state + local

MISSOULA--

The board of directors of the Montana Easter Seal Society for crippled children and adults met in Billings recently to discuss adoption of the fiscal 1970-71 budget of \$182,000, according to Dr. Richard M. Boehmler, a University of Montana professor of speech pathology and audiology who is a board member.

"The society operates three centers in Billings, Great Falls and Butte, providing speech therapy, audiology and special education programs serving 500 children and adults," Dr. Boehmler said. "We will be expanding other services to local communities and will be recruiting local volunteers to help the Easter Seal Society provide additional services through regional field staff, in this way reaching more handicapped people in our state."

The society, governed by a 24-member volunteer board of directors, employs 17 professional, fund raising and clerical staff members.

The organization will meet again in Great Falls on Nov. 7.

Persons interested in information about Easter Seal programs should call Dr. Boehmler at 243-4131.
