Phone: 243-7863

Office: 305

Office Hours: Tuesdays 1300-1500 &

Thursdays 1200-1400, and by appointment

Course Description

In this course, the student applies holistic concepts to the professional nursing care of children and their families in health, illness, end-of-life and palliative care. Emphasis is placed on incorporating growth and developmental principles to facilitate positive health outcomes through health promotion, nutrition and disease prevention.

Expected Student Course Outcomes and Objectives

Upon completion of this course, the student will be expected to:

- Promote an environment conducive to **Human Flourishing**, characterized by building a relationship with the patient in an effort to maintain human dignity, self-determination and growth, while meeting the healthcare needs of patient characterized by the student being able to:
 - Demonstrate knowledge of normal growth and development, health promotion including nutrition, illness/injury prevention and treatment, and the impact of physiological alterations in providing family-centered pediatric nursing care.
- Understand rationale for **Nursing Judgments** used in planning and providing safe and effective patient care characterized by the student being able to:
 - Apply nursing process, evidence-based practices and critical thinking techniques to develop the patient's plan of care.
 - Identify effective clinical approaches to developmentally appropriate pediatric care.
 - Identify effective clinical approaches of developmentally appropriate nursing care of the pediatric patient and family experiencing health alterations.
- Demonstrate **Professional Identity** characterized by assessing personal behavior strengths and values affecting one's identity as a nurse while being responsible for personal actions, performance, and contributions as a member of the health care team, characterized by the student being

Academic Conduct

All Students must practice academic honesty. Academic misconduct, including plagiarism, cheating, and classroom misconduct is subject to an academic penalty by the course instructor(s) and /or a disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. It is available for review online on the University website.

able to:

- Practice according to current ethical and legal standards of professional nursing with a focus on excellence, safety, and quality care, which includes health promotion and prevention education.
- In ***Spirit of Inquiry***, function as a member of multidisciplinary health care team demonstrating the ability to evaluate self and work ethically with others in a diverse population, characterized by the student being able to:
 - Function effectively within nursing and inter-professional teams, fostering open communication, mutual respect, and shared decision making to achieve quality patient care.

Course Policies and Course Evaluation

1. Policies related to attendance, tardiness, class participation, missed examinations or assignments, academic dishonesty, grading, Grade Appeal Procedure, and support services are included in the Nursing Student Handbook. It is the responsibility of each individual student to read and be familiar with the student handbook. You will be required to acknowledge that you have read and understand the student handbook.

2. Course requirements listed must be completed in order to pass the course. **A student must have a grade of at least 80% in order to receive a passing grade and continue in the nursing program.**

3. Regular attendance is expected at each class as part of professional behavior. In the event of a student being unable to attend class, prior notification to the faculty is appreciated and requested. Repeated absences from class will affect the student's professionalism grade.

4. Tests/quizzes are to be taken at the times they are scheduled. In the event a test must be missed, **prior notification to faculty member is required.** *Any quiz/exam missed without prior notification of the instructor will be graded as a "zero". No makeup exam/quiz will be allowed in this instance.* Arrangements will need to be made for testing with faculty member or testing center and will be allowed at the discretion of the instructor. Exams will be held in class or on Moodle at specified times listed in course outline. Unless specifically announced by the instructor, unit test, quizzes or exams are **NOT** open book or open note tests. Moodle quizzes/exams will be open for 24 hours.

5. Paperwork Due Dates: Late assignments will only be accepted if the student notifies the instructor **before** the due date- at the discretion of the instructor. An assignment that is more than 24 hours late, regardless of prior notification, will have a minimum 10% reduction to the final grade for that assignment.

6. All email correspondence must be made through an official university email account. No private emails will be responded to.

7. File naming protocol: When submitting files online (i.e. assignments) use the following protocol: *last name* followed by underscore followed by the *week* followed by *short title of document*. For example: Sillars_W2_assignment#1

8. ATI Instructions:

- Practice Assessment: Nursing Care of Children
 - Full credit if completed by due date
- Proctored Assessment: Nursing Care of Children will be given at the end of the semester to assess learning.
 - Grade is based on level earned
 - Level 3 = 10 points
 - Level 2 = 9 points
 - Level 1 = 7 points
 - <Level 1 = 5 points

9. Note: Instructor reserves the right to modify syllabi and assignments as needed based on faculty, student, and/or environmental circumstances.

Recording of Classes:

Lecture recording is not allowed without prior consent of the instructor. Recorded lectures are not allowed to be re-broadcast in any way and any material discussed, in face to face classes or in on-line discussion groups, is considered **confidential**. If a student breaks this policy, it will be considered academic misconduct. It is an expectation that students will not share case studies/recorded case studies or recorded lectures with other classes as this is considered cheating and deprives the incoming class of valuable learning experience.

Students with Disabilities:

Eligible students with disabilities will receive appropriate accommodations in this course when requested in a timely way. Please speak with me after class or in my office. Please be prepared to provide a letter from your DSS Coordinator and to make appropriate testing arrangements. The University of Montana assures equal access to instruction through collaboration between students with disabilities, instructors, and Disability Services for Students (DSS). "Reasonable" means the University permits no fundamental alterations of academic standards or retroactive modifications. For more information, please consult <http://www.umt.edu/disability> or call 406-243-2243 (voice/text).

QSEN:

QSEN (Quality and Safety Education for Nurses) is integrated throughout the curriculum. The six QSEN competencies are: safety, patient-centered care, teamwork & collaboration, evidenced-based practice, quality improvement, and informatics. There are a total of 162 KSAs (knowledge, skills and attitudes) associated with these six competencies that will be introduced throughout the curriculum. There will be QSEN classroom, clinical and/or simulation assignments that will be address these competencies throughout the semester.

Methods of instruction:

Online instruction: ATI learning series & testing
Case studies
Text and Selected reference readings
Lecture and class discussion

Method of Evaluation of Student Learning:

Unit quizzes and exams
ATI learning assessments
Case Study discussion
QSEN assignments
Professionalism/participation

Breakdown of Grade

Pre-lecture Quizzes = 10%
Exams (4) = 50%
Assignments = 30%
Reflection Paper = 5%
Participation/Professionalism = 5%

Grading Scale

90-100% = A
80-89% =B
70-79% =C
60-69% =D
Below 60% =F

NOTE: In order to successfully complete this course and proceed in the RN program a student must earn a minimum of 80% AND a passing grade in the clinical component of the course NRSG 247.
