The learning goal of this lecture course is student understanding of the major structural and legal features of American government. These characteristics, as covered in the lectures and listed on the review sheets, provide the basis of the examinations. The three examinations will use objective (not essay) questions. The dates of the first two examinations are Feb. 19 and April 5. The first two examinations will count 33 points each. The final examination, which is scheduled for May 13, 10:10 a.m., will count 34 points. Thus, a total of 100 points can be earned in the course. Course grades will be based on the following curve: A = top 8%; A- = next 7%; B+ = next 7%; B = next 7%; B- = next 6%; C+ = next 10%; C = next 10%; C- = next 10%; D+ = next 7%; D = next 7%; D- = next 6%; F = next 15%. For the credit/no-credit grading option, a grade of D- and above will count as “credit.” Make-ups for the first two examinations must be prearranged and taken within two class days of the scheduled time. Weekly review/discussion sessions will be conducted by the Teaching Assistant. Holidays are Feb. 15, Mar. 29 and 31, and April 2.
