Teach-In Planned By Liberal Club

The MSU Liberal Club is planning a teach-in to gather facts about the war in Viet Nam.

The teach-in movement was begun in Michigan and has spread to all parts of the country, according to Ralph Bennett of the Liberal Club, and E. W. Pfeiffer, associate professor of zoology, who are heading the movement to organize such a teach-in at the University.

Teach-ins are sessions at which students, professors and invited speakers express themselves on various topics. The MSU teach-in would be an attempt to explore the reasons for the Viet Nam conflict and to propose action.

Secretary of State Dean Rusk has stated that many college students aren't getting the facts about the Viet Nam war, so he is sending representatives around to campuses to give the State Department views on the war. Mr. Pfeiffer said that the Liberal Club has invited one of these representatives to speak at the meeting, the date of which is not yet definite.

Lawyers Receive Awards

Awards were presented to seven law students last weekend during Law Days USA and Montana Judges Day. Robert E. Sullivan, Dean of the Law School announced.

Charles B. McNeil, Anaconda, received the Thomas E. Mulrooney Memorial Award of \$150. This was the first presentation of the award which is given to a student who demonstrates traits of character and dedication to ideals in the tradition of the legal profession.

G. E. Swanberg, Great Falls, received the Justin Miller Prize, a \$100 savings bond, for the best student contribution to the Montana Law Review.

Sam E. Haddon, Missoula, received the Phi Delta Phi rotation plaque for the most outstanding law student.

Milton Detsopoulos, Missoula, received an award of \$100 from the Lawyers Title Insurance Corp. of Richmond, Va., for excellence

Book awards to the student in each class who has made the most significant over-all contribution toward legal scholarship went to Robert Campbell, Sidney, first year; Richard Gallagher, Missoula, second year, and Douglas J. Wold, Laurel, third year.

Wold also received the Bancroft-Whitney award, a five-volume set of Bancroft's Probate Practice, for being designated by the faculty for proficiency in trial practice.

Banquet to Include Fame Installation

A Montana pioneer journalist, legislator and lawyer, Cornelius Hedges, will be installed in the Montana Newspaper Hall of Fame at the journalism school's Dean Stone Night banquet Sunday.

In 1865 Mr. Hedges came to Montana to work for the Helena Herald. While working for the paper he was involved in many activities devoted to developing Montana.

He has been called the "Father of Montana Education" for his activities in organizing the school system. Mr. Hedges was appointed the first superintendent of public instruction in 1872 and served four two-year terms.

President Ulysses S. Grant appointed Mr. Hedges U. S. District Attorney for Montana in 1871 and in 1875 he was elected probate judge for Lewis and Clark County. He was a member of the state's constitutional convention and later served as Lewis and Clark County's first senator in the state legislature.

Mr. Hedges crusaded against private ownership of the Yellowstone area and helped create Yellowstone National Park, the first United States national park.

Lectures Planned By Indian Bureau

The Bureau of Indian Affairs will be on campus May 17-21 to give lectures and guidance sessions to train BIA personnel in guidance and counseling methods for the benefit of Indians on the seven Montana reservations.

Dale Anderson, associate professor of education, will speak on the field of vocational guidance; Robert Gambis will speak on specializing in casework practice; Carling Malouf, professor of anthropology, on acculturation and modern Indian problems, and William Stoner, associate professor of education, will lecture on counseling.

Central Board Picks Two for Sentinel Staff

At its first meeting under the new administration, Central Board accepted Jeff Kirkland as the 1965-66 Sentinel photographer and Ron Normandeau as assistant photographer.

The Board waived constitutional

bylaws concerning grade requirements for both applicants. Kirkland is now a student at Eastern Montana College, but plans to attend MSU in the fall. Normandeau will serve as assistant Sentinel photographer for the rest of this year.

P.E. Honorary Elects Heads

Women's physical education honorary, Delta Psi Kappa, elected new officers at its meeting last week and Dr. Brian Sharkey of the Health and P.E. department spoke to the group on "Women in Graduate Work."

The new officers are Carol Jean Matthews, president; Joanne Dixon, vice president; Clerie Knaf, recording secretary; Chris McArthur, corresponding secretary; Marilyn Weiss, treasurer; Charlene Goldhand, chaplain; Judy Renman, sergeant-at-arms; Honey McFarland, publicity; Alice Lee Lund, social chairman, and Mary Jo Martinson, historian.

Requirements to join Delta Psi Kappa are that the student be either a physical education major or minor, have a 2.5 over-all average and be at least a third quarter freshman.

Business School Sets Banquet

Financial scholarships totaling \$4,500 will be awarded at the eighteenth annual Scholarship Awards Banquet of the MSU business administration school.

The banquet will be May 20 at 7 p.m. in the Yellowstone Room of the Lodge.

Duke Intern Position Set For Vinocur

Jacob Vinocur, associate professor of English, has been selected as an intern in academic administration for the 1965-66 academic year at Duke University in Durham, N.C.

