REQUIRED TEXTS:
    Magee D: Orthopedic Physical Assessment
    O'Sullivan, Schmitz: Physical Rehabilitation: Assessment and Treatment

SUPPLEMENTARY READING: (in student resource room)
    Minor MA, Minor SD: Patient Care Skills
    Pierson FR: Principles and Techniques of Patient Care, Toronto. W.B. Saunders Co.

LAB CLOTHING: Every class has the potential to include lab time. Men wear shorts and tee shirts, women wear shorts and sports bras. You may wear sweats over your clothes to stay warm until lab begins. Change into lab clothes before class starts. Students who do not wear lab clothes during lab will have 1 point for each incidence taken off their grade on their unit test. The lab area must be cleaned at the end of class.

PRACTICALS: Practical exams are given over a period of days. The following guidelines have been established to ensure confidentiality of the exam material as well as fairness to all students.

1. Do not solicit any information from students who have taken the exam.
2. Do not discuss any part of the exam with classmates who have not taken the exam.
3. While practical exams are being given do not use the equipment that might be used during the exam.
   While practical exams are in session do not study, practice, or otherwise loiter in the exam area.

EVALUATION PROCEDURE:
90-100% = A   80-89% = B
70-79% = C   < 69% - Repeat test or practical

Lecture = 100 points (from written exam)   Lab – 50 points (practical exam)
All assignments are to be completed by the date under which they are listed.

Sept 6  Lecture & LAB Introduction, draping & positioning
1-3 PM
