EDITORIAL CORRECTED BY REGISTRAR**

**Why the Rule?**

Burton Warren's editorial in Tuesday's Kaimin did, undoubtedly, err in some of its facts, as Mr. Smith points out in his letter today.

Mr. Warren, who graduates this quarter, did, however, inquire at the registrar's office about the status of senior finals, and was informed by one of the registrar's clerks that there had been no change in the rulings concerning them.

Whether the faculty suffered from masse amnesia, whether its members merely neglected to pass the word along to the students, or whatever the case, the fact remains that somewhere along the line the publicity of the faculty ruling was almost incredibly tangled.

It is, we think, inexcusable that most graduating seniors were not informed that they would have to take finals until last week. Those who had arranged to take jobs during final week should be singled out for taking the final exams has not been adequately explained by the faculty. The inconsistency of the present situation can be resolved only by the repeal of the rule passed last spring, or by making exams mandatory for all seniors in every quarter.—T. A.

**Hysteria reigned from the moment he heard the details of those quick-trick cigarette mildness tests. First he giggled . . . then he guffawed . . . wound-up rolling in the aisle! He knew that the "single sniff" test or the "one puff" test didn't prove anything! Millions of smokers have reached the same conclusion — there's just one test that really proves cigarette flavor and mildness! It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camel as your steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments! Once you've enjoyed CAMELS for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why . . .

Students Asked
To Plug MSU
At High Schools

Students are being asked to con-
tact the high school seniors in their
home towns during the latter part of
the Christmas vacation when
high schools will be in session.
Names of persons interested in this
contact program should sign up
in their home groups.

Persons who are interested in
contacting high schools not cov-
