MSU Wins Third Skyline Contest; Beats Lobos 76-65

Montana Grizzlies copped their second Skyline conference victory in a row and their third of the season last night as they dumped the sixth place New Mexico Lobos 76-65.

Ritch Johnson and Dave Adams sparked a second quarter rally that pulled the Silvertips from a 22-21 first quarter lead

to a 40-29 halftime margin. The Grizzlies kept the 11-point advantage to lead 54-43 at the three quarter mark, and held on through a ragged fourth period to grab the victory.

Bruce Wilson and Toby Roybal hit often during the first period to give the Lobos a short lived 19-18 lead, but Eddie Argenbright's jump shot put the Grizzlies out front 20-19 and they never were behind again.

In the third period big George Samuelson hit seven of the 14 Grizzly points to keep the Silvertips ahead by 11. Moving into the fourth canto the Lobos cut the lead but with Argenbright hitting often Coach Dahlberg's squad fought to their seventh victory of the season.

Argenbright was top scorer of the evening as the sharpshooting guard garnered 19 points. Wilson led New Mexico point makers with 17. Johnson tallied 13 and Samuelson and Eddie Anderson hit 12. Adams dropped through 11.

The Lobos counted on 19 of 20 free throws for a phenomenal 95 per cent. The Grizzlies hit 28 of 71 field goals for 39 per cent, while New Mexico was hitting on 23 of 76 for 30 per cent.

SCA Plans Skits About Family Life

Two skits on family life will be presented at the Student Christian association meeting tonight at 7:30 p.m. in the Eloise Knowles room.

The skits will portray American family life as it is seen in two different lights—where there are personality clashes among the individual members of the family and where the advantages of having a family in which there is harmonious co-operation are revealed.

Clara Wood, associate director of the School of Religion will afterward lead a group discussion on the phases of family life as they were presented in the skits.

Three Students Injured In Collision Near Anaconda

Three Montana State University students were injured Saturday night in a two-car collision five miles east of Anaconda in which two died and one other was injured.

James Peterson, David Burton and Robert Mitchell, all of Billings, and members of Phi Delta Theta fraternity, were injured in the accident. Russell Douglas and Wallace Rongstad of Deer Lodge died of injuries sustained in the collision. Gerald Prue, Deer Lodge, also was injured. Douglas, Rongstad and Prue were employees of the Anaconda Smelting company.

Peterson and Burton were listed in poor condition Sunday night by hospital attendants. Mitchell and Prue were listed as in fair condition.

The U.S. Will Not Recognize Red China . . .

. . . according to Secretary of State Dulles. Dulles told bi-partisan members of Congress today that he had won "Soviet Russia's formal agreement" at the Berlin conference to the condition that the U.S. will not recognize the Peiping regime.

A "Swarm of Earth Tremblors" in Siberia . . .

. . . were recorded by the siesmographic observatory at Mexico City yesterday. The strongest quake was believed to have been centered in the Kamchatka peninsula in northeastern Siberia.

Pakistan Took a Long Stride Toward the West . . .

. . . yesterday by asking the United States for military aid. Premier Mohammed Ali made the request in face of strong opposition from Russia and India.

A Link Between Lung Cancer and Smoking . . .

. . . is a possibility according to Dr. Cuyler Hammond who, in the U.S. News and World Report said he has "good reason to suspect" such a link. Hammond, head of the investigation branch of the American Cancer Society, said the evidence that impresses him is that the death rate among heavy smokers may be twice as high as among non-smokers.

Senator McCarthy and Army Secretary Stevens . . .

. . . will meet Thursday for the show-down battle concerning the case of Maj. Irving Peress, accused by McCarthy of being a "Fifth Amendment Communist." McCarthy received the Sons of the Revolution good citizenship medal yesterday. The chairman and the three prominent members resigned because of the award.

MSU Construction Bids Open Today

President Carl McFarland and Tom G. Swearingen, university maintenance engineer, are in Helena today attending a meeting on the bid openings for the proposed construction of Commons-Union, new addition to Craig hall, and the pedestrian tunnel from New Hall to the Union.

