The learning goal of this lecture course is student understanding of the major structural and legal features of American government. These characteristics, as covered in the lectures and listed on the review sheet, provide the basis of the examinations. The three examinations will use objective (not essay) questions. The dates of the first two examinations are June 5 and June 18. The final examination will cover material from the second examination to the end of the course and is scheduled for June 27. The two midterm examinations will count 33 points each and the final examination will count 34 points. However, a total of 110 points can be earned in the course (10 extra credit points). The course grades will be determined as follows: A = 94-100; A- = 90-93; B+ = 87-89; B = 83-86; B- = 80-82; C+ = 77-79; C = 73-76; C- = 70-72; D+ = 67-69; D = 63-66; D- = 60-62; F = 59 and lower. For the credit/no credit grading option, a grade of D- and above will count as “credit.” Make-up and early examinations must be prearranged with Professor Lopach.
