**INTERNATIONAL ENTERTAINMENT** — Dances by University students from foreign countries were part of the entertainment that climaxed the annual Institute on Indian Affairs last Friday in the Field House. Pictures are, left, Estela Escobar, San Sal-

vador, and center, Ronald Lau, Honolulu, T. H. Native costumes, such as those worn by the Black-foot mother and child at right, added flavor and authenticity to the four-day conference. An elk barbeque preceded the entertainment.

## Changes in Administration Announced by McFarland

The State Board of Education approved numerous changes in the University administration at an April 8 meeting, Pres. Carl McFarland announced yesterday. Physical plant administration will be divided into two parts. T. G. Swearingen, former maintenance engineer, becomes director of the Planning and Construction office to handle technical details for new construction and major additions to plant and grounds.

Marcus J. Bourke, Director of Family Housing, becomes Superintendent of Buildings and Grounds.

For the coming fiscal year, Henry K. Shearer, assistant professor of economics, will become director of the Bureau of Business and Economic Research. Associate Prof. Edward J. Chambers, of the business school, is associate director.

Prof. Gordon B. Castle will give up his duties as dean of the Graduate School to give full time to his duties as director of the Biological Station, though he will still teach in the zoology department.

Professor Ellis L. Waldron, of the Dept. of History and Political Science, will become acting dean of the Graduate School.

Harold Chatland, dean of the faculty, will become acting vice president. Associate Prof. Joseph Hashisaki, of the mathematics department, will become assistant to the dean of faculty.

For administrative purposes re-

search in the fields of state and local government will be formalized in a Bureau of Government Research. Director will be Assistant Prof. Robert B. Richert of the history and political science staff.

## University Faculty, Administration Promotions Given

Twenty-three members of the MSU faculty and administration received promotions effective July 1, at a recent meeting of the State Board of Education.

Those promoted from associate professor to professor are: Royal B. Brunson, Nan C. Carpenter, Seth A. Fessenden, Fred S. Honkala, Ralph Y. McGinnis, James E. Short, Vernon O. Sletten, Ellis Waldron and George F. Weisel.

The following were promoted from assistant professor to associate professor: Gene Cox, George B. Heliker, Walter Hook, Raymond H. McEvoy, and Vincent Wilson.

Wolfgang Schmidt was promoted from lecturer to assistant professor and instructors James Faurot, Robert S. Hoffman, and Sherman J. Preece were promoted from instructor to assistant professor.

Firman H. Brown was promoted from lecturer to instructor. Naseby Rhinehart and Archer Tayler were transferred from schedule D to instructional rank and Mrs. Maxine C. Johnson was also given instructional rank.

Mrs. Edith Huff was promoted from assistant head resident to head resident of Corbin Hall and will replace Mrs. Jane Thompson who is retiring.

## Novelist Sagan Still in Danger

PARIS (U)—French novelist Françoise Sagan, whose precocious stories of a young girl's love brought her fame and fortune at 18, emerged briefly from a coma yesterday for the first time since the sports car she liked to drive barefoot cracked up near Paris Sunday.

However, doctors said the condition of the 21-year-old writer of "Bonjour Tristesse" and "A Certain Smile" remained critical. They said she would be in danger for another 48 hours.

Miss Sagan suffered severe injuries to her head, stomach, chest and collarbone when her British-made Aston-Martin sports car swerved out of control, leaped a ditch and rolled over in an open field near Auvergne. In the wreckage of the car, authorities found the manuscript of her third novel, "The Dead Eyelids."

The Saturday Review of Literature last year listed Miss Sagan as "one of the great woman novelists of all time primarily because of the promise she showed at such a young age."

Her writing and her own fast-moving existence reflect the French devil-may-care attitude of youth toward life. In some ways her books are reminiscent of the works of F. Scott Fitzgerald in the 1920's.

## Gilbert Appointed English Chairman

Associate Professor Vedder M. Gilbert has been named chairman of the English department, President Carl McFarland announced yesterday. Prof. Nan Carpenter, who has been chairman during the past year, will become chairman of the Editorial Board of the University Press.

