- e. Inserting and formatting graphics, columns, drop caps, text boxes, and diagrams

STUDENT PERFORMANCE ASSESSMENT METHODS AND GRADING PROCEDURES:

All projects, tests, skill building drills, and timings will be graded on a point system (points received/points available). Total points earned will be divided by total points possible for letter grades as follows:

90 -100%	= A
80 - 89%	= B
70 - 79%	= C
60 - 69%	= D

ASSIGNMENTS:

Projects will be assigned throughout the semester. Full points will be given for projects which are correctly formatted and proofread for accuracy, such as spelling and punctuation. Projects must be submitted by due date to earn full points. Late work will be accepted for only one week after due date. Late projects will receive fewer points to result in a one-letter grade reduction. Unsubmitted projects will be recorded as zeros. Projects must be completed using Microsoft Word 2013.

ACADEMIC INTEGRITY:

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or a disciplinary sanction by the University.

All students need to be familiar with the Student Conduct Code. The Code is available for review online at <http://www.umt.edu/SA/VPSA/index.cfm/page/1321>.
