Model United Nations

Course Description and Objectives

Model United Nations is a technique for developing your skills in research, writing, public speaking, negotiation, and conflict resolution. It is also a way to learn more about international issues, international diplomacy, and international politics. Model UN experiences can be small (at the classroom level), medium size (a local conference), or large (an international conference). This class is a gateway to all three types of experience.

In the class, each student will “represent” one of the approximately 200 countries in the world in simulations of UN committees such as the General Assembly and Security Council. You will learn about these committees, research your country’s position on the issues before the committees, and draft, debate, negotiate, and vote on resolutions to address those issues. We will discuss a range of issues, from security and economic challenges to environmental problems and human rights. By the end of the semester, you will have a deep understanding of the country you represent, as well as a broad understanding of international issues, the UN, and international negotiation.

Each student will also serve as a staff member on one of the five committees we will simulate, both in class and at UM’s Montana Model UN (MMUN) High School Conference. The conference will be held at the UC on the Monday and Tuesday before Thanksgiving. Approximately 400 high school students from about 20 Montana and Idaho high schools attend this conference each year. Your participation in this class makes their experience possible. At the end of the two-day conference, we honor the top high school students and award “Top Senior” scholarships to help students attend UM.

At the end of the semester, a team of students from the class will be selected to represent UM at an international collegiate Model UN conference in the spring. Usually we send a team of 12 students to the National Model UN (NMUN) conference in NY, where 5,000 students from all over the world converge for a week to debate world issues and hold meetings at the actual UN. Students who are selected to attend the conference generally have all but \$400-450 of their expenses covered by UM. (Each student contributes \$50-100 towards airfare, lodging, and conference registration and needs to raise an additional \$350 for meals, local transportation, museum admissions, and other incidental expenses.) For many years, the MMUN team has come home from NMUN conferences with team, delegate, and position paper awards. By building your skills in this class, you make it likely that the MMUN Team will continue to win awards and that UM will continue to sponsor and fund the trip.

This course is required for participation in the Montana Model UN collegiate team and is excellent preparation for a career in public policy and international affairs.

Service Learning Designation

This is a service learning course. Service Learning is a method of teaching and learning in which students, faculty and community partners work together to enhance student learning by applying academic knowledge in a community-based setting. Student work addresses the needs of the community, as identified through collaboration with community or tribal partners, while meeting instructional objectives through faculty-structured service work and critical reflection meant to prepare students to be civically responsible members of the community. At its best, service learning enhances and deepens students’ understanding of an academic discipline by facilitating the integration of theory and practice, while providing them with experience that develops life skills and engages them in critical reflection about individual, institutional, and social ethics.

Prerequisites

This course is open to sophomores, juniors, and seniors, as well as freshmen who participated in a Model UN conference in high school and/or are enrolled in the honors college.

The Many Sections of This Course

Students new to this course should enroll in PSCI 337. Students who took this course last year and who have been selected to serve as chairs and other leaders of this year's MMUN conference must enroll in the separate Model UN Leadership course (PSCI 492-02). These courses meet simultaneously but have different assignments. This syllabus contains the schedule, assignments, and other information for both the regular and the leadership versions of the course.

Executive Committee

MMUN leadership positions are as follows. Collectively, this group is known as the Executive Committee (Ex Comm). The Ex Comm will meet briefly at the end of each class to coordinate conference arrangements.

- Secretary-General/Internal (SG-I)
Madeline Bermes
- Assistant Secretary-General/Internal (ASG-I)
Nicholas Potratz
- Home Government Coordinator (HGC)

Course Communications

Throughout the course, I will communicate with you by email and by posting announcements and course materials on the UMOonline (Moodle) website. To ensure that you receive my emails, please check your UM email regularly or have it forwarded to an account you check often.

Required Texts

The following texts are required. The books can be purchased at the ASUM Bookstore.