Associate Professor Walter Hook was named chairman of the Art faculty.

Dr. John J. Munoz, who will arrive on campus during the summer, will become chairman of the Department of Bacteriology as well as Director of the Stella Duncan Memorial Fund research. Assoc. Prof. Mitsuru J. Nakamura will continue to act as chairman.

Assistant Professor Vincent K. Shaudys is chairman of the new Department of Geography.

## DG Sharon Gibbs Selected to Reign At MSU's Rodeo

Sharon Gibbs, Delta Gamma, was selected MSU Rodeo Queen Sunday by University Rodeo Club members to reign over their two-day rodeo April 19-20. Kay Huffman, Kappa Alpha Theta, and Sharon Orr, Alpha Phi, will be her attendants.

The candidates were chosen from sorority and living group

SHARON GIBBS

entries on the basis of personality, beauty, scholarship, and horsemanship.

Miss Gibbs will be entered in competition with other NIRA rodeo queens for the National Rodeo Finals honors. The NIRA queen will be selected by the Colorado Springs Junior Chamber of Commerce, which sponsors the national championships.

## Board Discusses Store Status Calmly, Carefully

By TED HULBERT

Store Board, meeting Friday afternoon, discussed calmly and carefully developments which have occurred during the past week on the present status and future of the Associated Students Store.

The board adopted unanimously a motion by member John Powell that it ask MSU President Carl McFarland and attorney Sherman Lohn to confer during the week and draw up a resolution for the board to consider next Tuesday.

Faculty chairman Dr. Ralph McGinnis, in opening the meeting, gave members and other students attending copies of a proposed resolution from Lohn to the board. The resolution, dated April 2, in part:

"Now, therefore, be it resolved,

## Store Board Work Heard, Discussed At Friday Meeting

Dr. Ralph Y. McGinnis, speech professor and chairman of the Store Board Committee, traced the development and workings of the Store Board since its first meeting on deincorporation March 13 at Montana Forum's meeting Friday noon in the Lodge.

"We are trying to find out all the facts that we can before reaching any conclusion," McGinnis said. "We are proceeding cautiously as we want to do the best job for the sake of the University."

Larry Gaughan, Store Board committee member, stressed the need to consider both aspects equally in the deincorporation problem—the aspects of (1) where the final power is going to be and where the profits will go, and (2) how to get the best and most effective store considering taxation, prices, management, and the incidental facts of control.

Gaughan felt that more emphasis should be put on the second aspect in considering the issue.

## Liberal Arts Club Lecture Tells of 'Blake the Painter'

"William Blake the Painter" is the topic of the Liberal Arts Club Lecture at 4:10 today in the music auditorium.

Aden Arnold, professor of art, will lead the discussion, dealing with the artistic creations of Blake, English Romantic poet and artist. His lecture will be illustrated with slides and reproductions of Blake's engravings and canvases.

Today's lecture is the second in a series of talks observing the 200th birth-year of Blake. Next Tuesday, Prof. Edmund L. Freeman will discuss "Blake the Prophet" in LA104 at 4:10.

"Whereas, the President of Montana State University has proposed that, in the event the Associated Students Store corporation is dissolved and the assets distributed to Montana State University, the business will be conducted by the University with an advisory board of students; That the Associated Students Store, by and through its officers and directors, accept the proposal made by the President of Montana State University . . ."

### Resolution Discussed

McGinnis asked what action the board would prefer to take on the April 2 resolution, in light of more recent developments, including a statement from President McFarland which appeared in the April 11 Kaimin.

Dr. McFarland's statement, in part:

"The actual deincorporation, in my opinion, would probably involve an assignment of store property to ASMSU by Store Board, acceptance by Central Board, and lastly the adoption and filing of a simple resolution of dissolution by the Store Board. Upon deincorporation a committee would succeed the Board of Directors. Funds and transactions would be audited by the University as in the case of other student organizations."

