10:10 - 11am

**CLASS:** MATH 152 Section 03 Fall 2000  
**When/Where:** MTWF ~~9:00~~ 9:50 am in room Math 109  
**Instructor:** Professor Libby Krussel  
**Office, Phone, e-mail:** MATH 007E, 243-4818, krussel@selway.umt.edu  
**Office Hours:** Mon, Wed 2-3pm; Tues, Fri 11am -12, & by appointment.

**PREREQUISITE:** Math 121 (Pre-calculus), or its equivalent.

**TEXT:** *Calculus: Brief Edition. 6<sup>th</sup> edition*, by Howard Anton. We will cover the topics found in chapters 1 through 7. A graphing calculator is required. I will use the TI-83 or 92 in the classroom.

**Your responsibilities in this class are:**

- to attend class regularly
- to read the text, before and after class
- to do your homework in a timely manner, and in a readable format
- to hand in your homework on time
- to ask questions about material that you do not understand
- to prepare well for tests

**My responsibilities in this class are:**

- to guide you in the learning of this new material
- to answer your questions
- to grade and return your homework in a timely manner
- to give tests that reflect your learning in the class
- to hold office hours where you may get help with problems

**Grading:**

3 one hour, in class tests @ 100 points each	200 (lowest grade dropped)
Homework	200
Quizzes	50
Comprehensive final	200
Gateway test – MUST PASS!	50
Projects, 2 @ 50 points each	100
Total	800 points total

The gateway test is VERY IMPORTANT! YOU MUST PASS THIS TEST to remain in the class. This test will be given at the end of the first week of class. It consists of background material (such as functions, algebra, trig and geometry) that is required as a prerequisite for the course. If you do not pass this test you will be asked to drop back to a pre-calculus class. Any score greater than 40 points (out of 50) constitutes a pass. One hour tests will be given approximately monthly, so you should expect the first one at the beginning of October, the second at the beginning of November and the third at the beginning of December. I will give you AT LEAST one week's notice of the EXACT date of the test. The final exam will be given on Friday, December 22<sup>nd</sup>, in MATH 109, from 10:10 am – 12:10 pm.

### Important dates to Remember

- Sept. 25: Last day to add/drop by Dial Bear. After this date, a W will appear on your transcript for a dropped class.
- October 16: Last day to drop/add with drop/add form. A WP or WF will appear on your transcript after this date. \$10 fee.
- November 22 - 24: Thanksgiving holiday.
- December 8: Last day to withdraw.
- December 22: Final exam, 10:10 am – 12:10 pm, in MATH 109.**
