STUDENT PERFORMANCE ASSESSMENT METHODS AND GRADING PROCEDURES:
Production and Testing

1. Students will be required to demonstrate daily production assignments requiring pre-planning of methodology and recipes. Recipes must be read and understood by the student before attending class. Students will be evaluated on teamwork, professionalism, mise en place, production guide/timelines, plating diagrams, quality of finished product, sanitation and organizational skills. All assignments, projects and tests will be assigned point values. It is the responsibility of the student to obtain quiz and production competency scores. Weekly tests will be given and graded immediately in class.

2. The quiz schedule and dates are included in the weekly schedule posted in introductory content area of Moodle shell. Quizzes will be written and given during class time. Grading will take place immediately after the quiz is complete. Makeup for a missed test is not offered unless faculty is notified and guidelines are identified for the individual situation before each test. Students may be able to make up a missed test for emergency situations such as sickness or required work activities, but must submit documented excused absences such as a Doctor note identifying excused dates or mandatory work related travel dates in a timely manner.

3. It will be the student’s responsibility to complete the assigned competencies. Upon completion, it will be the student’s responsibility to have Chef Elliott critique to assignment and give feedback to the student on what can be improved, quality standards, etc. At that point, it will be the student’s responsibility to type the feedback and submit the feedback via Moodle Drop Box by the end of the rotation to receive a grade for the competencies.
