FALL 2002

Cindy Garthwait, MSSW
The University of Montana
Department of Social Work

Tuesday 3:10-5:00 pm, LA 207

PURPOSE

The goal of the Practicum Seminar is to enhance the social work practicum experience by facilitating the integration of prior classroom learning and actual social work practice. Students will gain an understanding of the roles of the social worker in their agency settings and come to an understanding of professionalism, the planned change process, social policy, and ethics.

Heavy emphasis is placed on providing students with an opportunity to develop skills in oral communication and in explaining and describing social work practice and the structure and functioning of a social policy.

The specific topics to be discussed are ones directly related to the questions on the Competency Examination. Thus, this seminar is also intended to assist students in preparing for the Competency Examination.

GRADING

Pass / Fail
ATTENDANCE

Students are expected to attend all classes. HAVING MORE THAN TWO ABSENCES MAY RESULT IN A FAILING GRADE. Roll will be taken. Given good reason or special circumstances, a student may be excused from attending a session. If a student misses a class s/he must make arrangements with the instructor to make up the work missed.

ASSIGNED READINGS

Both books are available at the University Center Bookstore.

CONFIDENTIALITY

Given the nature of the seminar and the fact that it will focus on concerns and issues faced by students working with real clients in real agencies, it is critically important that client confidentiality be protected. NEVER reveal the name of a client or provide descriptive information that might identify the client even when names are not mentioned. Consult with your instructor prior to the seminar meeting if you are unsure how you can discuss an important question or issue and still protect confidentiality.

SEMINAR FORMAT

Most of the sessions will be devoted to topics relevant to the practicum experience and to integrating social work concepts and theory with actual practice. STUDENTS ARE TO COME PREPARED TO DISCUSS THE WEEKLY TOPIC BY READING THE REQUIRED READINGS, COMPLETING THE WORKBOOK SECTIONS ASSIGNED, AND BE READY TO DISCUSS THE WEEKLY TOPIC. Students will be expected to bring examples from their agencies, to develop ideas and questions relevant to the topic of the week, and to respond professionally to the concerns and questions of other students.

Each student will be responsible for leading the discussion one week, and students can choose which week and topic they wish to lead.

WRITTEN ASSIGNMENTS

Each week, 1-2 chapters from the assigned textbook will be assigned. Students are to read the chapters and complete the workbook sections of the chapters. Students are to come prepared to discuss what they have written in the workbook.
Students are also encouraged to spend time each week scanning and reviewing ALL chapters of the textbook, and whenever possible, answering those workbook questions for which they have relevant information and experience.

If students are conscientious about securing answers to the questions listed in the workbook and entering the information into the space provided, they will be creating a record of immense value to the process of writing the social work Competency Examination.

Students are to write a 3-5 page draft of Competency Examination questions 1 (organizational and community context of practice), 2 (social problems / social policy), and 7 (the profession of social work).

Draft of question 1 due date October 22
Draft of question 2 due date November 12
Draft of question 7 due date December 3
