Welcome to Introduction to Theatre Design. This class will introduce the theatre and non-theatre student to the basic elements of theatre design and drawing for theatre. By the end of the semester the student should be able to demonstrate:

- 1: The ability to understand a text and its characters and to create and draw visual images for the stage from it.
- 2: The ability to communicate his/hers vision of a play to other members of a creative team.
- 3: The ability to sketch basic design ideas.
- 4: The ability to speak with other theatre people using the right terminology.
- 5: Ultimately to gain a deeper appreciation and understanding of all performing arts and of how a creative team of designer can contribute to the success of a performance.

## **Class format:**

This is an online class and you are required to use UM Online Moodle Website. You are highly encouraged not to enroll, or to drop immediately, if you do not have computer experience, or if you are not willing or prepared to assume the added responsibility of a computer-based course. This course is formatted to include reading/watching texts, links, videos, critiquing performance and written work, recalling learned information, and participating in group web-based discussions.

**It is your responsibility to use Moodle the same way you will use a course package or textbook.** This class is divided in 3 instructional modules, Costume Design, Scene Design and Lighting Design, followed by 2 homework modules Critique Papers and Quiz. The 3 instructional modules are in order with the timeline of the class, to find what you should be reading or working on each week, first look at the date in this syllabus and then you will be able to figure out which module you should look at. Please **DO NOT SKIP AHEAD** but completed each lesson IN THE ORDER they are placed on Moodle. Also keep in mind that to facilitate yours and mine organization the class and syllabus have been developed following a Tuesday/Thursday class.

In addition to regular homework, for this class you must also see and critique design elements in live theatre. You will write 2 critique papers from a choice of 3 different shows. You are responsible for getting show tickets in advance. These shows sometimes sell out so get your tickets BEFORE the show opens. Everyone in the course must see the SAME production(s), which are assigned. **If you do not live in the area** you will have to make arrangements with me **in advance**. To get your tickets just show up at the UM box office <http://tickets.umtheatredance.org/> with your Grizcard (**Tue-Fri noon to 6 and 1 hour before the show opens**) Please remember to tell the box office which class you are enrolled in since tickets are included in your course fee.

## **Your Safety Net:**

ALLOW 24 hours "buffer time" for your assignments. Technical problems are not acceptable excuses for late work. Save each assignment as a separate word document or pdf. If you're having problems, email the assignment to me IN THE BODY of an email AND as an attached pdf file. Please be aware that if I cannot open your files I will ask you to submit them again as a pdf, if you fail to do so, the assignment will be marked as a zero.

## **Attendance and Participation:**

Remember that this online course is equivalent to an in-person course that meets for a 2 hours and 40 minutes a week for 14 weeks--that's 40 hours of instruction time, not including homework! Your attendance and participation is measured by your online activity. Your participation in discussions

reflects your academic sincerity.

I can track your online usage, and see which page/s you have been viewing. If you have a period of no activity, it is exactly like an absence in a face-to-face classroom. Pace yourself and set up time at least once a week to visit the online classroom and work on your modules. All assignments need to be submitted to the Forums by the deadline, for example Assignment 1 is due on Feb 7 by 9am. After 9am you will have **48 hours** to submit at least 3 comments on each other's homework on the forum. You will get points for doing so. Not all assignments will require you to write comments. Please always check on the submission page for project requirements, deadlines ect...

### **Class Policies:**

1. I'm requesting that you assist me in maintaining the best space possible for interaction and learning. Disruptions to this positive and safe atmosphere will not be tolerated. Common sense and common courtesy will enable you to participate fully in this class and for the class as a whole to move forward.
2. Your classmates and your teachers cannot read your mind. It is your right and responsibility to share your ideas, questions and needs with your colleagues even in an online classroom setting.
3. Any work not turned in will be assigned zero points rather than an F grade. THERE IS NO EXTRA CREDIT WORK FOR THIS CLASS and NO LATE WORK, PLEASE DON'T ASK.
4. If the server is down, then assignments should be E-mailed. E-mail me from your UM account, and **INCLUDE YOUR NAME AND "THTR 102 ONLINE" IN THE SUBJECT LINE of every E-mail you send me.** I filter my e-mails and if you don't use this header you will not be on my priority list.  
DO NOT try to complete all of the assignments at the last minute. You'll simply not make it, especially if there is a technical problem.

The University of Montana assures equal access to instruction through collaboration between students with disabilities, instructors, and Disability Services for Students (DSS). If you think you may have a disability adversely affecting your academic performance, and you have not already registered with DSS, please contact DSS in Lommasson 154. I will work with you and DSS to provide an appropriate accommodation.

### **Academic Misconduct and the Student Conduct Code**

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code.

The Code is available for review online at [http://life.umt.edu/vpsa/student\\_conduct.php](http://life.umt.edu/vpsa/student_conduct.php).

All Theatre & Dance students must have an in-depth knowledge of the practices and procedures outlined in the School of Theatre & Dance *Student Handbook*. The *Handbook* is available online

at <http://www.umt.edu/umarts/theatredance/About/handbook.php>.

There is inherent risk involved in many Theatre & Dance classes as they are very physical in nature. Please proceed through class, shop time, or rehearsal with caution. Always be mindful of your personal safety and the safety of others.

Students participating in class/shop/rehearsal/performance do so at their own risk. Due to safety considerations, at **no** point during a student's time spent in class or serving on a production (in any capacity) should non-enrolled persons be guests of that student **without my consent**. Presence of such unauthorized persons in a class, shop, or any backstage/off-stage area will negatively affect a student's grade.

### **All required reading materials are available online:**

Play 1 "The Shape of Things" by Neil LaBute

Play 2 "Present Laughter" by Noel Coward

## Grading:

Here is what I will look for when grading, in order of priority:

- 1) Did you complete the entire assignment?
- 2) Did your work show signs of improvement from start to finish?
- 3) Did you follow instructions as well as you could?
- 4) How "good" is your work compared to: your other work in class, others' work in this class

You will earn points rather than letter grades for your projects. At the end of the semester points will be translated into letters following the university guidelines. Numerical and letter grades may be viewed Online at any time by clicking on "My Grades" (to the left on the main course page). You will start the course with a "0" and build points as you go along. Each online lesson contains a short assessment (between 1 and 5 questions) and is worth between 2 and 5 points. There is no deadline to answer these questions but make sure you do them all by **May 11**, and it will be smart to complete them immediately after reading/ watching the lesson.

ALL HOMEWORK ASSIGNMENT, TEST AND CRITIQUE PAPERS ARE **DUE BY 11:59 pm** ON THE DATE SPECIFIED BELOW unless otherwise noted.
