IN STILL

& in conjure we learn intimate
molecules heap in design to
this wide open, let's all
stammer as we say *everything*,
word of worlds; both wide &
otherwise; word in thalamus
caught in kingdoms of air,
thought, & ink requires all &
nothing of science

to build inside a body/outside
a body; we all in string to;

lamps of energy burning & in
burn.

To be peasant of language; to
draw breath & what exhales
paints us; a *new* new; say
swaddle; how the petal devotes
to flower as flower; how in
night, first, you hear the leaves
release from the aspen; how
the whisper devours you,
unable in sun's westerly crawl
to forgive the light, when you,
yes you, in still, in
still.