PSCI 337

- Karen A. Mingst and Margaret P. Karns, *The United Nations in the 21st Century*, 4th edition (Boulder: Westview, 2011).
- William Strunk, Jr., and E.B. White, *The Elements of Style*, 4th edition (New York: Longman, 1999). It is OK to substitute the 3rd edition.
- Articles available online, denoted by a plus sign (+).
- *New York Times* (Monday-Friday), <http://www.nytimes.com/>
You can either subscribe for 99 cents for the first 4 weeks and \$7.50 per week thereafter (college rate) or read it for free on the Mansfield Library website.
- UN News Centre (Monday-Friday), <http://www.un.org/news/>

PSCI 492 -- All of the above, plus:

- Paul M. Kennedy, *The Parliament of Man: The Past, Present, and Future of the United Nations* (New York: Vintage 2006).

Keeping Up With Current Events

You are required to keep up with current events related to international politics and the United Nations by reading the *New York Times* and UN News Centre on a daily (Monday - Friday) basis. There are many other excellent sources of international news:

- National daily newspapers such as the *Washington Post*, *Los Angeles Times*, and *Wall Street Journal*.
- International papers such as the *London Times*, *Guardian*, *Financial Times*, and *Le Monde*.
- Wordpress.org, <http://www.worldpress.org>
- National and international magazines such as *The Economist*, *Time*, and *US News and World Report*.
- National Public Radio programs such as "Morning Edition," "BBC World Service," and "All Things Considered" on KUFM 89.1 (for schedule, go to <http://www.mtpr.net>).
- National and international television news programs. On PBS, these include "The News Hour," "BBC World,"

“Charlie Rose,” and “Frontline,” which are available on both KUFM Channel 11 (<http://www.montanapbs.org>) and KSPS Channel 32 (<http://ksps.org/>). ABC, CBS, NBC, and CNN news, as well as ABC’s “Nightline,” can also be helpful.

Whenever possible I encourage you to consult these and other additional sources. Please note, however, that they will not substitute for daily reading of the *New York Times* and UN News Centre, upon which quizzes will be based.

Course Requirements and Grading

You are expected to complete all of the assigned reading, including the previous week’s *New York Times* and UN News Centre before each class.

You must attend class regularly and participate in the discussions, simulations, and conference preparations, as well as the conference itself. Class attendance, participation, in-class assignments, and quizzes count towards 20% of your grade.

Conference attendance and participation are worth 20%. You must attend all or most of the conference proceedings on Monday, November 19 (7:45 am to 9 pm) and Tuesday, November 20 (8:30 am to 5 pm). I will provide an excuse note to give to your professors.

The remaining 60% of your grade in the class will be based on your papers and other projects. The number and length of assignments and their due dates depends on your role in the class.

To summarize, your grade in the course will be determined as follows:

20%	Class attendance, participation, in-class assignments, and quizzes
20	MMUN Conference participation
60	Papers and other projects

The plus/minus grading system will be used. Grades may be curved. The following distribution is the lowest I will use (*i.e.*, if you earn 93% of all possible points you are assured of an A in the course):

93-100	A	83-86	B	73-76	C	63-66	D
90-92	A-	80-82	B-	70-72	C-	60-62	D-
87-89	B+	77-79	C+	67-69	D+	0-59	F

Drop Policy, Grading Options, and Incompletes

The 14th instructional day (September 14) is the last day to drop this class without my signature on an override form. If you wish to drop after September 14, you must provide documentation of an emergency or other serious situation that has made it impossible for you to complete the course. For UM’s policy on incompletes, see <http://www.umt.edu/catalog/acad/acadpolicy/default.html>

Graduate Students

Graduate students will have additional assignments. Please see me during the first week of the course.

Disabilities

Students with disabilities must apprise me of their needs by the end of the second week of the semester.

Make-Up Policy

Late papers and other work will be accepted only from students directly involved in documented emergencies. If you find yourself in the midst of an emergency, you must notify me as soon as possible (preferably in advance of the due date) that you will be unable to attend a scheduled quiz or submit a paper on time. To do so, call me or send me an email explaining the circumstances of your emergency and giving me a way to contact you. I reserve the right to deny any and all petitions for make-up work, and to administer makeup assignments substantially different from those of the regular exams and papers.

