\$47,422 GRANT
AWARDED TO UM
FOR MATH PROGRAM

MISSOULA--

Three members of Montana's congressional delegation have been advised of the approval of a \$47,422 grant to the University of Montana for the Summer Institute for Teachers of Mathematics in Developing Colleges.

Senate Majority Leader Mike Mansfield, Sen. Lee Metcalf and Rep. Arnold Olsen received word of the approval in Washington, D.C.

In a telegram to University of Montana President Robert T. Pantzer, Sen. Mansfield said the institute from June 22-Aug. 14 will be "designed to meet critical shortages of higher education personnel and to improve qualifications of college and university teacher and other personnel."

Sen. Mansfield said the program is one of 88 institutes funded under Title 5 of the Higher Education Act.

The program will be under the direction of Dr. Howard E. Reinhardt, chairman of the UM mathematics department.

Deadline for applying for the summer institute at the University is April 25. Applications may be obtained from Dr. Reinhardt.