Bids are to be opened at 9:30 this morning in the office of the Board of Education.

President McFarland attended a meeting of the directors of the Helena branch of the Federal Reserve bank last night. The President was recently appointed to a one-year term as director of the branch office.

Kaimin Positions For '54-'55 Open; Interviews Feb. 26

Kaimin editor and buisness manager applicants for 1954-55 will be interviewed Feb. 26 at 3 p.m. in the Eloise Knowles room of the Student Union, according to Jim Larcombe, Malta, chairman of publications board.

Applications for both posts must be turned in to Larcombe or to the Student Union business office by Feb. 26.

To qualify for the editorship of the Kaimin, a student must be a journalism major. He must have had one quarter of copyreading practice or one quarter of reporting practice and have worked on the Kaimin. He must also have attended MSU at least three quarters including the quarter in which he is chosen.

Requirements for the business manager are that he have junior standing at the time of selection. Knowledge of advertising and business procedure, and previous service on the Kaimin business staff is considered.

Interviews for Kaimin associate editors will be March 5 at 3 p.m. in the Eloise Knowles room.

JEWELRY CLASS REGISTERS

A class in making copper and silver wire jewelry will begin as soon as enough students sign up. Register at Miss Cyrille Van Duser's office in the Student Union.

Editorial

It's High Time We Get a . . .

Signed Agreement

We were indeed pleased to note that the hazy question of book store rental was brought into the light and analyzed at the Student Union executive meeting yesterday. The question of book store rental has been an un-talked about mystery for a long time. It's been such a mystery that even the auditor of student and auxiliary organizations has been unable to clearly understand its ramifications.

The main concern of the students and faculty seeking enlightenment at yesterday's meeting was, "how much rent should the book store pay, how much rent does it pay, and is there any concrete policy concerning the rent."

What has the rental been in the past? It's hard to pin a figure down. There's been no written agreement concerning the rental of a store that's gross has fluctuated from \$356,753 in 1948-49 to \$222,999 in 1952-53.

The History of the Rental Set-Up . . .

In 1935 the yearly rental was \$1,600. In 1947 the rent was raised to \$1,600 plus two per cent of sales. From examination of executive board minutes it's not definite whether gross or net sales were meant.

On Feb. 24, 1953 Vince Wilson moved that the rental of book store space for the fiscal year 1952-53 be \$4,000. It passed. On March 10 of the same year E. B. Dugan moved that a contract be drawn up to be signed by the store board and the executive committee which would specify the amount of rent to be paid. It passed. Yet no written agreement has been signed by these groups, according to the knowledge of the student auditor.

Has the \$4,000 been paid? Examination of the 1952-53 financial report for student and auxiliary organizations does not show an outgo from the book store or an income into student funds of \$4,000 for rent. Rather, it shows payment of \$3,000.

On March 31, 1953 Dick Biggerstaff, then a member of the board moved that the Student Union executive board present to the store board a sliding scale of rental for the space occupied by the book store to become effective July 1, 1953. It passed. Nothing concrete was done concerning this motion. Late last autumn President McFarland took the store rental question under advisement. Nothing concrete has come from his office as yet.

Not a Good Example of Good Business . . .

It's rather obvious that the rental set-up is not a good example of the tenets of good business. No rental agreement will work unless it has the sanction of both the tenant and the landlord. At present all that exists is a verbal agreement between the managers of the two units, while the landlord (Student Union executive board) and the tenant (store board) are lost in a maze of unsigned agreements.

We hope that before the dissolution process of the present Union begins, and agreements for the next Union start, a concrete policy for book store rental is devised—and signed.—BJ

Both Speculation
And Utilization of
Truth Count-FVP

Dear Editor:

In re your editorial of Feb. 19, 1954 and the speech of Otto Bessey at the Charter Day convocation, it appears, and few will deny, that there is something wrong with modern university education.

It would seem, in view of the motto of Montana State University and the definition of a university (a place where students associate to consider universals) that the problem is primarily of one of truth. There are two aspects of the problem of truth in the university, i.e., the speculation of truth and the utilization of it.

