## Peggy Jo Neil, Bonnie Kem Win Top Positions in WRA Elections

Peggy Jo Neil was elected president of the Women's Recreation Assn. in the annual WRA general election run-off yesterday.

Other officers elected with Miss Neil are: vice president, Bonnie Kem; Secretary, Shirley Newton; Treasurer, Shirley Marrow; General manager, Karen Schirm and Recording sports manager, Pat Cameron.

New officers will be initiated early spring quarter but will not assume their duties until late in the quarter, after they have gone through a training period, according to Marlene Kolstad, current WRA president.

Candidates for election were nominated in a joint living group—WRA general board operation. Four women were nominated to the presidency and the nominee getting the second greatest amount of votes became vice-president. Three women were nominated for each of the other posts.

Election results:  
President: Peggy Jo Neil, 53; Bonnie Kem, 28 (vice-president); Jo Raundal, 7; Mary Beth Grandee, 3.

Secretary: Shirley Newton, 39; Dorothy Allison, 27; Elaine Huber, 25.

Treasurer: Shirley Marrow, 44;

Bobbie Chaffey, 26; Kathleen Fleming, 21.

General manager: Karen Schirm, 33; Anita Shea, 29; Jerry Whitten, 29.

Recording sports manager: Pat Cameron, 34; Denise Lary, 33; Dolores Johns, 22.

## Library Displays Job Opportunities In Its Own Field

A profitable and often-overlooked career possibility for university graduates is the topic of the Library's "National Library Week" display.

The exhibit is designed to show how attractive library work can be as a career. "There are excellent opportunities for both men and women in this field," librarian Kathleen Campbell stated. "These days, graduates may name their location and salary because of the widespread demand for trained librarians."

Miss Campbell pointed out that although some library courses are offered through the School of Education, they are designed to equip teachers for elementary and high school library work.

To become a certified librarian it is necessary to attend an accredited library school. Prerequisite is a BA degree. Library school requires a year or more of study depending on the area of training, and graduates receive a master's degree.

Miss Campbell said the library courses offered by the School of Education are acceptable at any accredited library school.

Undergraduate degrees and past experience can provide the basis for specialized library work in many areas such as law, medicine and industry. Librarians with a scientific background can find excellent jobs in the atomic energy area, Miss Campbell said.

The exhibit, assembled by Mary Dieterich, assistant reference librarian, will go on display Friday. It consists of literature and other items pertaining to library work.

## Cleo, Dawn Stuck

Cleo Bardelli and Dawn Degrey didn't make it to lunch on time yesterday. They spent the noon hour in quiet conversation and meditation in the elevator of the Fine Arts Building.

Their little tete-a-tete was not by choice, however. They left their 11 o'clock art class at noon and decided to take the elevator instead of jogging the four flights of stairs to ground level.

Everything went fine until, suddenly, two feet below where they started the "durn thing" just stopped. They were unable to get any response from the controls, so they waited it out until after lunch when Prof. James Dew of the art department discovered their plight. Dew phoned the maintenance men who proceeded with the rescue.

## University Choir Concert Recorded for Broadcast

The annual Easter concert of the university choir, under the direction of Joseph Mussulman, was recorded in the Music Building yesterday. Arrangements have been made for the program to be broadcast over station KOA in Denver, possibly on Easter day.

Stanley Deck, law student from Great Falls, narrated the program. Deck also narrated the choir's annual Christmas concert, broadcast over the CBS radio network.

Dr. Erling Jorgenson, director of the University radio studios, wrote the script and was in charge of recording the program. Plans are to make the program available to all Montana radio stations.

## LAST ISSUE OF QUARTER

Friday's Kaimin will be the last issue of winter quarter. Publication will resume Thursday, April 3.

## Russ Morgan Here April 1

"Music in the Morgan manner" will be featured at MSU on April 1. Russ Morgan, his band and two vocalists will present a one-hour concert at the University Theater followed by a four-hour dance at the Lodge.

The Morgan band has appeared in the leading hotels, night clubs and theaters of the country. In 1956 Morgan and his orchestra were featured on the CBS Television Network in a weekly va-

RUSS MORGAN

riety show called "The Russ Morgan Show." He has appeared in a number of motion pictures, the most recent ones being "The Great Man" and "Mr. Cory." He is currently under contract to the Decca Recording Co.

The concert at the University Theater will begin at 7 p.m., and the dance will be held in the Cascade and Yellowstone rooms of the Lodge from 9 p.m. to 1 a.m.

