## UM RECEIVES GRANT FOR SPEECH PATHOLOGY PROJECT

MISSOULA--

A \$25,109 federal grant has been awarded to the University of Montana for use in the field of speech pathology and audiology, according to Fred S. Honkala, director of research at the Missoula unit.

The continuation grant from the Vocational Rehabilitation Administration will finance the rehabilitation training project now in operation for the period of Sept. 1, 1967 through Aug. 31, 1968. The project has been approved for an additional four years through Aug. 31, 1971.

The money will be used for a teaching grant and four traineeships.