Member John Powell then suggested a conference between Dr. McFarland and attorney Lohn, and moved that the board go on record in favor of such a conference within the next week.

### Two Questions

ASMSU Business Manager Bruce Cook said the important question was how the store could be managed most efficiently. Second in importance, Cook said, is how students feel about technicalities of settling the matter. Cook added that in any event, students have not shown willingness to accept practical control of the store.

Bruce Crippen said ultimate control of the store should rest with the students, and if Dr. McFarland's opinion of April 10 is incorporated into a proposed

resolution, control would rest with the "committee (which) would succeed the Board of Directors."

Crippen added his opinion that college students can show and have shown responsibility in control of the store.

Morris McCollum, manager of the store, said the question was not who actually owned the store, but whether or not students feel they have an opportunity to express their wishes and complaints about its operation.

As long as there is a student committee, McCollum said, the student body will be able to express these opinions. The assurance of proper policies is what matters most, he added.

## Delta Sigs Sponsor Greek Competition For Blood Drive

Delta Sigma Phi, recently organized social fraternity, has given Greek living groups an incentive to participate in the current Red Cross blood drive.

The fraternity has sent a letter of challenge to all other fraternities and sororities, proposing a competitive plan to encourage an active Greek interest in the drive.

The fraternity will award two traveling trophies at the end of the drive. One trophy goes to the group with the highest percentage of donors, the other to the group with the lowest percentage. The small loser's trophy has a chicken engraved on it.

The losing fraternity or sorority will be required to provide some means of entertainment for all other Greeks, the Delta Sigs said.

The letter stipulated that if the Red Cross can't take blood from a donor, the donor will still be given credit for trying.

Dean Hess, Delta Sigma Phi president, said the idea of a competitive blood drive evolved out of the last blood drawing, Feb. 26. According to Hess, 27 Delta Sigma Phi men—90 percent of the total—gave blood at that drawing.

## Kotschevar Defies Board of Education By Attempting to Bankrupt Professor

Now that pay raises for MSU faculty members have won approval from the State Board of Education, many instructors—perhaps even Paul Carter, assistant professor in the history department—will find it a little easier to enjoy their afternoon tea at the Lodge.

Carter thought he had worked out a fool-proof method of economy—until Thursday afternoon.

"I carried my teapot and bag

of tea as usual to the Lodge," Carter said, "to have it filled with hot water. (He explained that he usually borrows a cup at the Lodge, and nothing is said.) But who is standing there Thursday but Kotschevar himself. 'Charge him a nickel for use of the cup,' Kotschevar said."

Carter's solution? "I put down the cup, found a dirty one and washed it myself. Next time, I imagine I'll have to pay a nickel for the hot water."

## THE MONTANA KAIMIN

The Kaimin is published every Tuesday, Wednesday, Thursday and Friday of the school year by the Associated Students of Montana State University. The School of Journalism utilizes the Kaimin for practice courses, but assumes no responsibility and exercises no control over policy or content of the newspaper. Central Board of ASMSU is the governing body to which the Kaimin is responsible.

## New Compromise Government Attempts to Settle Jordan Crisis

AMMAN, Jordan (P) — Hussein Khalidi, an independent moderate and supporter of pro-Western King Hussein, today formed a new compromise government that included ousted pro-Soviet Premier Suleiman Nabulsi as Foreign Minister. Khalidi kept for himself the vital post of Defense Minister as well as Premier. Nabulsi, who doubled as his own Foreign Minister during his administration thus keeps one of the key posts. He also will serve as Minister of Communications.

The new cabinet included all

Independents except for Nabulsi, the head of the leftist National Socialist party.

King Hussein, in a meeting with political leaders, said there would be no change in Jordan's basic policy. He said he would abdicate if the time ever came when he could no longer "offer any service to the Arab Nation."

Sources said the inclusion of Nabulsi showed a "political compromise" had been achieved in an attempt to end the crisis triggered when Hussein deposed Nabulsi last Wednesday.

But the situation remained tense. The Premier Designate declined to explain his policies toward Communism, but said he is a servant of the King, an avowed anti-Communist.