Tickets are on sale at the Lodge Main Desk. Tickets for the dance are \$2.50 per couple, and for the concert \$2 per couple. Student price for the dance and concert is \$3.50 per couple.

"I JUST BOOSTED THEIR MORALE---I TOLD THEM SOMEONE IS GOING TO PASS."

## Senate Passes Public Works Anti-Recession Resolution

WASHINGTON, (AP)—The Senate approved 93 to 1 yesterday an anti-recession resolution calling on President Eisenhower to step up spending on public works projects from funds already provided by Congress.

The resolution was introduced by Senate Democratic Leader Lyndon B. Johnson and co-sponsored by 65 other Senators. The

one opposing vote was cast by Sen. Norris Cotton (R-N.H.), who said it implied that "speedy spending" was the only answer to unemployment.

The Senate vote came as the President asked Congress for an additional \$85,603,000 to speed reclamation projects as part of the administration's anti-recession program. It would be added to sums previously sought for the fiscal year starting July 1.

White House Press Secretary James C. Hagerty said the President also would ask Congress next week for an additional 125 million dollars to speed work on harbor and flood controls projects as part of the fight against unemployment.

Hagerty also said the President hoped to send congress before the weekend his proposal for extend-

ing the period of unemployment compensation payments by 16 weeks. A similar Democratic program already has been introduced in the House.

## Venture Out First Of Next Quarter

The winter quarter edition of Venture, campus literary magazine, will be distributed to students the first week of spring quarter.

Henry Larom, assistant professor in English and adviser to the magazine, said he felt it was a better issue than last quarter's. He attributed it to increasing copy from the advanced writing classes.

Included in the winter issue is "Fishing Trip" by Milton Sherman, "Old Murdock's Position" by Jerry Cooper, and "The Square Root of Pershing Square" by Larry Pettit. All material in the magazine is contributed by students.

Venture, under the proposed ASMSU constitution, will be the official campus magazine, similar to the position held now by the Kaimin as the official newspaper.

Professor Larom stressed the need for more copy from other departments on campus.

"We would like to have articles of interest to students on any subject ranging from anthropology to zoology," he said.

## Librarian Says No Fines If Students Return Books

An 11th hour reprieve for tardy book borrowers was announced yesterday by Librarian Kathleen Campbell.

All students with overdue books or books not properly checked out may return them to the Library next week with no fines and no questions asked.

"Just lay them on the counter anytime next week," Miss Campbell said. "We won't ask where they've been, how you got them, or who you are."

## Disaster Team Finds Little In Crater Dug by A-Bomb

FLORENCE, S. C., (AP)—An Air Force disaster team found only twisted bits of metal and a trace of harmless radioactivity yesterday around the crater dug in a country garden by a wayward but unarmed atomic bomb.

The main part of the bomb, containing uranium, apparently had been blown to bits—but without nuclear fission—along with the rest of the device. An Air Force spokesman said that "everything" dropped by mistake from a B-47 jet bomber was destroyed when the A-bomb trigger exploded on impact.

But one thing was lacking in the bomb that might have laid waste a vast area of the South Carolina countryside and sent a deadly radioactive cloud over several Southern cities. The bomb did not carry one key component, presumably a fuse, and the Air Force emphasized such weapons are never fully armed during transport.

Angry outcries against the testing and conveyance of nuclear weapons arose from Washington to Western Europe as a result of Tuesday's incident at the tiny settlement of Mars Bluff near Florence.

## SENTINEL PIX SCHEDULE

Today's schedule of Sentinel pictures includes; Student Education Assn., 3:30 p.m. in the Yellowstone Room of the Lodge; Druids to night at 10 in Forestry 106.

Tomorrow Montana Forum will have its picture taken in the Yellowstone Room of the Lodge at 12:45 p.m.

## Ireland Will Offer Student Exchange

Competition in a new bi-national exchange program with Ireland on the graduate level during the 1958-59 academic year has been announced by the Institute of International Education.

To be eligible for a grant a person must:

1. Be a U. S. citizen at time of application
2. Have a college degree or professional equivalent, by beginning date of grant.
3. Be in good health
4. Preferably not more than 35 years of age
5. Residence in Ireland of more than three months during last five years is a disqualifying factor.

Winners of the awards will receive travel expenses, books, tuition and maintenance for the academic year. They will be placed at an institution of higher learning as arranged by the Scholarship Exchange Board in Dublin. Dependents are not provided for under the grant.