Note: Since I will accept make-up work only in the event of documented emergencies, if you miss an exam or fail to submit a paper for any other reason you will receive a 0 for the assignment. That will put you at risk of failing the course.

Academic Honesty

All students must practice academic honesty and should be familiar with UM’s Student Conduct Code. The Code is available at http://life.umt.edu/vpsa/student_conduct.php. Academic misconduct is subject to an academic penalty by the professor and/or a disciplinary sanction by the university.

Committees, Roles, and Topics

We will simulate five committees. Each committee will have at least 5 staff members, including a chair, a vice chair, a rapporteur, and two experts/runners. Collectively, the committee staff is known as the Dais. The main conference duties of each position are as follows. Each committee member also has various pre-conference duties outlined below in the assignment charts.

- CHAIR: The Chair is in charge of all committee proceedings. S/he will open and close all committee sessions, interpret and ensure the observance of the Rules of Procedure and Delegate Code of Conduct, determine whether points and motions are in order, accord the right to speak, keep track of speaking time, approve working papers and amendments, announce the results of votes, etc. During caucuses, the Chair will help the delegates find allies, draft working papers, and propose amendments.
- VICE CHAIR: The Vice Chair is responsible for assisting the Chair. S/he will take attendance, keep a written record of the committee proceedings, keep track of delegate participation for awards, help the chair approve working papers and amendments, count votes, etc. During caucuses, the Vice Chair will help the delegates find allies, draft working papers, and propose amendments.
- RAPPORTEUR: The Rapporteur is responsible for assisting the Chair and the Vice Chair. S/he will post the agenda, current motions, the speakers list, draft resolutions, and amendments. The Rapporteur will also help the chair approve working papers and amendments, count votes, etc. During caucuses, the Rapporteur will help the delegates find allies, draft working papers, and propose amendments.
- EXPERT/RUNNER: Whenever possible, each committee will have at least two expert-runners. This will enable the expert-runners to alternate their expert and runner duties. Expert duties include helping the chair approve working papers and amendments, making presentations during the crisis simulation, and helping delegates find allies, draft working papers, and propose amendments during caucuses. Runner duties include counting votes; typing, copying, and distributing draft resolutions; and delivering messages from the Chair to the Conference Staff, from delegates to the Committee Staff, from delegates to Home Government, and (at the discretion of the Chair) from one delegate to another.

A member of Ex Comm will sit on and actively assist each committee. The SG-I, Madeline Bermes, will assist and oversee all committees.

The topics, chairs, and Ex Comm members for each committee are as follows. The open chairs and all other committee positions will be assigned by application and interview in the second week of class:

<i>General Assembly Plenary</i>	<ol style="list-style-type: none"> 1. Biodiversity and Development 2. Nuclear Disarmament 3. Reviewing the Human Rights Council 	Allison Connell	Nicolas McCutcheon, HGC

To do so, (1) obtain the paperwork and override form from the PSCI secretary, (2) ask me to sign the forms, and (3) re-write your full position paper, resolution, and negotiating strategy to respond to the grading comments. The rewritten paper is due on the last day of class. Your grade for PSCI 400 will be the average of the first and final versions of the paper.

Course Outline and Schedule

Readings marked (+) are available to print or download from the internet and/or the UOnline (Moodle) website. All other readings are in the books (Mingst & Karns, or Strunk & White).

If the UOnline link to a newspaper or journal article is not functioning, go to the library website, <http://www.lib.umt.edu/>, click on "Journals," type in the name of the journal, select the electronic index that contains the issue in which the article appeared, and search for the article using the title and/or author's name.

Once you have accessed an online reading, print and/or download it so you can highlight and make notes on the text. To minimize the number of pages you have to print, click on "Properties" and "Finishing" on the printer command screen, then select "2 pages per page" and "manual duplex."