Nevertheless, the Jordan position still would be allied with the neutral Arab Bloc leaders, Syria and Egypt.

## House Approves Postal Fund Bill

WASHINGTON (P) — The House yesterday approved a 41 million dollar emergency fund to restore curtailed postal service. The fund now goes to the Senate where early approval is virtually certain.

Postmaster General Arthur E. Summerfield, in ordering a sharp cutback in mail service effective last Saturday, said he needed 47 million dollars to keep the service going full blast.

House members of both parties said they believe he can get by with 41 million dollars.

House approval of the extra appropriation followed more than four hours of debate during which Summerfield alternately was denounced and defended for his service cutbacks.

## Teamsters Meeting Will Rule on Beck

GALVESTON, Tex. (P) — The Executive Board of the 1,325,000 member Teamsters union gathered in Galveston yesterday to decide the future of the union's beleaguered president, Dave Beck.

Beck himself arrived without notice in an automobile at the plush Galves Hotel, where the 13 International vice presidents who make up the Executive Board of the nation's largest labor group, will decide today.

Whether Beck, who refused to tell a Senate investigating committee what he did with \$320,000 of the union's funds, will remain as union president after his current term ends in September.

Whether Beck and the Executive Committee should appear May 6 before the CIO-AFL Ethical Practices committee to defend themselves.

Unscheduled conferences will be held in hotel rooms, but the crucial conference is an "open agenda" session of the Executive Board at 11 a.m. today.

Beck is not the only Teamsters official whose troubles will be considered by the board.

James R. Hoffa, the union's mid-western chief, is under an indictment charging attempted bribery of a Senate investigator.

Frank Brewster, western boss of the Teamsters, and vice president Einar Mohn are charged with contempt of Congress and board member Sidney Brennan of Minneapolis has been convicted of accepting money in violation of the Taft-Hartley Act.

## Swedish Civilians Accused in Atom Secrets Scandal

STOCKHOLM (P) — Two Swedish civilians with access to Sweden's atomic and naval secrets were indicted today on charges of grave espionage by the Stockholm District Court.

Informed sources said the suspects tried to sell the secrets of Sweden's newest submarine to Russia. The indictment did not identify by name the foreign power involved, however.

Indicted were Robert Folke Damstedt, 29, assistant secretary of Sweden's Atomic Energy Commission for the last two years, and Goesta Arnold Ture Jacobsson, 35, a former civilian employee at navy headquarters.

The two were accused of planning to sell copies of blueprints of the submarine. The copies allegedly were made by Jacobsson while working in the duplication department at navy headquarters. The indictment said the attempt was thwarted by Swedish security agents.

City attorney Werner Rhyninger obtained the indictments at a brief court hearing several hours after a Stockholm newspaper broke the news of Sweden's most serious postwar spy scandal. Also indicted were three other men. They were charged with failing to inform authorities of the espionage activities of Damstedt and Jacobsson.

Trial of the five men was set for April 23.

The spy case was the latest in a series of Soviet espionage attempts since the end of World War II, but the first to involve a member of Sweden's Atomic Energy Commission.

## Matovich Sentence Is Up to 25 Years

MOSCOW, IDAHO (P) — Paul D. Matovich, 20, former University of Idaho Journalism student, was sentenced today to not more than 25 years in the state penitentiary for setting a campus dormitory fire which killed three students.

Sentence was pronounced by District Judge Hugh Baker, who said Matovich would be eligible for parole in 100 months unless psychiatric observation in prison indicates he should be transferred to a mental institution.

Matovich received the sentence with no show of emotion, although he appeared weary. When Baker asked if he had anything to say, Matovich replied, "No, sir."

A jury of nine men and three women Friday found Matovich guilty of second-degree murder for setting the Gault Hall fire Oct. 19 which killed 3 students. The panel recommended he receive psychiatric treatment. The penalty could have been anything from 10 years to life.