The eligibility requirements and the terms of awards are the same as for the Fulbright Program. Applications are to be submitted on Fulbright application forms no later than April 15. They may be obtained from Dr. Gordon Castle, Fulbright program adviser in Main Hall.

It is expected that three awards will be available for 1958-59.

## Oil Commission Chooses Sullivan for Sixth Year

Dean Robert Sullivan of the law school was reappointed to the legal commission of the Interstate Oil Compact Commission for the sixth consecutive year.

The appointment was made by Gov. Milward Simpson of Wyoming, chairman of the group. The legal commission has one representative from each of 28 states. They act purely in an advisory capacity and are concerned with legal aspects of oil and gas conservation.

Dean Sullivan also met last week with Chief Justice James Harrison of the Montana Supreme Court and Great Falls lawyer Alex Blewett in Helena. The three are Montana's members of the National Conference of Uniform State Laws. They mapped out a program for educating lawyers in the state on the need for uniform laws between the states.

## THE MONTANA KAIMIN

The Kaimin is published every Tuesday, Wednesday, Thursday and Friday of the school year by the Associated Students of Montana State University. The School of Journalism utilizes the Kaimin for practice courses, but assumes no responsibility and exercises no control over policy or content of the newspaper. Central Board of ASMSU is the governing body to which the Kaimin is responsible.

 Member of Rocky Mountain Intercollegiate Press Assn. and Montana State Press Assn.

## Selective Service Test Set for May 1

The selective service college qualification test for college men is scheduled for May 1, 1958. Lt. General Lewis B. Hershey, director of selective service, announced today.

The May 1 test will be the only test offered for the 1957-58 school year. Scores made on the test are used by local boards as one guide in considering requests for deferment from military service to continue studies.

Application cards and instructional materials may be obtained from selective service local boards.

Men planning to take the test were urged by General Hershey to make early application at the nearest local board office for fuller information and necessary forms and materials.

Either the score made on the test or class standing may be used by local boards as guides in considering applications for student deferments.

In previous years, two regular and one make-up tests have been given. But with fewer men applying to take the test, the draft chief announced last summer that only one test would be offered this school year.

Applications for the test must be postmarked not later than midnight, Friday, April 11, 1958. The test will be administered by Science Research Associates, Inc., of Chicago, Illinois.

## College and Career Days To Visit Dillon Next Week

Next week, a third College and Career Days group will travel to Livingston, Bozeman and Dillon. Before leaving, they will talk with students at Missoula County High School.

The program has, to date, sent two groups of students and faculty members to various high schools throughout the state. The first group went to Lewistown last week, and a second group returned Tuesday night from visiting high schools in Havre and Fort Benton.

Homer Anderson, director of the Public Service Division, reports that he is very pleased with the results and that student reception at the high schools has been excellent so far.

## Mansfield Seeks Senate Re-election

WASHINGTON, (U)—Sen Mike Mansfield, second ranking member of the United States Senate and 15-year-old congressional veteran, announced yesterday he will seek the Democratic re-nomination to the Senate.

"If I am successful in being re-nominated and re-elected, I will continue to do my best in behalf of Montana, our nation and the cause of world peace," Mansfield said.

Last year, during his first term as a member of the "world's most exclusive club" he was elected Senate majority whip. He also is a member of the all-powerful Senate Foreign Relations Committee and the Senate committees on rules and administration and Democratic party policy.

Before being elected to the Senate in 1952, Mansfield served 10 years in the United States House of Representatives, going from the campus of Montana State University where he had been a political science and history professor.

STUDENT RATES

## The ASMSU Word for the Week

By BILL CRAWFORD

Tuesday afternoon a meeting of the Associated Students of Montana State University was held for the purpose of discussing the proposed new ASMSU Constitution. The "associated students" at this meeting turned out to be three interested individuals over and above the Central Board representation. This was a tragic occurrence, but it was not one that was totally unexpected.

I have contended for a long time that you, the MSU student body, are apathetic in regard to your representative government and that perhaps this situation has arisen from a general lack of knowledge about its structure and operations. And yet, when offered the chance to hear and criticize a new constitution, which was formulated for your benefit, you failed to take advantage of an opportunity to gain this knowledge.

Student government works for you. It brings high caliber music groups like the Four Freshmen and such distinguished lecturers as Vincent Price and Morris Ernst to MSU; it allocates your quarterly activity fee to such projects as the building of the University swimming pool and golf course; it subsidizes the Kaimin, the Sentinel, and a host of other worthwhile entities. It does all this in your behalf, but you won't reciprocate enough to even make an attempt to give it your attention and support.