In the speculation of truth the first concern should be of knowing truth in itself, as a principle, and there should be in students a development of understanding, a habit perfecting the intellect for the consideration of truth. Truth may be known also through something else, i.e., by inquiry. Consideration of truth through conclusions is science, and consideration of truth through highest causes is wisdom. Further virtues which should be the knowledge of university students in speculation of truth are art and prudence.

Art is right reason about things to be made and may be liberal or servile. Liberal arts are speculative works which are works free from the body (from liber, free) as opposed to servile arts which are works done by the body (trades and crafts). The servile arts have no place in the university. Prudence is the consideration of truth by use of right reason in things to be done.

However, the speculation of truth is not sufficient, for a student must leave the university, and live in the world. To adequately prepare the student, there should be education in the virtue of prudence which is the consideration of reason itself and its perfection.

Reason puts its order into operations and this is the virtue of justice. Reason also puts its order into passions. When the passions incite a person from reason, the curb is temperance, and when passions withdraw us from following reason, the strengthening is fortitude.

In order to solve the situation that universities in the United States are faced with, the above should be the substance of the education in the university. Qui habet aures audiendi audiat.

American Prestige, Communism
Evaluated by Foreign Students

BY BILL HEINTZ

Their thoughts moving between two opposite subjects—Americanism and communism—seven foreign students attending MSU seemed to be in full accord with Genevieve Correard, France, when she said "Americans are afraid of Communists because they don't know what a communist is." She made this statement at last Wednesday night's International Relations club meeting.

The seven students, representing most major countries of Europe and Asia, discussed "Americanism and its relation to other countries" at the IRC meeting.

In attempting to find out just why American prestige abroad is continually dropping, the exchange students listed several factors which result in wrong impressions of America. First on this list was movies which show Americans as crime loving and overly rich. Secondly, tourists seem to always give the impression they have just money and little common sense. Third, most Americans who are members of embassys abroad, don't care or don't want to learn about the country they are in or take

an active interest in its political and economic problems.

When asked why most foreign countries seem to fear the U.S. more than Russia, Lisa Kure, Denmark, said that Americans "try to force themselves on other countries but we don't need to fear that from Russia since they have an iron curtain between us and them."

Three suggested solutions to the problem of falling American prestige included these: (1) the members of American embassys should not try to act superiorly toward the people in foreign countries, (2) American corporations and business in foreign countries should try to improve relations with these countries by hiring more native labor, both skilled and unskilled, and (3) most important, the U.S. should try to improve its propaganda program abroad since it does not present a true picture of American life.

The foreign students attending the meeting included Miss Correard, Miss Kure, Guadalupe Da Costa, Honduras; Joseph Hien, Viet Nam; Andree Van Trooijen, Holland; Sami Ahsan, Pakistan, and Catherine Tzouganatou, Greece.

Cubs Outscore Fox Block In Rough Game Last Night

By ART MATHISON

Bobby Powell broke out with a last-minute flurry of baskets last night to give the MSU Cubs a 69-65 victory over the Fox Block squad of former Grizzlies. The game was a knock-down and drag-out affair all the way and one that had the fans howling.

Chuck Davis and Lou Rocheleau flipped a string of baskets and free throws to help Fox Block post a 16-11 lead at the quarter. Rocheleau and Dale Johnson potted set shots, Pete Muri drove in for a Cub basket, John Eahart hooked for the Fox Block and Johnson dunked a lay-in as the Grizzly veterans opened up an eleven-point margin over the Cubs. Ray Howard and Zip Rhoades flipped free throws and Muri drove again for a lay-in as the half ended 32-27, Fox Block.

Midway through the third quarter Fox Block had the Cubs down 47-39. Then Howard layed a pair through the hoop, Maury Colberg hit a gift-toss and Rhoades a jump shot to narrow the margin to 46-47, Fox Block. After Hal Sherbeck pitched four, Howard and Rhoades hit to end the third quarter with Fox Block still leading, 51-49.