**HONORED AT MATRIX TABLE**—These five University women were among those honored at Matrix Honor Table Sunday at the Hotel Florence. Left to right are Terry Carpenter, Pat Robinson, Donna Kaye Bailey, Liz Astle, and Jayne Walsh.

## Matrix Table Honors Five MSU Women

By LEE DE VORE

Humor, suspense and bestowal honors were combined to make the 26th annual Matrix Honor Table banquet Sunday night at Hotel Florence a memorable occasion for those present.

In addition to naming four outstanding Missoula homemakers, Theta Sigma Phi honored the outstanding co-ed from each class. They are Donna Kaye Bailey, senior; Liz Astle, junior; Pat Robinson, sophomore, and Terry Carpenter, freshman.

Joan Hoff was given a special Theta Sigma Phi award for her outstanding four-year record of service to the University.

Jayne Walsh, junior in journalism, received a \$100 scholarship presented by Mrs. Gertrude Bassett, president of the alumnae chapter of Theta Sigma Phi, sponsors of the event.

Miss Harriet Miller, former associate dean of students and now state superintendent of public instruction, served as toastmistress. Norma Beatty, president of the active chapter of Theta Sigma Phi, gave the welcome and introduced special guests, Mrs. J. Hugo Aronson and Mrs. Carl McFarland and Mrs. Bassett and Mrs. Andrew Cogswell, chapter adviser.

## ATO, STRAPS TRIUMPHANT

In softball play Friday afternoon, Alpha Tau Omega defeated Phi Sigma Kappa 20-5. Saturday morning play saw Straps trample Forestry 20-1 and Old Jumbo defeat Dukes 12-2.

At 4 this afternoon Journalism meets the Baboons on Field 1, and Butte Snakes meet Phi Alfa Falfa on field 2.

At 5:30 on Field 1 Law meets Shot Rods. On Field 2 Robots meet Old Jumbo.

## BILLINGS FIRE "DELIBERATE"

BILLINGS (P) — An early morning fire that caused between \$3,000 and \$4,000 to the Ranch Market just west of here yesterday was "deliberately set," Sheriff Roy R. Stewart reported.

The fire, third at the market in the past year and a half, destroyed the produce and refrigeration section before firemen controlled it. Two cans that had contained "oil or gasoline" were found at the fire.

# Bobcats Take Opener 3-2; 'Tips Win 6-5 in Nightcap

Bozeman left-hander Joe Redfield pitched and batted the Bobcats to a 3-2 win over the Silvertips in the first game of a doubleheader Friday at Campbell Park. The Grizzlies came back to take the second game 6-5 on catcher Chuck Bennett's sixth-inning home run over the right-field fence with one on.

An odd play occurred in the first game. With the score 3-2 in the last of the seventh inning, Bennett and Hunt singled and Koscis was hit by the pitcher, loading the bases with no one out. Pinch hitter Anderson struck out, and Haiges ran for Bennett on third. Redmond hit the first pitch to center field, and Haiges, thinking there were two men out, dashed toward the plate forgetting to tag third base. The Bobcats doubled Haiges off third, ending the game.

In the opener Colvert collected the first hit off Bobcat Redfield and scored from second on a wild pitch. An error, a wild pitch and Schulz's sacrifice fly gave the Grizzlies one more run in the sixth.

Redfield's single, with two out in the second after a walk and an error, gave the Bobcats two runs. Haslip's single, Weldon's double and Redfield's two-bagger put the 'Cats ahead in the fourth to stay.

In the second game the Grizzlies bunched hits off Strandberg for a four-run lead. Daley singled, Colvert tripled and Schulz singled for two runs in the first.

Johnson's walk, Colvert's two-bagger, two more walks and Bennett's sacrifice fly scored two more runs for the Grizzlies in the fourth. In the last of the fifth Koscis walked and Bennett rapped a long fly ball over the right-field fence.

Standout for the Silvertips was shortstop Jerry Daley. Daley collected four hits in seven trips to the plate.

## Gridders Start Spring Drills This Afternoon

The first of twenty spring practice sessions gets underway for some 60 Grizzly gridders this afternoon on Dornblaser Field.