I have lost faith in you, but I have not lost the hope that you will restore my faith by participating in student government either directly or through the medium of helpful advice and criticism. Do not make me lose this hope.

## OPERA FINALISTS SELECTED

CINCINNATI, Ohio (U)—Eight finalists representing six states were selected by America opera auditions yesterday to go to Florence and Milan, Italy, to appear in two summer operas.

Among them were Sara Hageman of Fort Worth, Tex.; Ronald Reiton, Tacoma, Wash.; Gene Boucher, Jefferson City, Mo., and Guy Gardner, Houston, Tex.

## Feature Writing Contest Is Open

Dr. Nathan B. Blumberg, dean of the School of Journalism, announced Tuesday that the Great Falls Newspaper Guild will again present the Struckman Memorial Award of \$50 to a journalism student for the best feature article.

Blumberg pointed out that the article should be suitable for publication in a Sunday supplement. He said that the University and Missoula should provide numerous possibilities for a feature article. Photographs or drawings can be used, but they are not essential.

The deadline is Thursday, April 17.

The Struckman Memorial Award was first presented in 1948 to Victor O. Reinemer of Circle. In 1956 the award went to Virginia McBride of Butte and Richard Harris of Missoula. In 1957 Ted Hulbert of Cut Bank received it.

The award was originally called the Great Falls Newspaper Guild Award, and became known as the Struckman Memorial Award in 1953 in memory of the late Robert P. Struckman, newspaperman member of the MSU Journalism faculty.

## Windis Wins Conference Scoring Title

SALT LAKE CITY (AP)—Wyoming's Tony Windis won the Skyline scoring title as he finished the campaign with 309 points and an average of 22.1.

BYU's John Nicoll wound up with 297 points and a 21.2 mark. The one-two finish was one of the closest in Skyline history. Windis also edged Nicoll for the United Press Skyline player of the year award.

Montana guard Dan Balko won the free throw title by successfully

making 44 out of 52 attempts for an .846.

Nicoll did, however, grab the rebounding crown and the field goal percentage title. The all-conference forward had 194 rebounds and shot .434 from the field.

Third place in the scoring race went to Utah State center Bob Ipsen. Ipsen, a BYU castoff, had 284 points and a 20.3 average.

Russ Sheriff finished second in the rebounding department with 189.

Team statistics showed Utah the leading offensive club and Montana, for the second year in a row, the best defensive unit.

The 'Utes average 75.2 points a game while Montana held the opposition to 61 points per game.

## Sheriff Makes UP First Team

Russ Sheriff was selected yesterday for the United Press all-conference first team by coaches in the five-state circuit. Sheriff joined Tony Windis, John Nicoll, Gary Hale and Stan Albert on the UP's first team.

Sheriff was earlier named on the Associated Press all-Skyline first team and received honorable mention on the United Press all-American team.

Windis was named player of the year on the UP poll and his coach, veteran Ev Shelton, was named coach of the year. Shelton directed the Cowboys to their first title since 1953 and eighth since coming to Wyoming.

Heading the second team is Jim Peay of Denver, who barely missed a first team spot. Chuck Newcomb, of CSU, followed Peay in the second team balloting. Terry Eckhardt, Bob Ipsen and Delyle Condie rounded out the second team.

## I-M Basketball Race Nears Finish

The Intramural championship basketball race was narrowed to four teams yesterday as the Yankees, Butte Rats, Jumbolaya and Sigma Nu grabbed victories in quarter-final play.

The Yankees are matched against the Butte Rats today at 4 to see who will enter the title game tomorrow against the winner of the Jumbolaya-Sigma Nu game set for 5.

"B" League champion Yankees dumped the Nesters, second in the "A" League, 33-26, in the first game of the quarter-finals yesterday. The Yankees surged to a seven point lead at the half but were unable to increase the margin in the last two periods.

Yankee Gordon Hunt led all scorers with 11.

Don Williamson scored 16 to lead the Butte Rats to a 52-36 victory over Phi Delta Theta, Fraternity league champions.

The Rats had a perfect record to cop the "B" League title.

Ronald Paige, with 14 points, was again high for PDT.

Jumbolaya center Charlie Moore took individual scoring honors for the day counting 23 points as the Jumbolaya's rolled to a 60-38 victory over Phi Alpha Falfa.