The Cubs finally grabbed the lead, 60-59, with three minutes remaining in the game. Rocheleau canned a jump-shot for the veterans, Powell retaliated, Howard and Powell tossed free-throws, Rocheleau and Rhoades exchanged layins, Rhoades and Powell snapped gift-shots, and Rocheleau hit at the buzzer. Final 69-65 in favor of the Cubs.

Rocheleau was sensational with 29 points for the Fox Block. Rhoades hit 20 and Howard 17 for the winners. Rhoades was brilliant on defense as he held Chuck Davis to two field-goals and seven points.

Cubs Defeat Mines

Cubs defeated Montana School of Mines 93-72 in Butte Thursday night when they scored on better than 50 per cent of their field-goal attempts. They led Mines by quarter scores of 20-15, 39-28, 64-48. Howard was high for the

Frosh with 21 points; Dan Regan led all scorers with 29.

Cub scoring: Howard, 21; Peterson, 17; Rhoades, 16; Colberg, 11; Monson, 10; Dunham, 7; Powell, 4; Muri, 3; McCarty, 2; and Breckenridge, 2.

Freshman Cager Hurt in Accident

Jim Peterson, Billings, a starting forward on the freshman basketball team was seriously injured Saturday night in a two-car collision five miles east of Anaconda. Peterson, along with Dave Burton and Robert Mitchell both of Billings, was enroute to the Smelter City for the Billings-Anaconda high school basketball game.

Peterson received a fractured leg and head injuries and Burton a severe head laceration. Their condition was described as "poor." Mitchell, apparent driver of the car, is suffering from head and face cuts, bruises and a concussion.

While playing for the Frosh team Peterson scored 116 points on 48 field goals in 106 tries for a .453 average, and 20 of 28 free throws for .714. His point average is 10.5 for fourth spot among freshman scorers.

Burton is a transfer student for Washington State college and is ineligible for Grizzly sports. While in high school he was an outstanding basketball and baseball player.

CALLS FOR GOLFERS

Dr. Don Barnett, MSU golf coach, has announced that anyone wishing to try for a position on the Grizzly golf team should contact him at 129 East Broadway or phone 2-2560.

Only one letterman, Don Welch, Havre, returns to the squad this year and anyone that can shoot 85, or better, has a chance, according to Dr. Barnett.

Last year's squad tied for second in the Skyline.

MSU Women Win 3rd Place In WSC Meet

MSU's women's ski team placed third in a ski meet last week end at St. Joe Ski Bowl near Washington State college at Pullman. The University of Washington team placed first and WSC second. Other teams were Western Washington, Idaho University, and University of British Columbia.

The Montana team consists of Jane Seely, Whitefish, Phyllis Kind, Portland, Ore., Rosie Laing and Nan Hubbard, both of Missoula, who were the four top skiers in the MSU intramural ski meet this winter.

The MSU team was hurt when Miss Seely, the first skier of the group, pulled a ligament in her knee while practicing the course Friday. She was unable to ski in the meet.

The girls, accompanied by Mrs. Deanne Thorsrud, instructor of health and physical education, left for Pullman Thursday. They practiced the run Friday and then Saturday each person was timed in two heats of the giant slalom.

Four Squads Forfeit Games In I-M Action

Forfeits in League A totaled 100 per cent in Saturday's Intramural basketball while League C play Monday night saw one more forfeit.

On Saturday's schedule, Phi Sigma Kappa, Phi Delta Theta, and Theta Chi picked up easy victories over Jumbolaya, Sigma Phi Epsilon, and Alpha Tau Omega, respectively.

The Scrounges came from behind with a rally in the last quarter to eke out a 39-35 triumph over the Schooners Monday night. Dave Peterson, Schooner high-pointer, made 20 while James Bergerson made 15 to top the victorious Scrounges.

In another close game, the Butte Rats stayed in title contention with a 48-42 victory over the Pinetoppers. The Rats held a scant two-point, 23-21 margin at the half-time and were hard-pressed throughout the final stanzas to gain the margin of victory. John Frankino, Dick Bork, and Frank Hackett had 15, 14, and 13 points respectively for Butte while Marvin Nelson with 14 and Ken Cardwell with 12 topped the Toppers.

