FLOATING, CAMPING TECHNIQUES
COURSE BEGINS MONDAY

MISSOULA--

A special course in river floating and camping techniques, part of the Summer Session recreation program at the University of Montana, will meet in a classroom session Monday (July 13) from 2-4 p.m. in room 107 of the Women's Center.

The course will include four afternoons of classroom instruction followed by a three-day camping and floating trip in rubber rafts on the Blackfoot River.

Camping, outdoor cookery, fishing and floating techniques will be taught, then put into practice during the float trip. Instruction will focus on equipment, safety and survival.

Dr. Walter C. Schwank, UM Summer Session director, will conduct the course.

The float trip will begin at 12:30 p.m. Friday (July 17). Participants will meet in the parking lot north of the Field House. The class will end Sunday (July 19).

The program may be taken for either two credits or no academic credit.
