Points

300	3 Midterm Exams (each worth 100 points)
100	Comprehensive Final (Tuesday night of finals week)
30	Career Activities (3 activities, each worth 10 points) No such thing as a make-up for these activities. They are attached to this syllabus.
50	i>clicker points
80	Homework
560	Total points

Homework and i>clickers

- Homework and i>clicker points are based on homework turned in on time and i>clicker points earned and credit received as a percent of total points received on all items collected. For example, if you get credit for 80% of the homework, you will get 64 points (80 points x 80%.) For example, if you get credit for 80% of the i>clicker points, you will get 40 points (50 points x 80%.)
- Make a copy of your homework each day. I will collect a copy at the **beginning** of every class. This is what I will grade. Make the copy very legible for grading purposes. You can correct and keep the original to study with. **I do not accept late homework.** I collect the homework at the beginning of the class. As soon as I pick up the folders, no more homework will be allowed.
- The syllabus and/or homework assignments may change with advance notice either in class or by e-mail. You are responsible for all changes.
- No credit will be given on homework or exam problems unless all calculations are shown and labeled and the problem is completed when turned in.
- If pages assigned don't correspond exactly with homework assigned, keep reading until you cover the homework material.
- There are no makeup homework or i>clicker points.

Major Field Test All business majors must take and pass the Major Field Test (national test of business knowledge) before graduating. Material from this course will be included on that exam.

The remote ID is a series of numbers, and sometimes letters, found on the bottom of the back of your i>clicker remote. (Fro example 1CC9CCA)

There are no excuses for forgotten, malfunctioning or lost i>clickers. This includes dead batteries.