Mr. Vinocur is one of 13 educators throughout the nation selected for internships by the Program Committee of the Ellis L. Phillips Foundation for showing excellent leadership potential in higher education.

Mr. Vinocur, acting director of humanities, was nominated by President Robert Johns and Frank C. Abbott, academic vice president. He will be associated with Douglas Knight, president of Duke University, during his internship.

The foundation award pays a stipend equal to the salary and fringe benefits of the interns at the time of their appointment, plus essential travel and other professional expenses.

Hugh D. Galusha Jr., banquet speaker, will talk about "Scholarship and a Business Career."

Mr. Galusha, a Helena lawyer, certified public accountant and business consultant, recently took office as president of the Federal Reserve Bank of Minneapolis.

At the banquet, sixteen scholarships will be awarded to underclassmen and six non-monetary awards will be presented to graduating seniors.

Retiring members of the business administration advisory council will be presented certificates. Newly elected members of Beta Gamma Sigma, student body of the American Association of College Schools of Business, will be introduced.

Cadets Receive ROTC Awards

Two Army ROTC cadets who are roommates at Sigma Phi Epsilon fraternity have been selected to receive the first full-tuition scholarships granted by the new ROTC Towall program.

Michael McKee and Ronald Te-wall were named as principal recipients of the two scholarships. Bruce Fried and Austin Mason were selected as alternates if McKee or Te-wall are not able to accept the scholarships.

The cadets were selected by a five-man scholarship board. Serving on the selection board were Lt. Col. Keith Angwin, professor of military science; Andrew Cogswell, dean of students; Major Hardy R. Stone, associate professor of military science; Robert T. Turner, professor of history and Cadet Colonel Dan Schwanks, commander of the cadet brigade. This is one of the few scholarships boards allowing a student to have a vote while granting of scholarships.

The scholarships pay tuition, books, laboratory fees and include a \$50 per month retainer fee. This fee is paid throughout the summer months, except during the summer camp when cadets receive \$120 per month.

Wagner Claims Teach-Ins One-Sided

To the Kaimin:
It has been suggested that this University continues the trend of holding all night teach-ins. There are a couple of points which should be made known to the student body, the faculty and the Council before they decide this issue.

road to Jeffersonian Democracy. This is a knowledgeable speaker? These teach-ins have continually advertised informed speakers; but has a U.S. military veteran of Viet Nam ever been asked to speak at them?

We can not follow the precedent of these teach-ins as they were conceived at Michigan. The humanist and moral issues in Viet Nam deserve a good deal of thought, but let's not go overboard on these issues alone. What about the strategic importance of South Viet Nam? Is the violation of South Viet Nam's neutrality by a foreign military power to be overlooked? These questions have some relevance to the issue and therefore merit some consideration at these teach-ins. However, they are seldom mentioned.

I suggest that the Council take a long, hard and level-headed look at this issue. Will we really be receiving "constructive and educational" information or will be fed mush and led along the road of pro-communism?

YAF 'Will Not Miss' Wm. Lucey, According to Vice President Pierson

To the Kaimin:
Well, I am certain that the University's students and faculty were profoundly impressed with the distinguished and learned comments of Mr. William P. Lucey which appeared in Thursday's Kaimin. Indeed, it is a rare occasion when the rest of us uncultured slob are treated to the kind of academic and authentic historical investigation for which Mr. Lucey is so noted.

Make no mistake about it YAF is guilty of setting up a series of promises and of distorting history in order to prove their validity when we assert that Americans must return to the principles of the federal Constitution upon which this republic was built in order to survive as a free people. On the other hand, Mr. Lucey is engaging in "objective historical investigation" when he advocates "benevolent paternalism" for the Negroes based on his "a priori" notion that the Negro is basically inferior to the white man.

It is a sad state of affairs, indeed, when a university graduate

in history (or in any liberal-arts field) displays the utter contempt for his fellow man that Mr. Lucey has demonstrated toward the Negro.

As vice-president of the MSU YAF, let me assure Mr. Lucey and the University community that YAF has no place in its ranks for the segregationist and the bigot.

Let those who wish to criticize the YAF on a rational basis do so, but let's not have the pot calling the kettle black.

The YAF will not miss you and your kind, Mr. Lucey.

Letters must be within the limits of libel and obscenity and should amount to more than a series of name calling. The editor reserves the right to edit or reject any letter.

To the Kaimin:
"Nineteen members of the faculty will not return."
"Eight . . . resigned citing salaries . . ." And who knows how many have left, will leave, or simply will not come here for the same reason?

Yes, indeed, if there's one thing this school really needs it's a new \$2.8 million student union building to help us to Light and Truth.

Lucey Challenged 'To Present Facts'

To the Kaimin:
Seven weeks ago William P. Lucey joined the YAF "with the ostensible purpose of determining its precise nature."