The Culls forfeited their second game of the season to the Kubabes, thus eliminating themselves from the league chase. The Kubabes stayed in a tie for the league lead with the workless victory.

In the final game, the Sodbusters ganged up on the hapless Tommyhawks for a 47-30 win. The win kept the Sodbusters in the three-way League C first-place tie. Lino Marsillo scored 19 for the losers, while Norm Johnson with 13 and Don Welch with 10 were tops for the Sodbusters.

I-M Hoop Sched

No Names and Phi Epsilon Kappa, both undefeated in League B Intramural basketball play, meet tonight at 6:30 p.m. in what promises to be a torrid tilt. Oddballs and South hall take over the court at 7:30 p.m., followed by Sigma Nu and Theta Chi at 8:30 p.m., and Education club and Strip Houses at 9:30 p.m.

Officials: Porter and Stocking, Frank and Heinz.

Grizzlies Down Denver 60-52; May Avoid Conference Cellar

With only a slim chance remaining to escape the Skyline conference cellar, MSU Grizzlies took one step in that direction Saturday night by thumping the erratic-passing Denver-Pioneers 60-52 in the Field House.

The Silvertips grabbed an 18-10 first-quarter lead on the strength of George Samuelson's work under the basket and off the backboards, and stretched their lead to 32-20 at halftime. Keith Patton was sensational for Denver as he and Samuelson engaged in a first-half scoring duel.

With Montana's big offensive guns—Ed Anderson and Ed Argenbright—muffled by the tight-checking Pioneers, Ritch Johnson broke through for nine points in the third quarter and Montana led 52-32. Grizzly reserves played much of the final period.

Johnson canned 17, Samuelson 15, and Anderson 10 for Montana as the Silvertips hit 38 per cent of their field goal tries. Patton hit 24 points for Denver, Tom Rhone was a hard-working floorman, and Ed Donchey followed

Argenbright like a shadow, but the Pioneers showed little else in their Missoula appearance.

The victory was Montana's sixth of the season and the second in Skyline play.

"Amphitryon" Tryouts Soon

Tryouts for the Masquer's spring quarter production, "Amphitryon 38," will be held Wednesday and Thursday from 3 to 5 and 7 to 9 p.m. in Simpkins Little Theater. There are 10 male and 4 female roles to be filled.

Abe Wollock of the drama department said he is anxious to get a large turnout for the tryouts. Everyone is welcome and experience is not necessary. Rehearsals will begin next Monday and the cast will be announced in next Tuesday's Kaimin.

Wollock pointed out that the tryout call is for actors and also for lighting, costume, scenery, and makeup crews. Interested persons not able to come to tryouts should contact Wollock or Marge Loveberg, theater secretary in Simpkins Little Theater.

Copies of the play will be available until 2 p.m. Wednesday at the main desk of the library so they may be read before tryouts are held.

Jeanene Schilling, Missoula, is in charge of costumes and Bob Haight, Bozeman, is technical assistant in charge of lighting and scenery.

Music School Has Student Recital

Classical and modern music will be featured today on the student recital program sponsored by the MSU School of Music. The recital will be held at 3 p.m. in the Recital hall of the music school.

The program will begin with Bach's "Prelude and Fugetta in G Major for Piano" performed by Marie Duff, Fromberg. Alicejane Carkeek, Butte, will play the "Prelude" from the "Suite in C Major for Cello" by Bach. "Three Fantastic Dances" by Shostakovich will be performed by Arnold Caruthers, Missoula, pianist.

Basset's "Take Joy Home" will be sung by Colleen Baker, Beach, N. D., mezzo-soprano. Echolyn Lee, Fairfield, will be the accompanist. The program will conclude with the "Concerto in D Major" by Mozart. Roberta Lucke, Havre, will be the flute soloist, and the accompanist will be Kay Mueller, Bozeman.

