UM SCHEDULES MEMORIAL CONVOCATION FOR UREY

A memorial convocation for Nobel Laureate Harold C. Urey, University of Montana alumnus who died Jan. 6 in La Jolla, Calif., is scheduled Tuesday, Jan. 21, at 3 p.m. in the UM Music Recital Hall.

Students, faculty, staff and other friends of the University are invited, according to UM President Richard C. Bowers.

Urey, who was awarded the Nobel Prize in chemistry in 1934 for his discovery of heavy hydrogen, received a bachelor's degree from the UM in 1917 and an honorary doctorate in 1935. At the time of his death he was professor emeritus of chemistry at the University of California at San Diego.

Bowers will open the convocation with introductions and a memorial to Urey. Others on the program will talk about Urey as a chemist, a cosmologist, a humanist and a person. The speakers are Richard J. Field of the UM chemistry department, Thomas E. Margrave of the UM physics and astronomy department, the Rev. William J. Kliber of the First United Methodist Church and Samuel Maclay, Bitterroot valley rancher.