He failed miserably. Conservatism is a many-faceted philosophy covering every aspect of human behavior. We would like to ask Mr. Lucey how he accomplished the seemingly impossible task of understanding the entire philosophy we advocate by attending four meetings, one lecture and one state convention. It appears to us that Mr. Lucey has failed in his task. He has oversimplified and obviously misunderstood our position. It is true, for example, that we believe that there are two prominent political types in America — Conservative and Liberal. However, we are not naive enough to assume that there are no shades of difference between the two trends. All not black and white, as Mr. Lucey purports.

Furthermore, YAF has never stated that "returning to the precepts of the Federal Constitution" will halt the trend toward socialism which we know could be implanted in the United States by entirely constitutional means. Our method of trying to halt socialism has been one of educating people in the Conservative philosophy, which advocates and defends individual rights and responsibilities.

We challenge Mr. Lucey to present facts to support his undemonstrated generalities. We hope his facts are more valid and enlightening than his conclusions to date concerning the YAF.

To the Kaimin:

My letter on birth control, recently criticized by Carolyn Johnson and Nancy Pierce, obviously misrepresented my views. Dear dissenters, you have missed my point, which was that the only real solution to the population problem lies in increased efforts in the exploration of space.

I'm not against birth control. I'm all for teaching people about it and encouraging voluntary birth control. But I don't believe it is the solution to the population problem. This would require enforced birth control, which I am opposed to on human and moral grounds.

Carolyn and Nancy, please refer to the May Reader's Digest, page 105, paragraph 4 (Re: Latin-America-India) for an indication of World unrest which would surely follow any large program of enforced birth control.

Your question me: "Is it right to have children if one cannot adequately provide for them?" I can not answer yes or no. I can only answer: "Children must be had, and children must be adequately provided for." But of course, with your narrowly rationalistic viewpoints, you will not be able to see any sense in this answer.

I agree with you that there are too many people per unit of living space. Our difference is that you would decrease the people while I would increase the space.

BYU Walks Away With Annual Rodeo As MSU Finishes Sixth

Brigham Young University cowboys competed to 63 1/2 points on their way to wrapping up the seventh annual MSU Intercollegiate rodeo last weekend.

Montana State College women had little trouble capturing first place in their division as they piled up 350 points.

Following MSC were Utah state, 110, MSU, 70, and Northern Montana College, 40.

Harold White of BYU took all-around cowboy honors, while Jarol O'Rourke won the title of all-around cowgirl.

Jill Webster, freshman history major, was crowned queen of the rodeo affair Friday night.

In Kalispell Scrimmage

Red Squad Victorious, 26-21

The Reds made the Whites blue as they held off a fourth quarter surge to win the Grizzly intrasquad scrimmage played in Kalispell Friday night. The score was 26-21.

Merle Adams, senior fullback from Livingston, opened up what appeared might be a runaway for the Reds with a 94-yard sprint to paydirt in the first quarter.

Wayne Becker, 270-pound tackle from Chula Vista, Calif., converted for the Reds, giving them a 7-0 lead at the end of the period.

The Reds struck again in the second quarter on a 50-yard pass from sophomore quarterback Jim Searles to sophomore end Greg Hanson. Becker's kick for the conversion was wide to the left.

The half ended with the score 13-0.

A Red fumble on the 20-yard line in the third period set up the first White score of the evening. Greg Slusser, junior fullback from Missoula, plowed across from the four-yard line for the six-pointer.

Larry Petty, Great Falls senior, ran the two-point conversion, making the score 13-8 in favor of the Reds.

The Reds countered in the same quarter on two quick TD's by sophomore tailback Gary Smith of Pittsburgh, Pa. The 163-pounder scampered in from 17 and 14 yards out, with Becker making the first conversion and missing the second.

With the score 26-8 going into the fourth quarter, the Whites were not about to give up.

Sophomore fullback Don Molloy

of Malta pushed over from the four-yard line and Slusser converted to make it 26-15.

The final tally for the Whites came when junior tailback Van Funt of Los Angeles scored from the two. An attempted two-point conversion was stopped.

SALES TAX MAY BE ADDED
BILLINGS (AP) — Republican Gov. Tim Babcock said Monday the state may be forced to adopt a general sales tax in 1967 because of what he called deficit spending by the legislature this year.

Parks anywhere

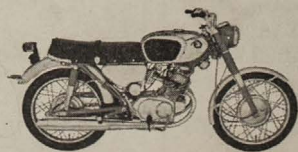

You can stand on your head to park on most campuses. And all you need to park with is a headcase. But not if you ride a Honda.

It needs only as much elbow room as you with an armload of books. So you can squeeze in a little closer to that 8 o'clock class than your 4-wheel competition.

A Honda helps keep your solvent as well as sane. Prices start about \$215*. You'll get up to 200 mpg, depending on the model. And practically never need service. The star performer above is the CB-160. Just one of the 15 Honda models. With its 4-stroke, twin cylinder engine and 16.5 HP, this showoff does better than 80 mph. Look into a Honda soon. No more headaches.

See the Honda representative on your campus or write: American Honda Motor Co., Inc., Department C3, 100 West Alondra Blvd., Gardena, California 90247.