Military Ball Will Feature AF Band

ROTC's annual Military ball will get underway April 16 in the Bitterroot room of the Hotel Florence, announced Maj. Ed Zeuty, associate professor of air science, yesterday.

The Great Falls Air Force band, which played in the Student Union auditorium last year, will provide the music.

Representatives from Sponsor Corps, Scabbard and Blade, Arnold Air society, and Pershing Rifles met last Wednesday to decide upon the date and location of the ball.

CANADIAN EXHIBIT INCLUDES ART OF MSU INSTRUCTOR

James Dew, Fine Arts instructor, has been informed that one of his paintings has been chosen to appear in a traveling exhibition throughout Canada.

The painting appeared in the Northwest Annual Exhibition at the art museum in Seattle and was chosen from that exhibition at the request of a group in Western Canada. The Canadian exhibition will last a year.

WEIDMAN WILL SPEAK AT SGE COFFEE HOUR

Sigma Gamma Epsilon will hold a regular Wednesday noon coffee and discussion hour in Room 3 of Main Hall, according to Tom Pullen, president.

Robert M. Weidman, instructor in Geology, who was scheduled to speak last week by error will be the main speaker and will talk on "The Oil Geology of Eastern Nevada."

WOMEN'S BOWLING TEAMS TO DRAW FOR POSITIONS

Women's bowling teams will draw for tournament playing positions Tuesday, Feb. 23, at 4 p.m. in the Women's Center building, according to Bev York, Missoula, WRA Bowling chairman.

Each team must consist of five members to be eligible to bowl in the tournament Saturday, Feb. 27, at the Liberty Bowling Center. The tournament will begin at 9 a.m. Saturday.

PE Bowlers Win 3 Games

Physical Education, running second in the present faculty bowling league, was the only team winning three of its games Tuesday night at the Liberty alleys. It defeated the Humanites squad, 3-0.

Air Science, Chemistry-Pharmacy, and Business Administration each won two games, defeating Journalism, Administration and Natural Science.

Ted Smith of the Business Administration rolled the high game of the evening with 234, and also

compiled the high individual series of 586.

Air Science took the honors in both high team series and high team game with 2404 and 871.

IT'S ALL A MATTER OF TASTE

No guessing games with cigarettes
When Luckies are your brand—
A cleaner, fresher, smoother smoke,
A taste that's really grand!

Phil W. Elder
Oklahoma University

When you come right down to it, you smoke for one simple reason . . . enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco . . . light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better . . . always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

I've often been class president—
I'm called a real go-getter!
My brand is always Lucky Strike—
Why shucks, they just taste better!

Lillian Firestone
Barnard College

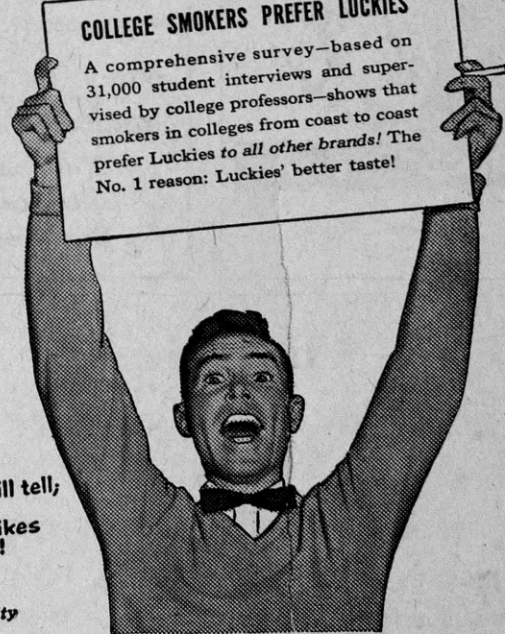

I've always heard that taste will tell,
And now I know it's true—
The better taste of Lucky Strikes
Will sure convince you, too!

Donald A. Bell
Creighton University

COLLEGE SMOKERS PREFER LUCKIES
A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

COPR., THE AMERICAN TOBACCO COMPANY

LUCKIES TASTE BETTER
