Overview:

This course is a continuation from MART 416. Students will continue to develop their group projects. There will be a strong focus on group work, presentations, collaboration and sharing of ideas.

Course Goals:

- Completed project submitted to the Media Arts Expo
- Group website with artist profiles
- 3 Presentations
- Trailer video
- Title sequence
- Sound design

Course Schedule:

This course is part two of a two semester long project. We will be carving out individual assignment schedules based on each group's needs and goals.

Websites:

Each group will be responsible for creating and maintaining a website to feature their work. Branding, artist profiles, all work in progress, trailers, and eventually finished work will go on your website.

Student Email:

All distance communication with your instructor must be made through your University of Montana email account. Please allow up to 24 hours for a response when emailing your instructor, Monday through Friday.

Grading Policy:

Each project will be graded on the application of technique and conceptual principles to the creative work, the organization of the production process, participation, technical proficiency with the various software applications, their aesthetic application, problem solving, project presentation and the ability to meet deadlines.

Attendance & Participation

Good attendance and punctuality are expected for this course and will strongly affect your grade. This class only meets once a week, so only two (2) unexcused absences will be allowed. Every unexcused absence beyond this will lower your grade by a letter grade.

Grading Percentage Breakdown:
