Requirements

Students are required to
(a) attend classes regularly. More than two unexplained absences will result in a zero for attendance and class participation. Explanations must be communicated to me in person and accepted by me. Acceptable explanations are illness (backed up by a medical certificate) and emergencies such as major sickness in the family or serious weather conditions.
(b) keep up with the assigned reading, bring the text to class, participate in class discussions, and complete weekly quizzes and other in-class assignments.
(c) write a paper (4-5 pages double-spaced typed). Topics for papers must be selected from those given by me.
(d) Hand in a one-page abstract of the paper in advance, and discuss it with me during office hours.

Grades:

The paper will be worth 25 percent, class attendance and participation 25 percent, and the quizzes and other in-class assignments 50 percent.
Quizzes will contain both multiple-choice type questions and short answer questions and are designed to test whether you have read the prescribed texts and remember the basic facts about the author and the text, as well as information communicated in lectures.

If you have any condition, such as a physical or learning disability, that will make it difficult for you to complete the work as I have outlined it, please notify me in the first week of class.
