★ History of Rock & Roll • MUSI 132L.01 • Fall 2017 Syllabus ★

Univ. of Montana, School of Music • 3 Credits • Meets T, R 12:30-1:50 • Music Recital Hall • Moodle Supplement Required
This course satisfies your Prospective 2, Literary and Artistic Studies General Education requirement.

→ your instructor • prerequisites • materials

INSTRUCTOR • Jeff Brandt, “The Unprofessor,” Musician, Author, Feminist, Environmentalist...

CLOSET/OFFICE • Music Building 219 • 243-6880 • **Office hours by appointment only**

CONTACT • jeff.brandt@umontana.edu I won't reply to your message unless you sign first/last name AND class/section in *each message!* I will reply to each message that contains the previously stated info (unless it is a “thank you.”) The other reason I won't reply to a message is if I'm dead.

➤ **Students Must Sign First/Last Name And Class/Section In Each Email!**

PREREQUISITES or in-depth knowledge of music are NOT required for this course. You can literally have just crawled out of a cave, stumble onto the UM campus, register, and take this course and do just fine. Humor, or a sense of humor, *is* required. You *need* to be able to laugh at the fact that some rock stars became important by happenstance, or about trivial facts, like this one: KISS first considered naming themselves FUCK.

MATERIALS required: *THINK Rock – Custom Edition for University of Montana* (Pearson, 2015), notebook, and writing utensils. NOTE: you *may* use the *THINK Rock*, standard “National Edition” (Pearson, 2011), however this version does not contain my PowerPoint slides. In addition, check out www.thethinkspot.com.

➤ **No Prerequisites To Take This Course • Students Must Purchase A Text**

→ our goal • listening

OUR GOAL is to take the student through the history of rock and roll from its roots to its present form. In doing this, significant artists, trends, and styles within rock and roll will be identified and investigated. Class time will be spent on lectures, listening, videos, quizzes and exams. However, the *real reason* we are here is to learn. This is supposed to be the most important aspect of *any* course. Unfortunately, many professors have forgotten this in a push to get through required material within a designated timeframe. ☹ I promise, however, to do my best to keep learning in mind while making this course as enjoyable and action-packed as possible.

➤ **Learning Should Be The Most Important Aspect Of Any Course**

LISTENING to music via YouTube—or any of several other options via the Internet—is how students often access the songs featured in this course. To do this, simply go to YouTube.com, enter the song title, the name of the *performer* of the song (not the composer), and select the appropriate link. Note that exams require students to know information *about* the song as discussed in class, not how the song “sounds.” Therefore, if you attend class, pay attention, and take careful notes, you will undoubtedly be able to correctly answer exam questions about the music covered in class.

➤ **Listen To The Songs From Our Lectures Via YouTube**

→ important! • quizzes/exams

FIRST, take each quiz or exam in one session! Do not “save” your quizzes or exams and try to return later to finish them. Saving an exam will often end your session on Moodle, which will cause you to lose your one and only attempt! **SECOND**, if you are a parent arrange for a sitter! Too often I have seen “I didn't know that he was going to act up” take a negative toll on some parent's grade.

EXAMS are ~60 questions in length, and include multiple-choice and true/false questions. The Midterm covers material from chapters 1-8, and is to be taken outside of class on Moodle. You are *expected* to use notes on the Midterm, and encouraged to take the exam with another student. However, each exam will differ slightly as questions are pulled from a random question bank. If you miss the Midterm it will not be rescheduled and you will lose the points. The Final Exam covers material from chapters 9-16, is to be taken in class and entered on a Scantron form. Students *may* be allowed to use *some* notes on the Final. **Miss The Final = Fail The Class!**

➤ **Any Student Who Misses The Final Exam Will Fail This Course!**

→ assignments • due dates

ASSIGNMENTS are optional in this class, and are each worth 25 “bonus points” (extra credit). (“*Hooooooray!*” right?) Completing each of the following assignments will help you prepare for exams, and will very *likely* improve your final grade in this course: (1) **Questions 4 the Midterm** (“Q4M” • Ch. 1-8); (2) **Questions 4 the Final** (“Q4F” • Ch. 9-16). Details for completing these are located under the Assignments folder on Moodle. Students who submit complete, hand-written work will receive full credit. **These assignments are the only extra-credit option in this class.**

➤ **Assignments Are Located Under The ‘Assignments’ Folder On Moodle**

DUE DATES are important, as late work will not be accepted in this course. Make sure to write down the important dates from the *Calendar* at the end of this document.

➤ **Late Work Will Not Be Accepted In This Course**

→ attendance • cheating

ATTENDANCE, especially on Focused Listening Days (FLDs), will serve to improve your grade in this course. Note that 40 points of your grade is based on attendance on FLDs, which are clearly marked on the calendar. Attend all FLDs and you will be granted the points that you rightfully deserve. **Missed FLDs, however, cannot be made up under any circumstances.** (Reread the previous statement so that it is *hella-clear*.) Any emails sent to my account re: “Can I make up the FLD?” will be deleted.

➤ **Please Attend Class Every Day... FLDs Cannot Be Made Up, Period!**

CHEATERS SUCK is how one might plainly state the obvious. It should be noted that students who cheat in essence cheat themselves – if not now, later on. The official word on academic misconduct is as follows:

Academic Misconduct and the Student Conduct Code

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at http://www.umt.edu/vpsa/policies/student_conduct.php

➤ **People Who Cheat Simply Suck. Got It?**

→ grading • credit/no credit

In its effort to enhance diversity, The University of Montana recognizes that particular focused effort must be placed on including members of groups who have historically been subject to discrimination and are still underrepresented in the campus community.