The winners have yet to loose a game this season as they raced to the "A" League title with seven straight victories.

FAF, which ended the regular season in third place in the "A" League, was led last night by Howard Basolo's 14 point effort.

In the final game of the quarter-final round, a well-balanced Sigma Nu team routed the Lazy 10, 54-39. Jerry Hummel again led the Sigma Nu attack with nine points while Jerry Kaiser, John Vohs and Duane Gilkey each added eight.

The Lazy 10, which drew a bye in the first round of play, was led by Orville Erlanson, high scorer with 14.

## Faculty Athletic Committee Will Interview McBride

The Faculty Athletic Committee will interview Bob McBride today as a candidate for the job as head football coach.

McBride arrived in Missoula last night from Indiana where he is sales manager for a trucking company.

McBride played football at Notre Dame, lettering in 1941, 42 and 46. As a senior at Notre Dame he received the Kenaly Award for his combined athletic and academic achievements.

From 1949-54 McBride served as

line coach at Notre Dame under Frank Leahy. He left this post in 1954 when Leahy resigned.

## DENOUNCES SEVEN-DOGGERS

VOSTOK, Lapland (AP)—The Vostok Chamber of Commerce yesterday denounced the "irresponsible" temperature report of a seven-dog night in eastern Lapland.

The Chamber stated that it was barely a three-dog night and one Lap reported throwing off two malamutes in the middle of the night because it felt "stuffy."

## Handbook on International Study Lists Scholarships Abroad

More than 25,000 scholarships for Americans who wish to study abroad and for foreign students who want to study in the United States are listed in the new 1958 edition of the "Handbook on International Study" recently published by the Institute of International Education.

The "Handbook," now in its second edition, is a "how-to" guide on international education with information ranging from where to study nuclear physics in Sweden to the exchange rate of the Indian rupee. It not only lists the 25,000 awards and grants

of more than 250 different scholarship programs, but also lists the requirements for these programs, describes American and foreign education, and discusses government regulations affecting the international student. The scholarship programs listed range from grants for the mature specialist to awards for the teenager.

The 450-page book gives other information valuable to the student who wants to study in a foreign land. There is a comprehensive listing of colleges and universities in 74 countries around the world and in the United States.

Also given are the names and services of organizations willing to help the "exchange" find living quarters or meet new people in the community where he is studying. There are tips on selecting your school in another country, an explanation of degree and credit requirements of both U.S. and foreign educational systems, foreign currency exchange rates, and an extensive bibliography in the field of international education. A special section covers summer study abroad.

This second edition of the IIE "Handbook" has several new features, including a list of U.S. colleges and universities offering special English language courses to foreign students, a statistical resume of exchanges between the U.S. and other countries for the last 35 years, and a chronology of the major events in international education.

The price of the "Handbook" is \$3.00 and may be obtained from the Institute of International Education, 1 East 67th Street in New York City or from its regional offices in Chicago, Denver, San Francisco, Houston and Washington, D. C.

IIE Regional Offices:  
116 South Michigan Avenue—Chicago; 1605 Pennsylvania Street—Denver; 401 Milam Bldg., Texas Ave. & Milam St.—Houston; 1530 P Street, N.W.—Washington, D. C.; 291 Geary Street—San Francisco.

### Harriet Miller Allocates Money to School Districts

HELENA, (P) — Public Instruction Superintendent Harriet Miller yesterday allocated \$3,736,329 of interest and income fund money to Montana's school districts.

The money is allocated to local districts on the basis of the number of pupils 6-21 years of age in each district. Each district will get \$20.74 for each census child in the district—compared with a distribution of \$23.49 in February of 1957.

Total income to the interest and income fund, she said, amounted to \$3,932,978.

### CUTTER APPEALS VERDICT FOR TWO POLIO VICTIMS

BERKELEY, Calif., (P) — Lawyers for Cutter Laboratories have filed notice of appeal from a jury verdict awarding two polio victims \$147,300.

The lawyers indicated they will file motion for appeal with the State District Court of Appeals in San Francisco within three weeks.

On Jan. 17, an Alameda County jury awarded \$125,000 damages and \$6500 in court costs to Ann Elizabeth Gottsdanker, 8, of Santa Barbara, and \$14,000 and \$1800 costs to James Phipps, 4, of Monrovia.

The children's parents claimed the two youngsters contracted polio after receiving inoculations of defective Salk vaccine manufactured by Cutter.