Practice sessions will run from today through Saturday for four weeks, with full scale scrimmage sessions slated for each Saturday morning. Practice will be climaxed by an intra-squad game to be held under the lights on Dornblaser Field during the second week of May.

Coach Jerry Williams said he believes that the problem of numbers has been solved this year. This is the largest turnout for spring ball since Williams took over as head coach.

Nineteen returning lettermen are back for the 1957 season but three of these will be participating in other spring sports.

Lettermen who will report Tuesday include, Karl Benjamin, tackle; Montana Bockman, guard; Bob Everson, fullback; Roy Bray, quarterback; Jerry Connors, halfback; John Dixon, guard; Matt Gorsich, halfback; Bill Hand, tackle; Terry Hurley, end; Gary Kennedy, tackle; Chuck McKelvie, quarterback; Mike O'Brien, center; Lou Pangle, end; Stan Renning, guard; and Ervin Rosera, fullback.

Pete Rhinehart, end, is a member of the Grizzly track team and Don Williamson, halfback, and Charley Moore, center, are mem-

**FIGHTS SET FOR MAY 17**

The M Club fights are scheduled for May 17, according to Tom Jenson, club fight chairman.

Entry forms are available for those wishing to fight on this year's card. Jenson urges all prospective fighters to sign up with the athletic department secretary in the Field House.

**Designers, Sewers Needed to Make Costumes for Spring Ballet Theater Program**

The Ballet Theater is desperately in need of people to design and sew costumes for a spring production, according to Mrs. Marjorie Cooper, ballet instructor. Capable persons are asked to contact Mrs. Cooper in the Arts and Crafts Building. The work will earn credit, she said.

The MSU Ballet Theater will present an evening of ballet entertainment May 26 in the University Theater. The program will include four complete ballets by members of the Ballet Theater, the MSU Chamber Band, the MSU Symphony, and the Missoula High School Symphony.

An original score by Monroe De Jarnette of Missoula will be played by the MSU Symphony. It is based on the "Barbara Allen" folk tale.

Net formalists are needed for the production. Any women willing to loan their formalists are asked to contact Mrs. Cooper.

**Music Recital Postponed; Date To Be Rescheduled**

The recital and chamber music concert scheduled for today has been postponed due to the illness of Frank Mannheimer, concert pianist, who was to have presented the program. Eugene Andrie, associate professor of music, announced yesterday.

—or why you don't pay more for gasoline

"THE OIL COMPANIES have come up with a lot of advances to meet competition and keep customers.

"Nothing, it seems to me, illustrates this better than the efficiency of the transportation system they've developed.

"If you were to mail a gallon of gasoline from Los Angeles to Seattle, for example, you'd pay 82c postage.

"For 59c less, Union Oil finds the oil in the ground, sinks a well and pumps it out, pipes it to a refinery, converts the crude oil into gasoline, pipes the gasoline from the refinery to the terminal, moves the gasoline by ship from one port to the other, where a truck picks it up and delivers it to your neighborhood service station.

"WE TRANSPORT A BARREL OF CRUDE OIL 665 MILES FOR ABOUT 1c A GALLON."

"We then put it in your car, wash your windshield, check your oil, tires, battery and radiator, brush out your car and carry your account for a month before sending you a bill.

"All for 23.1c, if you deduct the 9½c Federal and Washington State tax on a gallon of gasoline which we collect to build roads.

"On the average, a barrel of Union Oil crude moves 665 miles between the time it leaves the ground and goes into your car as gasoline. Our handling and transportation cost for this trip is about 1c a gallon.

"That's the world's biggest transportation bargain. And one reason why gasoline doesn't cost more than it does."

\* \* \* \*

Sam Taber, our Senior Pipeline Engineer, estimates the petroleum companies move more than 4 billion barrels of crude oil and finished product a year by pipeline.

This unique method of moving goods to market was perfected by the oil industry. As was the tank car, the tank truck and the tank ship.

It is the lowest cost transportation system in the world, developed by an intensely competitive industry to keep its prices down.
